## EASY CLEAN HUNTING SHEARS

### Original LÖWE 15.114

Hybrid hunting shears with curved blades for a secure grip of bones. Easy to clean thanks to a clear design.

# Original LÖWE-Hunting shears

Cutting instead of sawing

## WHY CHOOSE ORIGINAL LÖWE HUNTING SHEARS?

**Cutting instead of sawing:** Our hunting shears allow effortless breaking-up and clean chopping of game without the need for sawing.

**Splinter-free cutting:** The special blade geometry ensures splinter-free cuts, prevents meat contamination and allows safe vacuum packaging without damage.

**Durable materials:** Solid shear bodies, high-quality steel alloys and an extremely robust design with a non-stick, corrosion-resistant blade for long-term use.

**Easy to clean:** Smooth surfaces and a clear construction make the shears easy to clean and quickly ready for use again.

## OUR MODELS AT A GLANCE

### Hunting shears „CLASSIC“

- > Anvil shears with a straight blade for powerful cuts
- > Ideal for breaking-up, chopping and clearing hunting high seats
- > Long-lasting and reliable – a tool for life

### Hunting shears „EASY CLEAN“

- > Compact design with innovative hybrid technology
- > Perfect for splinter-free bone cutting
- > Easy to clean thanks to a clear design

### Hunting shears „POWER CUT“

- > Unique hybrid shears with high cutting capacity
- > Optimized geometry for powerful cuts, even on larger game
- > Available in two lengths for even stronger cutting performance

# POWER CUT

## POWER CUT LARGE HUNTING SHEARS

### Original LÖWE 22.150

Hybrid two-handed shears with a 50 cm handle length for breaking-up and chopping larger game.

## POWER CUT LARGE HUNTING SHEARS
