

Accelerate your commercial growth with a **simple, fast, multilingual, and multi-currency B2B configurator.**

As a manufacturer, offer your B2B clients a turnkey solution to create quotes and send orders **anywhere in Europe, in one click and in their own language.**

Quick configuration using illustrations

Mandatory technical data for order processing

Real-time product pricing based on selected options

Grouped options for simpler, more ergonomic quotes

A SIMPLE AND FAST CONFIGURATOR FOR YOUR CLIENTS

Provide an accessible quoting solution for all your customers across all markets, enabling them to create quotes—even for complex products—and send orders with a single click.

ONE TOOL TO EXPAND ACROSS EUROPE

MyPricer is available in 10 languages and 8 currencies to help sales teams grow export activities and overcome language barriers: CAD, USD, GBP, CHF, PLN, CZK, RON, EUR.

TIME SAVINGS FOR SALES TEAMS

Free your salespeople from repetitive quotation requests and manual order entry, allowing them to focus on prospecting and customer loyalty to boost sales.

Additional **Benefits**

1 TAILORED SUPPORT

Onboarding assistance from a dedicated project manager and deployment support for your users.

2 READY-TO-USE (PLUG & PLAY)

Intuitive and ergonomic tool; customers can create an account in just two clicks.

3 QUOTE AND ORDER STATISTICS

Access usage data, analyse customer potential, and monitor commercial performance in real time.

Already trusted by over **8,000 users and 100 manufacturers across Europe.**

MyPricer, the solution from the ELCIA Group

For over 25 years, **ELCIA** has been the French leader in software solutions for windows, doors, solar protection, gates, and pergolas. With more than **70% market share** in France, the group now supports over **650 manufacturers** in their development.
