

Company profile

digitronic computersysteme gmbh

digitronic®
Your specialist for data security &
strong multi-factor-authentication

Founded in Chemnitz in 1990 the German digitronic computersysteme gmbh has been since engaged in the digitisation of government communication (telex) as well as fax, voice and SMS (UMS systems).

Since 2001 digitronic has been active in the IT security market as a manufacturer and integrator. The company currently employs 15 people at its headquarters in the Rabenstein Centre in Chemnitz. Digitronic is 100% self-financed and owner-managed.
