GLYN

High-Tech Distribution

FIRST CLASS PREMIUM SUPPORT
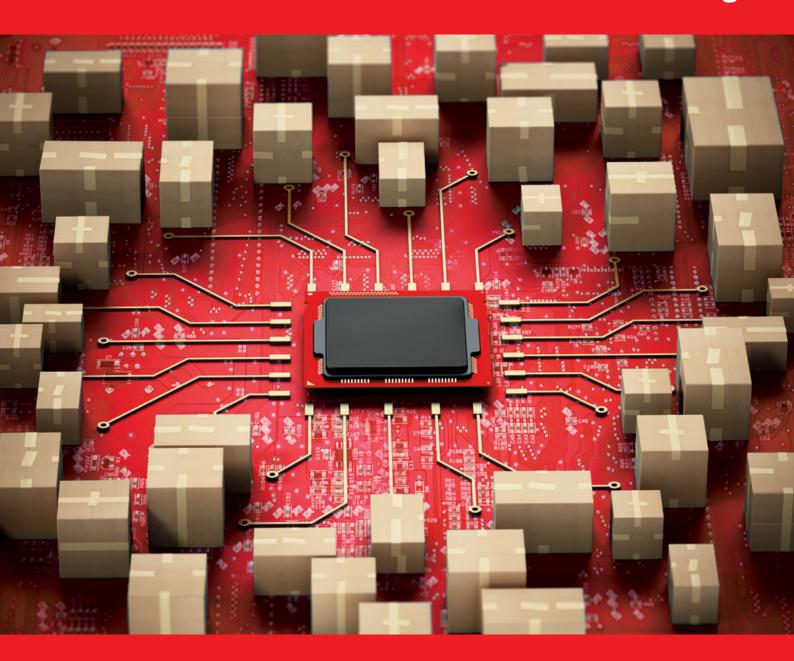

GLYN = First-Class Premium SUPPORT

For 45 Years the reliable Connection between Major Manufacturers and Customers

It is invaluable to know where to turn when you have questions. A trusted partner with a deep and helpful expertise. A partner who listens to you, understands your needs exactly and dedicates himself to taking care of them - because he knows his stuff excellently and is happy to support you. That's what makes a **specialist**.

Enthusiastic about Technology - Distribution out of Passion

A carefully selected portfolio allows for a very special **technical**, **commercial** and **logistical** depth of consulting.

The SUPPORT-enthusiastic GLYN team provides you with competent information about innovative electronic components. Commercial inquiries receive an immediate response. Orders are delivered to you efficiently and on time using intelligent processes.

Thousands of satisfied GLYN customers, ranging from engineering services to medium-sized businesses and large corporations, appreciate these foundations of SUPPORT and enjoy our very special kind of service - you can benefit from it too!

Three Pillars for an Excellent SUPPORT

FIRST-CLASS
PREMIUM
SUPPORT

AAEON Industrial PC Boards (3.5", EPIC, Mini ITX, Pico ITX, Nano COM, Q7, Smarc), Industrial Panel PC from 17.8 cm (7") to 55.9 cm (22"), analog resistive Touch, projective capacitive Touch, High Quality fanless Boxer Systems with RAM, SSD, CFast™, OS, Industrial Tablet PCs, AI Solutions

ABLIC V-Regulators, V-Detectors, Watchdog Timer, SW Regulators, Power Sequencer, Boost Charge Pump ICs, Composite ICs, LIB Protection ICs, Real-Time Clock ICs, Wake-up Timer ICs, Interval Timer ICs, Counter ICs, Power Sequencer, Wireless Power ICs, Temperature Sensor ICs, Hall Effect ICs, EEPROM, OPAMP, Comparators, Automotive ICs

ACLAVIS Touch Displays with Cover Glass, optical Bonding and Printing - passive LCDs in COG-Technology - universal standard Baseboards for KaRo CoM Modules with TTL or LVDS Interface

ADVANTECH Industrial-PCs in all Formfactors and Performance classes: Computer on Modules, Single Board Computer, Industrial Motherboards, Box PCs, Panel PCs, Digital Signage Player, Edge AI Solutions, Machine Vision, Wireless IoT Solutions, Software-Platform for IoT and Cloud-Applications, European SUPPORT, AI Solutions

ATP Memory Cards: CompactFlash™, CFast™, CFX™, SD™ / SDHC™ / SDXC™, microSD™ / microSDHC™ / microSDXC™, Solid-State-Drives (SSD): 2,5" SATA, 2,5" U.2 PCIe® / NVMe™, M.2 SATA & PCIe® / NVMe™, EDSFF-E1.S PCIe® / NVMe™, mSATA, SlimSATA, BGA Memory: e.MMC™, BGA SSD, USB: USB-Sticks, eUSB, System Memory Modules: SDRAM, DDR, DDR2, DDR3(L), DDR4, DDR5, ECC Module optional, Industrial Grade & Temperature, customized Solutions

ATTEND Card Connectors, Internal Connectors, Battery Connectors, I/O Connectors, USB Connectors, Circular Connectors M5 / M8 / M12 / M23, Board-to-Board Connectors, Wire-to-Board Connectors, FPC/FFC Connectors, customized Connectors, Cables and Assemblies

EDT Active Displays (TFTs), from 1.3" to 21.5" screen diagonals, projected capacitive Touch Panel, customised Solutions, Cover Glass, optical Bonding, Housing, Smart Embedded Displays

EXASCEND Memory Cards: CFast™, CFX™, SD™, SDHC™ / SDXC™, microSD™, microSDHC™ / microSDXC™, Solid-State-Drives (SSD): 2,5" SATA, 2,5" U.2 PCIe® / NVMe™, mSATA, M.2 SATA & PCIe® / NVMe™, EDSFF-E1.S PCIe® / NVMe™, BGA Memory: e.MMC™, BGA SSD, System Memory Modules: DDR4, DDR5, ECC Module optional, Industrial Grade & Temperature, Customized Solutions, Adaptive Thermal Control (ATC)™, Super Cruise Technology™

EZURIO Antennas, Revie Flex, FlexMIMO, FlexPIFA™, mFlexPIFA™, FlexNotch™, Nanoblue, Mini Nanoblade Flex, Cable, intelligent Gateways and Sensors for IoT, Software Solutions, smartBasic, Summit™-60, Sterling™-60, Sterling™-LWB™, Veda, Sona, System-On-Modules (SOM), NFC, Wi-Fi, Bluetooth 5.x, BLE, Pinnacle™ 100, LTE, CAT-M1, NB-IoT, LoRa, Modbus, ZigBee, Thread

FORESEE Memory ICs: DRAM (DDR3(L), LPDDR4(x) / LPDDR5), SLC NAND-Flash, NOR-Flash, BGA Memory: e.MMC™, BGA SSD, UFS, MCP, Memory Cards: SD™ / SDHC™ / SDXC™, micro SD™ / microSDHC™ / microSDXC™, Solid-State-Drives (SSD): 2,5" SATA, 2,5" U.2 PCIe® / NVMe™, M.2 PCIe® / NVMe™, mSATA, USB: USB-Sticks, System Memory Modules: DDR4, DDR5

FTDI USB Host Controller ICs, USB to Serial-Adapter and ICs, customised Solutions, USB 3.0 Solutions, USB Hub, USB Interface Cable, USB-C with PD Solutions

FUJITSU Custom SoCs, ASICs, Foundry Services, Imaging & Graphics Solutions, PCBs & Interconnect Technologies, Advanced Packaging

HOLITECH ePaper Displays from 1,5" to 42", two-, three- or full Color, Standard Displays available from 1 pc., customized monochrome LCDs (TN, STN, FSTN, HTN, VA), customized active Displays (TFT) with capacitive Touch, Cover Glass, optical Bonding

ISSI Memory ICs: DRAM (SDRAM, DDR / DDR2 / DDR3(L) / DDR4 / Mobile DRAM, LPDDR2, LPDDR4(x)), SRAM (asynchron / synchron, pseudo SRAM), NAND-Flash, NOR-Flash, OctalFlash, OctalRAM, HyperRAM™, HyperFlash™, e.MMC™, UFS, MCP, Automotive Grade

KA-RO CoM (Computer on Module) based on ARM® Core, Made in Germany, pincompatible, compact, long-term available, ideal for driving Displays, Starterkits, Base Board Development, Production and Assembly

KINGSTON Memory Cards: SD™ / SDHC™ / SDXC™, micro SD™ / microSDHC™/ microSDXC™, Solid-State-Drives (SSD): 2,5" SATA, M.2 SATA / PCIe® / NVMe™, mSATA, USB: USB-Sticks, System Memory Modules: DDR3, DDR4, DDR5, ECC Module optional

KIOXIA Memory ICs: SLC NAND, BENAND™, BGA Memory: e.MMC™, UFS, Solid-StateDrives (SSD): 2,5" U.2 PCIe® / NVMe™, 2,5" U.3 PCIe® / NVMe™, M.2 SAS / PCIe® / NVMe™, EDSFF: E1.S, E3.S

MICRO CRYSTAL kHz Tuning Fork Crystals, MHz AT-Cut Crystals, Real-Time Clocks, Low Frequency Oscillators, OCXO, VCXO, Temperature Sensor Modules

MIROMICO Intelligent Gateways and Sensors for the IoT, Wi-Fi, Bluetooth 5.x, BLE, LTE, CAT-M1, NB-IoT, LoRaWAN, Modbus, ZigBee, Thread, Mioty

MITAC Industrial PC Boards (3.5", Mini ITX, µATX, CoM Express), Panel PCs (10.1" – 21.5", with capacitive Touch, for POS, Medical, Signage), embedded Box PCs, AI Solutions

MITSUBISHI ELECTRIC IGBT Modules, SiC Modules, Intelligent Power Modules (IPMs), High Voltage IGBT Modules, High Voltage Diode Modules, MOSFET Modules, Diode Modules, Driver High Voltage ICs, High Frequency Devices (SiRF, GaAs and GaN), Laser and Photo Diodes, Fiber Optic Devices, Infrared Sensors

Monolithic Power Systems Power Management ICs, Isolators, Power Modules, Battery Management ICs, Motor Driver ICs, Automotive ICs, Current Sensors, Angle Sensors, Inductors

PHISON e.MMC™, UFS (Universal Flash Storage), BGA SSD (SATA & / PCIe® / NVMe™)

QUECTEL 2G/3G Modules, 4G Modules: LTE, 5G Modules, GNSS Modules, LPWA Modules, Satellite Modules, intelligent Modules, Wi-Fi and Bluetooth Modules, Antennas, EVB Kits, IoT Solutions, System-on-Modules (SoM)

RAMXEED Ferroelectric RAM (FeRAM), RFID-FRAM, Resistive RAM (ReRAM)

Seiko Instruments Thermal Printers, Quartz Crystals 32.768 kHz, Micro Battery, Capacitors

SEMTECH Cellular Radio 2G (GSM/GPRS/EDGE), 3G (UMTS/ HSPA), 4G (LTE), 5G, LPWA (LTE-M, NB-IoT), AirPrime™ Embedded Modules, AirLink™ Intelligent Gateways and Router, AirVantage™ Service Plattform and Cloud Solutions, Wi-Fi and Bluetooth Modules, GNSS Positioning Modules, LoRa® Wireless RF, Circuit Protection, Signal Integrity, Professional AV, PerSe® Smart Sensing, Power Management

SENSIRION Humidity & Temperature Sensors, Temperature Sensors, Differential Pressure Sensors, Mass Flow Meter for Gases, Mass Flow Controllers for Gases, Liquid Flow Meters, VOC Sensors, NOx Sensors, CO_2 Sensors, Particulate Matter Sensors, Formaldehyde Sensors

SG MICRO Analog ICs: Analog Signal Switches, Audio Amplifiers, Video Buffers, Comparators, Operational Amplifiers, Power Management ICs, Logic ICs, Monitoring Circuits, Motor Drivers, Gate Drivers, LED Drivers

SILICON LABS Scalable energy-friendly IoT Solutions: Wi-Fi, Bluetooth, BLE 4.x, Bluetooth, 5.x ZigBee, Z-Wave, Thread, Modules and SoCs (SoCs Portfolio, Cortex®-M4, Cortex®-M3, Cortex®-M33, Cortex®-M0+, wireless Gecko EFR32, wireless Gecko EZR32), Microcontroller (Cortex®-M4F, Cortex®-M33, Cortex®-M3 and Cortex®-M0 EFM32 Gecko, EFM8, C8051), Matter, USB Interface Modules, Temperature and Humidity Sensors, Current Sensors, Magnetic Hall Effect Sensors, Optical Sensors

SKYWORKS Digital Isolators, Isolated Gate Driver ICs, Isolated FET Driver ICs, Power over Ethernet (PoE), Clock-Generators, Oscillators, TV and Video Tuner, Audio and Radio Solutions, Modem ICs, Hardware and Software-Tools

TDK Embedded Motor Controller (32-bit CPU core), Hall Sensors for Angle-, Distance- and Position Measurement, Current Sensors for Industrial and Automotive, NTC Temperature Sensors, Pressure Sensors, Humidity Sensors, Sound Sensors, Motion Sensors, Ultrasonic Time-of-Flight (ToF) Sensors, Piezo Haptic Actuators, DC/DC Converter Point-of-Load (µPoL), PiezoListen™ Speaker

TIANMA Active Displays (TFT) from 1.4" to 58" screen diagonals, Display Technologies: SFT/IPS, High Brightness, PCAP-Touch, customised Solutions, Cover Glass and optical Bonding, high-quality Displays especially suitable for Medical, Construction, Agriculture, Transportation, Marine & Aviation with resolutions up to 4K UHD

TOSHIBA Microcontroller (8-, 16-, 32-Bit), ARM® Core based Microcontroller (ARM9®, Cortex®-M3, Cortex®-A9) i.a. with 24-Bit Sigma-Delta-ADC, Tools, Starter Kits, Automotive MOSFETs, MOSFETs, SiC-MOSFETs, Discrete IGBTs, Intelligent Power Modules, Automotive and Industrial Photocouplers, Digital Isolators, CCDs, Laser Diodes, Fiber Optic Devices, Voltage Regulators / Detectors, Motor Control ICs, Magnetic Sensors

Xmore® Memory Cards: CompactFlash™, CFast™, CFX™, SD™ / SDHC™ / SDXC™, micro SD™ / microSDHC™ / microSDXC™, Solid-State-Drives (SSD): 2,5" SATA, 2,5" U.2 PCIe® / NVMe™, M.2 SATA / PCIe® / NVMe™, mSATA, SlimSATA, USB: USB-Sticks, eUSB, System Memory Modules: SDRAM, DDR, DDR2, DDR3, DDR4, DDR5, ECC Module optional, Industrial Grade & Temperature, customized Solutions, Content Copy Service

YAMAICHI Test & Burn-In Sockets, Test Contactor Solutions, IC-Sockets for Production, Card Connectors, internal Connectors, I/O Connectors, USB-Connectors, USB 3.1, USB TYP-C, Y-Con IP67 / IP69 / IP69K, Cables and Assemblies, Y-Circ® P Circular Push-Pull Connector

We will gladly provide you with further products from our manufacturers on request.
Please note that in some countries, specific or restrictive agreements have been reached with various manufacturers.

SUPPORT – Far beyond our Focus-Franchise-Partners

The **ideal** antenna for your wireless product.
The **perfectly fitting** socket for the circuit board.
The touchscreen with **customized** front display.

We are pleased to pass this long term experience on to you:

Complete your application with the products from our **Additional-Lines** range. They harmonize with our Focus-Franchise-Lines and provide you with long-lasting SUPPORT in the development of your applications.

2J ANTENNAS, S.R.O.	Antennas, Cable, Connector for Wireless and customized Products
BRIDGETEK	Display Controller for TFT Display, 8- and 32-bit Microcontroller with Ethernet and CAN
CANON	X-ray Tubes, X-ray Image Intensifiers
CSM	PC Card Drives (OmniDrive)
DISPLAYTECH	Passive, monochrome LCDs; Standard and customized
EMBEDDED ANTENNA DESIGN	Internal and external Antenna Solutions for Applications from 100 MHz to 6 GHz
ENPLAS	Test & Burn-In Socket, Test Contactor Solutions
FCL COMPONENTS	Analog resistive Touchpanels
FRACTAL TECHNOLOGIES	LoRa-Gateways, Magnetic-, LIDAR-, Ultrasonic-, hPA-, PA-, °C-, MEMS-, %RH-, CO_2-, NH_3-Sensors
GLYN	Evaluation Boards, Starter Kits
HARVATEK	PCB Housing LED, PLCC Housing LED, Infrared LED Emitter, Phototransistor
HITACHI	High Voltage IGBTs, High Voltage SiC Modules, High Voltage ICs, Diodes

INELCO	Board to Board Connectors, I/O Connectors, RJ45 Connectors
JPC CONNECTIVITY	Flex Flatcable, Connectors
LM TECHNOLOGIES	Modul and Dongle Solutions for Bluetooth and Wi-Fi
LUMISSIL	Audio Amplifiers, LED Driver, Touch Sensor, Power Management, Interfaces, Optical Components, Powerline Communication
QT BRIGHTEK	SMD LED, High Power LED, Through-Hole Lamp, Super Flux LED, Display Dot Matrix
RADIOCRAFTS	RF Solutions for the ISM Bands for RC232, TinyMesh, M-BUS, KNX, ZigBee and 6LoWPAN
S4SENSORS	Current Sensor ICs, 3D Hall Sensors
SANKEN	Power Management ICs, Motor-Control ICs, MOSFETs, IGBTs, SiC Schottky Diodes
SEGGER	In-Circuit Programming, Debug Probes, RTOS & Embedded Software, Crypto & Security SW
SILVERMICRO	IGBT Modules, SiC Modules, MOSFET Modules, Automotive Modules, GaN Modules, Diode Modules, Rectifier Modules, IPM Modules
SKYHIGH MEMORY	SLC NAND, Serial NAND (SPI), MCP, e.MMC™
SOLOMON GOLDENTEK	Active Displays (TFTs), passive Displays (STN,FSTN,CSTN), customized Solutions
SUYIN	Battery Connectors, Board to Board Connectors, I/O Connectors, D-Sub Connectors
TAOGLAS	Antennas, Cable, Connector for Wireless and customized Products

GLYN – at the moment 18 offices in 11 countries with about 200 employees.

Familiar, experienced and motivated sales contacts will process your requests and give expertise advice during all phases of the delivery process. High service and quality standards regarding acquisition and warehousing go without saying. The focus is on optimum project processing and on schedule deliveries at a fair price. Being able to rely on GLYN in all of these areas is an added value welcomed by many thousands of customers in Europe.

Thousands of customers in Europe rely on our competence.

GLYN´s state-of-the-art IT-based systems and specialists guarantee the realisation of customised and economic logistic solutions. Detailed insights into the market demand and provision of comprehensive additional added value services mean that GLYN is a specialised distributor. We are expanding systematically and continually.

Services:

Application SUPPORT (FAE), specialist technical counselling, GLYN-Academy, GLYN-Talks, seminars, workshops, in-house developed MCU starter kits, Framework agreement, Delivery schedule, Rolling Forecast, Safety stock, Consignment stock, Kanban, EDI, programming service, international acquisition, customised labels and packaging for memory cards, information and statements on current events.

Target Markets:

Industrial electronics, measuring and control technology, drive engineering, medical engineering, telecommunications, automotive, digital imaging, etc.

Warehouse Location:

European central warehouse in Idstein, near Frankfurt/Main airport.
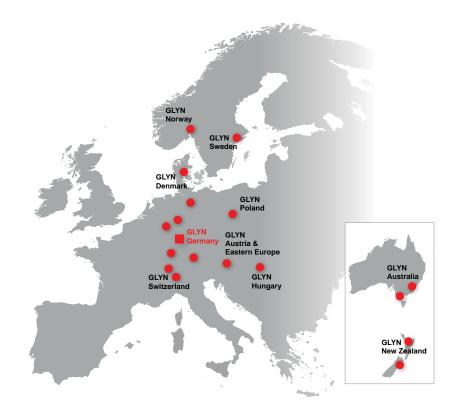

Quality Management:

TÜV certification according to DIN EN ISO 9001, 45001 and 14001
