1. About Company

Premium Pet Care Brand EL AMIGO

< The promise of EL AMIGO >

“EL AMIGO” means “friend” in Spanish. Companion animals around the world are our “EL AMIGO”. EL AMIGO rethinks the meaning for companion animals once again and dreams of changing the reality of abandoned animals. EL AMIGO regularly donates a portion of its profits to abandoned animal support groups and non-profit organizations in need.

2. Product Introduction

Premium Pet Care Brand EL AMIGO

All products of EL AMIGO are produced with non-toxic ingredients so are not harmful to companion animals. All raw materials are hygienically managed and regularly inspected for quality and are carefully inspected three times before release. EL AMIGO develops and manufactures products with a heart only caring for companion animals.

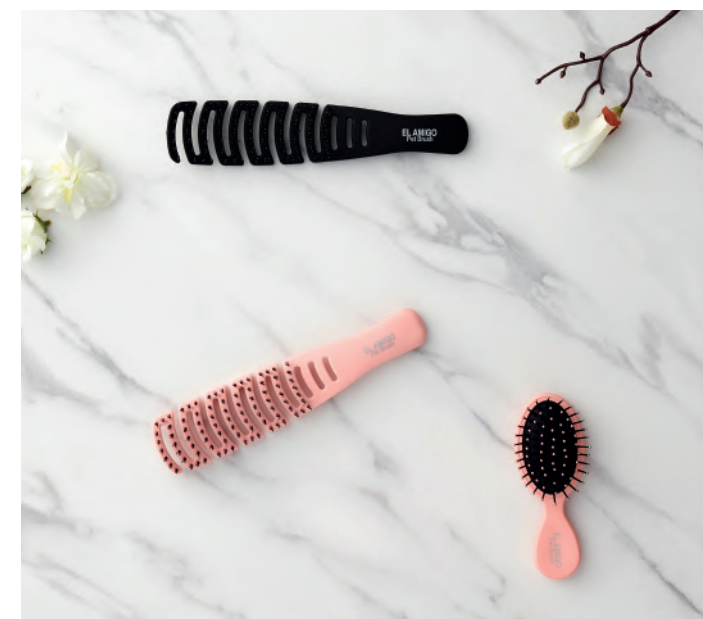

Pearl Series

Healthy and shiny hair care salon brush

- A grooming brush, taking care of your companion animals’ hair everyday without flying hair with a combination of ABS material body, 100% natural boar hair and nylon hair
- A 100% natural pig hair type, wrapping nylon bristles with a ball tip in a circle. A brush managing cuticles and delivers oil from the skin to the ends of the hair to preserve shine and health
- A flexible brush with a curved shape that does not miss dead hair and contaminants, and the body of the comb moves flexibly
- The soft natural hair gives a massage effect, so more you comb, the healthier your companion animals’ skin and coat
- Limited characteristic of Red Pearl
The size is easy to carry and the natural rubber head enhances the massage effect

Black Coral Series

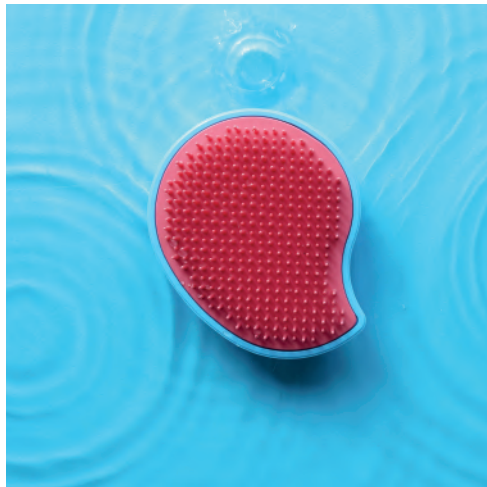

Smart and comfortable daily multi-slicker

- Multi-arrayed nylon bristle removes tangles and dead hairs, and the finished nylon bristles are much less irritating than regular iron slickers, so companion animals are comfortable
- Slicker for soft combing excellent for medium-to-long-haired pets with a lot of tangled hair
- Wet-type brush that can be used even when taking a bath
- Because it does not contain pig bristle, it is not a religious problem. Flexible structure with a flexible body
- Limited characteristics of Coral Mini
It is a so called Sseudam brush made up of basic bristles with round ball tips, so it is comfortable for pets

Blueming Brush

Multifunctional brush

- ABS material body, use it safely with a hypoallergenic LDPE hair, outdoor activities with anti-slip treatment
- Bath, multi-use brush
- It is excellent at removing contaminants such as mites, dirt and leaves attached to the hair with a double array structure with different hair lengths

Pin Brush

Dense and sturdy pin brush

- A product for pets who want stronger stimulation than the existing nylon hair, or for guardians who want to comb their fur effectively
- Solid handle to withstand the thick fur of large pets sturdy head and soft rubber pad
- Hypoallergenic dense pins with ball tip treatment
- Non-toxic material safe for children
- Various sizes to choose from depending on the size of your pet

Hog Bristle Brush

Premium self-care brush

- Premium functional brush made of hygienic, high-quality natural hog bristle hair
- Improvement of cracked and tangled hair with only combing and health promotion effect for atopic and dry skin
- Highly preferred by pets due to its hypoallergenic and grooming
- Reducing the stress of companion animals and improving the combing refusal reaction due to massage effect

Outdoor Spray

All-purpose spray for health and disease prevention

- All-purpose spray for health and disease prevention
- 100ml capacity, natural plant-derived oil ingredients, without irritation, preventing pests and getting aromatherapy at the same time
- Manufactured with natural ingredients harmless to companion animals and completing animal quasi-drug certification
- A pest repelling spray preventing pests with a scent that mosquitoes and mites hate just by spraying it
- It helps to prevent dangerous diseases such as heartworm, babesia, and encephalitis by walking safely even when camping, hiking, or walking in the bushes

Forest Soothing Shampoo

Premium shampoo with safe ingredients

- A premium shampoo that can significantly improve hair health with 26 natural plant-derived moisturizing ingredients
- Safe, natural plant-derived cleaning ingredients cleanly remove wastes accumulated on the hair without irritation
- With tea tree herbal scent, both animals and their guardians can spend a fragrant and refreshing bath time
- Reliable products certified as animal quasi-drugs for animals
- It contains 47% cypress water instead of purified water, so you can see the effect as if you were taking a forest bath. Good shampoo without synthetic surfactants, silicone, mineral oil, pigment parabens, artificial fragrances, phenoxyethanol, humidifier disinfectants, petroleum extract compounds, etc

Pet Cleansing Wipes

Hygiene-free pet cleansing wipes

- Reliable pet wipes certified as quasi-drugs for animals
- A mild alkaline-neutral pH value suitable for pets, cleanly wipes away contaminants without irritating the skin
- Using purified water that has undergone 6 purification operations and fabric containing embossed rayon
- With natural deodorizing, cleaning and antibacterial and antiviral effects, it can replace bathing in situations such as pregnancy, lactation, and illness that cannot be easily washed off
- Excellent for removing secreted sebum just by wiping on cats or dogs who do not bathe
- 15 kinds of harmful ingredients non-detection, skin hypoallergenic test completed, deodorant effect test completed
- All ingredients from EWG grade to GREEN grade

Brush Cleaner

Effective brush cleaner to remove foreign substances

- A rake-shaped cleaner designed to effectively remove foreign substances such as hairs caught on the brush

Catflex Bentonite

Dust-free bentonite

- General: Bentonite produced in Canada has excellent absorption and coagulation power, so it is an economical product / Recommended for multi-cat households / Does not contain artificial and natural fragrances, chemical additives, and expanding agents / Contains activated carbon to effectively deodorize
- Premium: Bentonite produced in Wyoming, USA, a product with almost no dust after a lot of dust collection, while maintaining the absorption and coagulation power of existing products/ Recommend to dust-sensitive consumers/ No artificial and natural fragrances, chemical additives, or expanders

Bodycare Soothing Mist

For moisturizing and dry skin

- Moisturizing care, hair tangle prevention, static electricity prevention, and skin soothing effect all at once
- Main ingredient Centella asiatica extract, all ingredients EWG green grade
- Natural ingredients without added synthetic surfactants, artificial colors, preservatives, etc.
- Protects the skin's moisturizing function and helps protect irritated skin
- Soothes sensitive skin and helps to moisturize the coat and hair
- Excellent moisturizing effect for dry skin

Ecoming Brush

Green transition with PCR ABS

- Recycled material PCR ABS considering all pet of the earth
- Chemically inert and non-toxic material LDPE
- Waterdrop design embodying the spirit of coexistence
- Can be used regardless of left hand, right hand, front, back, both sides, side
- Corrosion pattern enhances friction and anti-slip technology to fit your hand
- A flexible double bristle brush that connects flexibly and fit
- Easy to separate the body and comb and rinse with water to finish cleaning
