

Tight construction sites? Staff shortages? Work smarter with Paus inclined elevators - minimize time pressure.

Inclined Elevator Easy Flex

NEW

EASE OF OPERATION

Very compact design,
High stability,
User-friendly operation.

HIGHLIGHTS

Swing and telescopic support,
Hydraulic articulated joint,
Stable lower extension,
Patented braking system,
Hybrid drive optional.

TECHNICAL DATA

Delivery height 27-35 m,
Maximum payload 400 kg,
Passage width 1.6 m,
Operating radius 360°.
