WHAT WE DO

Delivering Quality Products, Healthy Livestock & Innovative Solutions for Aquarium Enthusiasts Worldwide.

BREEDING

- ✓ Specialized breeder of Neocaridina shrimp, guppy fish, and tetra fish
- ✓ Wide variety of freshwater ornamental fish and aquatic livestock
- ✓ Quality-focused breeding with over **25 years** of industry experience.

IMPORT & EXPORT

- ✓ Import aquatic livestock and products from China, Indonesia, and Thailand
- ✓ Export Malaysian aquatic livestock and products to Singapore, Vietnam, South Korea, China, Thailand, and Indonesia
- ✓ Expanding into the **European market** and international partnerships.

AQUATIC PLANTS

- ✓ Cultivation of **100+** varieties of organic aquatic plants
- ✓ Shrimp-safe and fish-safe aquatic plant production
- ✓ Supply for aquascaping and freshwater aquarium ecosystems.

BRAND PRODUCTS

- ✓ In-house Malaysian aquatic product brand
- ✓ Shrimp and guppy food products
- ✓ Driftwoods, bio media, aquarium sand, and coral products
- ✓ Supporting healthy and **sustainable** aquarium environments.

Global Market & Expansion

Existing Export Markets

- Exporting aquatic livestock and Malaysian-made aquatic products to Singapore, Thailand, Indonesia, Vietnam, South Korea, and China
- Strong regional trade network within the Asian aquatic industry
- Promoting Malaysian aquatic livestock and products to international markets

Expansion Plans to Europe

- Exploring new business opportunities and partnerships within the European aquatic market
- Expanding the international distribution of LAVA brand products
- Introducing Malaysian aquatic livestock, aquatic plants, and aquarium products to a wider global audience through Interzoo
- Strengthening Beebies' position as an international aquatic brand with global market presence

STOCK ARRIVAL

Imported aquatic livestock arriving safely from international suppliers. Carefully inspected and unloaded for quality assurance.

QUARANTINE TANK

All imported livestock are placed in quarantine tanks for observation, disease prevention, and water parameter monitoring to ensure healthy stock.

EXPORT PROCESS

Healthy and strong livestock are professionally packed with oxygen, heat packs, and secure insulated boxes for safe international delivery.
