100% PAPER BIODEGRADABLE PET PADS

Who We Are

CindPet was founded with the purpose of developing sustainable, ecological, and biodegradable products.

Today, we operate with a modern manufacturing structure, a specialized team, and certified suppliers, ensuring quality and environmental responsibility in every product.

Sheet-Style Hygiene Pads

cind pet 

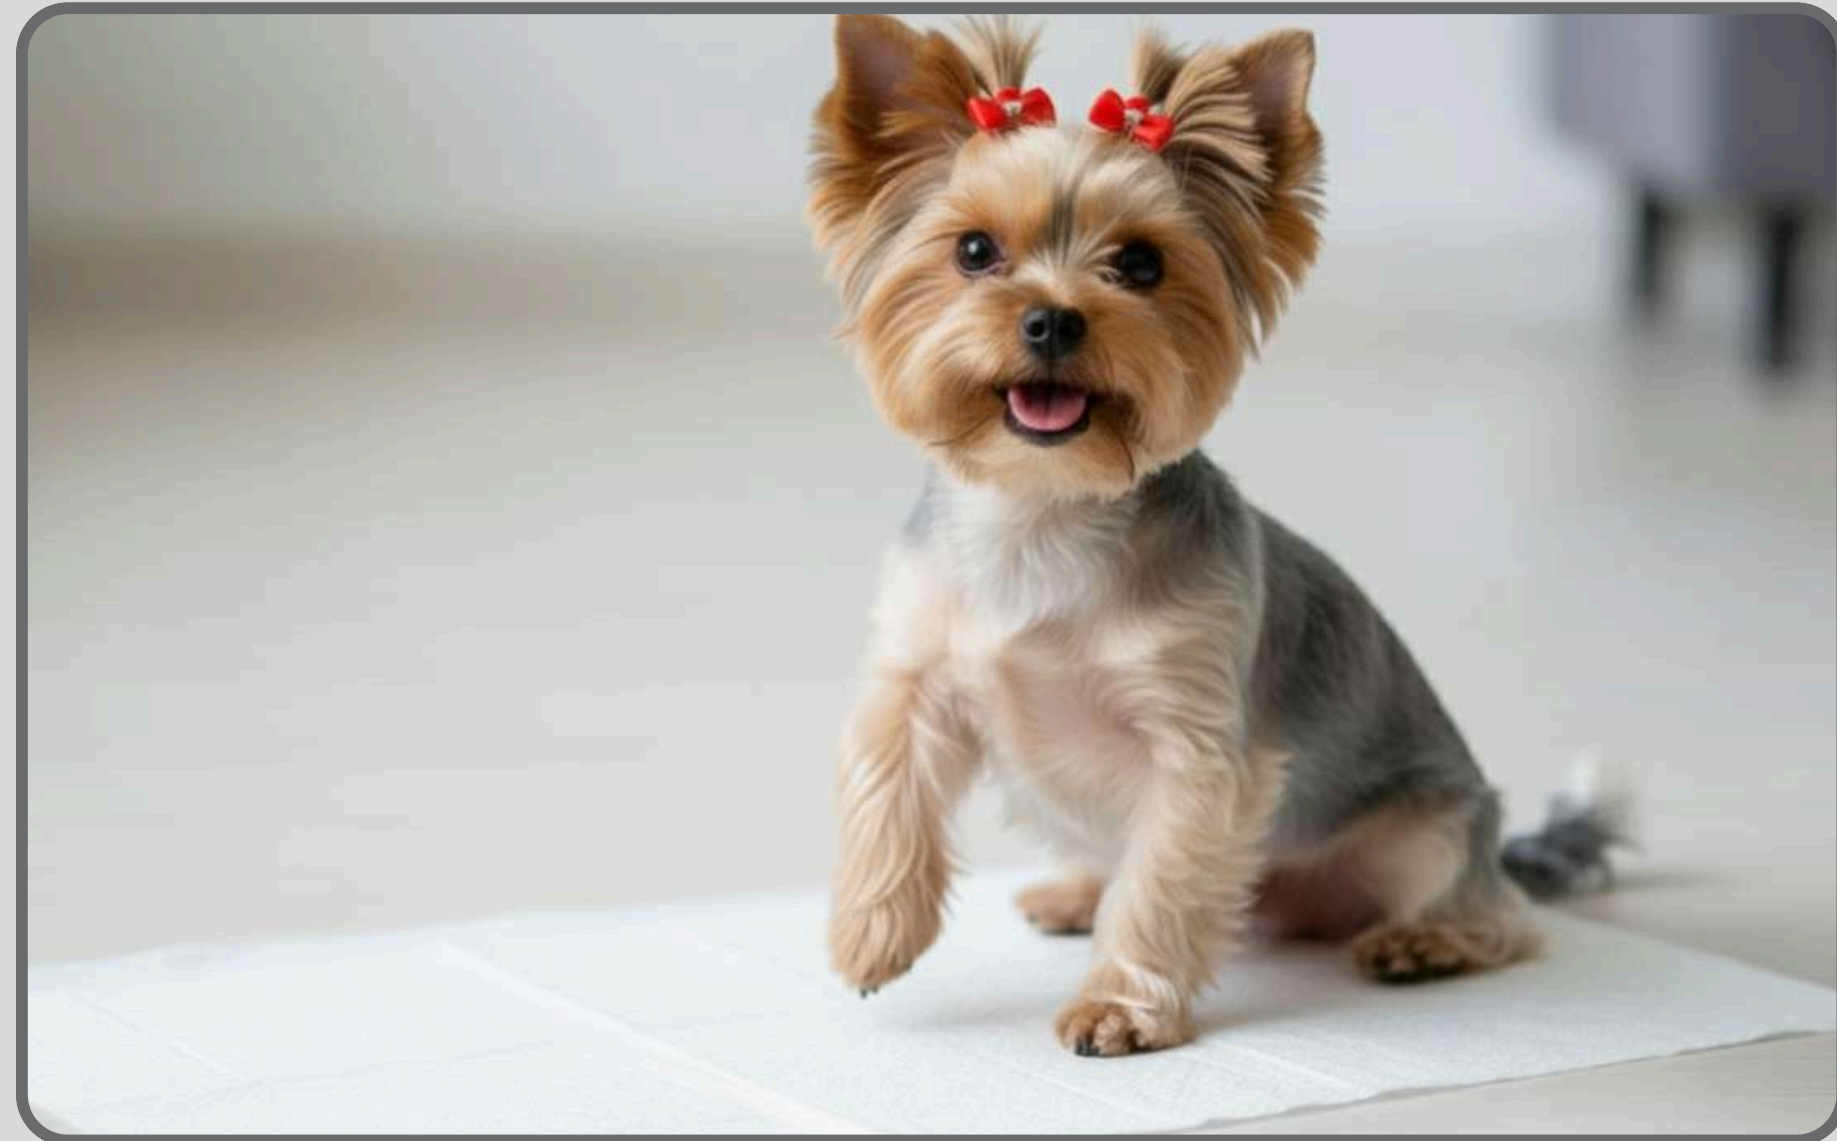

- Traditional Pad: Size 47x70cm - Box of 20 units
- Two ultra-absorbent sheets and one kraft waterproof sheet

Our Product Features

cind pet 

ULTRA ABSORBENT

EVAPORATES AND DRIES

NO LINGERING ODOR

WATERPROOF

Our Pad's Key Differentiators

- The pad absorbs, evaporates, dries, and leaves no odor, allowing it to be reused.
- The pad is 100% WATERPROOF, maintaining the cleanliness and hygiene of your space.
- It neutralizes pet urine odor after drying.
- The pad does not use silica gel.
- It contains no plastic in the pads, packaging, or fixing stickers.
- Our packaging is cardboard and can be reused as a gift box.
- The product takes 120 days to decompose in nature.
- Its white color makes it easy to identify your pet's urine color.

Our Packaging

Custom-designed packaging for reuse as a gift box!

- Box dimensions: 9.8 x 9.8 x 50 cm.
- Ideal size for store gondolas, supermarket shelves, and condo storage containers.

Includes our superhero stickers for securing the pads

Other Pets That Use Our Pad
