

Rukka Pets – Protected in every weather

Built on Finnish outdoor expertise and inspired by Nordic nature, Rukka Pets offers functional, durable and comfortable pet gear designed for real outdoor life. Our products combine quality materials, careful fit and reliable weather protection to help our animal companions enjoy every day, in every season.

Designed with pets' comfort and safety in mind, our practical collection supports active lifestyles from city walks to nature adventures.

Tested by humans

Rukka is renowned for producing highly functional and protective outdoor, ski and motorcycle clothing for enthusiasts worldwide. Drawing on expertise dating back to the 1950s, this technical know-how has been applied to Rukka Pets products. Inspired by the tough northern climate, Rukka Pets provides pet gear that performs even in the most demanding weather conditions.

At Rukka Pets, we believe that pets deserve the same level of human-grade protection, comfort and functionality that people expect from high-performance sport apparel.

Make every weather a joy!
