COMPANY PROFILE

Founded in 1999, OPAL is the leading company in the industrial packaging products market in Turkey and the biggest strapping manufacturer of the region with an annual capacity of 12.000 tons.

Certified as per ISO 9001, ISO 10002, ISO 14001, ISO 26000, ISO 37001, ISO 45001, ISO 50001, and REACH, RoHS, SEDEX, OPAL manufactures and exports embossed and smooth type PET and PP strap in all dimensions ranging from 9mm to 32mm for PET and 5mm to 19mm for PP, in various colours and lengths, also with printing of logos or brands.

Our wider and thicker strap options have higher breaking strength and can be used on automatic or manual strapping units regardless of the brand of the machine in any specialised industry.

OPAL is committed to protecting the environment by using natural resources responsibly and produce strapping from 100% recycled materials.

CORE PRODUCT BENEFITS

Opal Packaging takes pride in offering superior PET and PP strapping options. These strapping materials are not only strong and durable but also adaptable to diverse packaging needs, making them ideal for securing a wide range of goods during transport.

Unrivaled Strength
Pet strapping provide unmatched breaking strength, guaranteeing the safety of your shipments.

UV Resistant
These strapping are perfect for outdoor storage, as they resist UV damage effectively.

Eco-Friendly
Choose an environmentally conscious option with 100% recycled PET strapping.

Global Trust
Trusted by businesses worldwide, PET strapping are known for their high-quality manufacturing.

Versatile Compatibility
These strapping work seamlessly with major strapping machine brands, offering versatility in your packaging processes.

Shock-Absorbent
PET strapping not only withstand impact but also protect your items during transit with their shock-absorbent properties.

Customization

Opal Packaging excels in delivering customized PET and PP strapping solutions, tailored to meet specific industry requirements. We understand that each customer has unique needs, and our ability to customize products ensures optimal performance, security, and efficiency in your packaging processes.

Quality

Opal Packaging stands for exceptional quality in PET and PP strapping production. Our stringent quality control processes ensure that every strapping meets the highest standards of strength and reliability, essential for the secure transportation of goods.

Flexibility

Understanding the diverse needs of the manufacturing industry, our PET and PP strapping solutions are designed for flexibility. They adapt seamlessly to various packaging machines and applications, ensuring a perfect fit for a range of packaging requirements.

Sustainability

Committed to environmental responsibility, Opal Packaging's PET and PP strapping products are produced with sustainability in mind. We focus on eco-friendly practices and materials, contributing to a greener future while meeting your packaging needs.

Technology

At the forefront of technological innovation, Opal Packaging utilizes advanced techniques in producing PET and PP strapping. Our state-of-the-art manufacturing processes guarantee superior product performance, keeping us ahead in the competitive packaging industry.
