claranet | Make modern happen®

Why Claranet?

We enable organisations to make modern happen by being big enough to deliver and small enough to care; by offering adaptive, scalable technology solutions; and by being right where our customers need us to be, moving at their pace, in their local region.

"We help companies to keep pace with the speed of digital change. With adaptive, scalable technology solutions and communication on equal terms, we meet our customers exactly where they are so that we can pick up speed together."

Sebastian Vögel
Managing Director Claranet Deutschland and Switzerland

Our clients

Internationally, we support over 10,000 business clients in optimising their business, including companies such as:

INFORM | TECHNISCHE UNIVERSITÄT DARMSTADT | BayBG | Panasonic

Certifications & Compliance

Compliance and security are top priorities for Claranet. Our certification portfolio includes the international ISO/IEC 27001 standard and its extensions ISO/IEC 27017 and ISO/IEC 27018 for information security and data protection in the cloud.

CERTIFIED ISO 27001 CERTIFIED | CERTIFIED ISO 9001 CERTIFIED | CERTIFIED ISO 22301 CERTIFIED | CLOUD COMPUTING BSI C5 COMPLIANCE CRITERIA CATALOGUE | SOC 2 - TYPE II ISAE 3402
