

High-Pressure Aluminium Casting for Demanding Industries

WHO WE ARE

Our Legacy of Precision and Innovation

Established in 1969, Rivimetal S.A. has over five decades of experience in aluminium die casting. We focus exclusively on high-pressure aluminium castings for industrial applications, combining technological excellence with long-standing partnerships.

Today, more than 80 percent of our production is exported to demanding international markets, supporting industries such as automotive, energy, telecommunications, and defense.

INDUSTRIES WE SERVE

Empowering Critical Sectors with Precision Aluminium Solutions

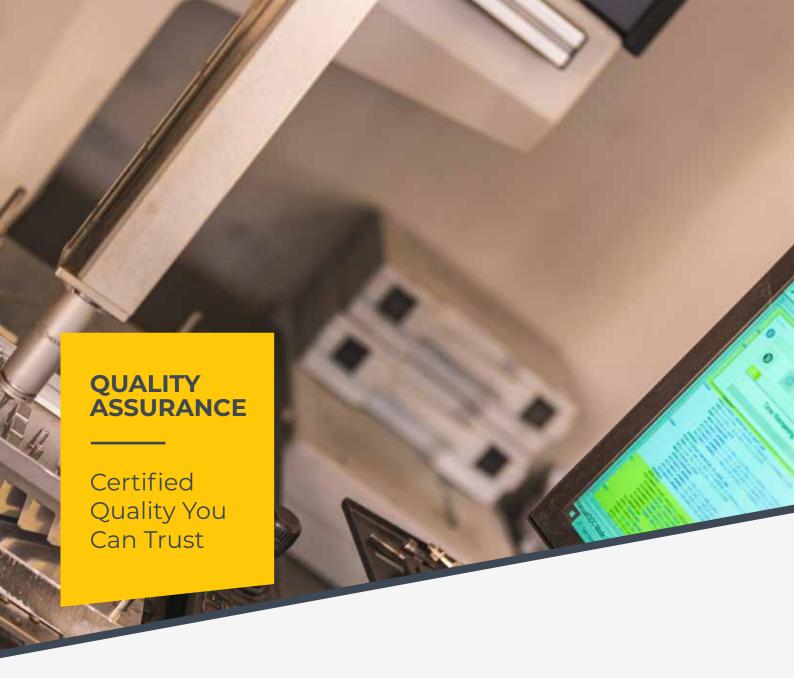

From automotive performance to energy resilience and advanced electronics, Rivimetal supports industries where reliability and technical excellence are non-negotiable.

AUTOMOTIVE ELECTRIC VEHICLES ENERGY &

DEFENSE TELECOMMUNICATIONS CONSUMER

ELECTRONICS

Rivimetal's Quality Management System is certified according to ISO 9001:2015.

Our processes follow AIAG Core Tools (APQP, PPAP, FMEA, MSA, SPC) and meet IATF 16949 guidelines.

- First Article Inspection (FAI)
- · Statistical Process Control (SPC)
- · Measurement System Analysis (MSA)
- · 8D Problem Solving & Root Cause Analysis
- · VDA 6.3 Internal Audits
- · Full traceability and documentation

OUR FACILITIES AT A GLANCE

- · 7000 m2 Total Production Space
- · 6 High-Pressure Casting Machines
- · 800 m2 Foundry | 1000 m2 Machining
- · Automated finishing & CNC-ready components
- · Modern QC Lab (CMM, Surface Testing, Digital Microscopes)
- · Logistics & Office zones for full-service support

OUR STORY

Over 50 Years of Growth & Innovation

From our roots in 1969 to becoming a trusted supplier across Europe, Rivimetal has achieved key milestones:
