BRIDGING TURKISH INDUSTRIAL SCALE WITH ARTISAN AIR-DRYING AND GLOBAL QUALITY STANDARDS

PROMINALL AT A GLANCE

20+ Years
Industry Experience

100+
Emploeyess

1000+ Tons
Annual production capacity

4+ Million
Packs produced annually

5,000 m2
Production Facilities

Export Markets
USA - UK - Europe -
Canada

- Scalable Production: Supports global rollouts and multi-country retail.
- European Bridge: Prominall GmbH (Germany) ensures logistics, EU compliance, and local support.
- Clean Label: 100% single-ingredient, zero additives or preservatives.
- Safety First: Full traceability farm-to-port, verified by independent labs (microbiological & heavy metal testing).
- Novel Proteins: Horse, Goat, Lamb – perfect for sensitive diets and boutique brands.
- Private Label Ready: Flexible MOQs, export documentation.

STRATEGIC ADVANTAGES FOR B2B PARTNERS

- **Global Rollouts:** Proven capacity to scale from boutique to multi-country retail.

- **Supply Chain Security:** End-to-end traceability farm-to-port for total compliance.

- **R&D Innovation:** Co-create bespoke novel protein chews for premium market share.

- **Market Flexibility:** Low MOQs on unique cuts.

- **European Logistics:** Central European warehousing and local support via GmbH (Germany).

PRODUCT PORTFOLIO

Beef Products

Extended chewing performance for sustained engagement

Naturally rich in high-quality protein

Robust flavor profile with strong palatability

Lamb Products

Refined protein choice for sensitive formulations

Gentle digestion with high nutritional value

Ideal for premium and hypoallergenic lines

Goat Products

Alternative premium protein with superior digestibility

Well-suited for sensitive and functional nutrition

Naturally rich in essential micronutrients

Horse Products

Exclusive novel protein for specialized diets

Exceptionally low allergen potential

Lean composition with high nutritional density

Rabbit Products

High-end novel protein for advanced formulations

Optimal choice for hypoallergenic positioning

Lean structure with excellent digestibility

Chicken Products

Reliable high-protein base for daily nutrition

Consistent quality with broad market acceptance

Versatile application across product ranges

SCALABLE PRODUCTION FOR INTERNATIONAL BRANDS WITH RELIABLE GLOBAL SUPPLY
