PIK-AS Austria GmbH is an Austrian based, but international acting company, founded more than 40 years ago. The focus is on the production and delivery of electromechanical and electrical parts for special purpose vehicles. The company is still owner-managed and focused to establish and maintain long-term cooperation with our business partners. Several well-known OEMs worldwide count on our high-quality products and services, where we are very proud of. Hard work and trustworthiness are the basis for our success.

ELECTRICAL PRODUCTS for special vehicles

QUALITY & LOGISTICS

We are focused on providing high-quality products to our customers to ensure they are satisfied with their purchase. We take pride in our production and strive to create the best products possible. Our commitment to quality is evident in everything we do.

We believe that quality is the key to customer satisfaction and we work hard to maintain our high standards.

Logistic is one of the most important steps in our process. All packages are checked before they leave our warehouse to make sure they're in perfect condition. Our team is always in good spirits so that your desired shipment arrives with good vibes too!

PRODUCT LINE

OUR PRODUCT LINE INCLUDES:

- High Power Connectors VG96917 / STANAG 4047
- Intervehicle Power Supplies VG96923
- Harnesses with our own connector range VG96927
- High Power Contactors / Relays DC 50–1000A
- LED-interior lights for land vehicles
- Exterior lights for land vehicles

HARNESS PRODUCTION

Our team of highly skilled workers ensures that each product is made with precision and care. Our strict quality control measures ensure that only the best products reach our customers.

Our production, based in Unterschützen (Austria), obtained VG96927 certification, with the focus to process VG96917 and VG96923 products.
