ABOUT US

WHO?

Dukin is a fast growing company from Slovenia with the mission to contribute to sustainable development with own products.

WHAT?

We are engaged in development and production of equipment for addressing the problem of waste in households and in development and production of quality metal furniture for external use.

WHY?

Our aim is to raise ecological awareness, and at the same time offer customers simple and quality solutions that increase living comfort.

OUR VALUES

ENVIRONMENTAL FRIENDLINESS

ecological approaches,
from initial ideas to
the discontinuation of
the product

FREEDOM OF CREATION

creativity of an
individual is reflected
in the introduction of
new changes

PRECISION

products are
thoroughly designed
and carefully produced

TRUST

we build our
partnerships on trust
and respect

ING MACHINES

WASTE ENCLOSURES

StyleOUT® 120/240

StyleOUT® bins enclosure are produced in four different models and six different sizes.

StyleOUT® 770/1100

StyleOUT® 770/1100 waste enclosures are designed to enclose large containers with a volume of 660L, 770L or 1100L.

WASTE ENCLOSURES

HideOUT

The submersible waste enclosure provides optimum use of external surfaces and at the same time protects containers and prevents the spread of unpleasant smells.

BioBOX

The BioBOX storage unit was designed to store biowaste containers and is fitted with a lock as standard equipment.

FixOUT

The fixation pillar is designed to fix waste containers, thus protecting them from overturning in the event of storm or vandalism.

BICYCLE SHEDS / STORAGE UNITS

StyleOUT® BIKE

In the StyleOUT® BIKE bicycle shed, your bicycles will be safely stored and easily accessible.

StyleOUT® GARAGE

The StyleOUT® GARAGE is a bicycle garage characterised by its overhead door that provides easy access to your bicycles.

BICYCLE SHEDS / STORAGE UNITS

StyleOUT® STORE MINI

StyleOUT® STORE MINI is primarily intended for storing prams and rollators and is large enough for one bicycle or several children's bicycles.

StyleOUT® STORE MAXI

The large StyleOUT STORE MAXI storage unit offers more space and can be used to store other items beside bicycles.

CookOUT® OUTDOOR KITCHENS

CookOUT® outdoor kitchen is designed to be resistant to weather conditions and can be placed outdoor. It can be placed on a balcony or a terrace due to its low weight.
