the home of authentic **vetbed<sup>®</sup>**  
& veterinary approved brands

PRODUCT  
**CATALOGUE**  
2023

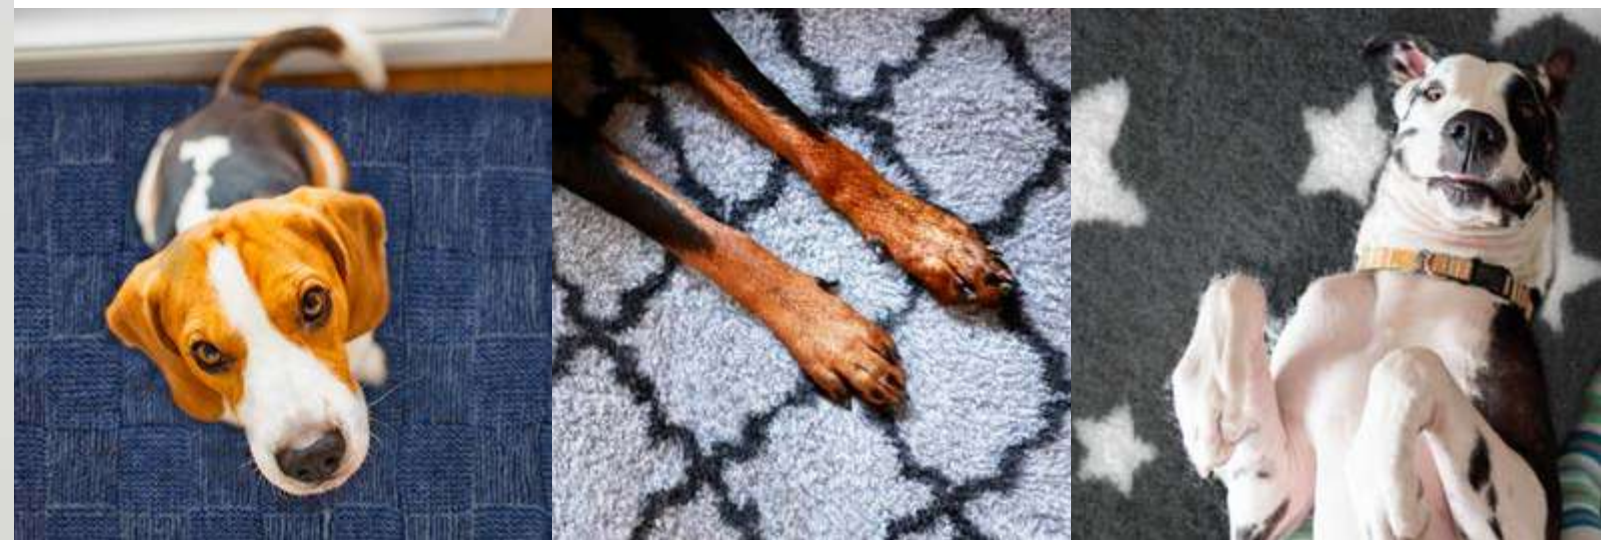

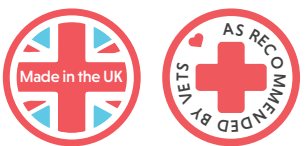

**We've been making products that vets, pets & pet parents love for more than 30 years!**

Our original brands, like vetbed®, flectabed® Thermal Bedding, and safebed® Paper Bedding, are still going strong, and we're always working with vets to develop new and innovative products. We've got a great selection of dog beds, cat beds, health and hygiene products, flea products, supplements and so much more.

We're also the only distributor in the UK for Oxbow pet products for small animals, the Pet+Me® grooming range, and Van Ness. We're always on the lookout for new trends in pet care, so we can create and source new products that pet owners can trust.

Our main office is in Bury St Edmunds, Suffolk, where our sales and customer service team, accounts, warehousing and purchasing teams are based. We have 3 additional UK sites, including facilities in Wales and the East Midlands where we make most of our soft fabric and paper-based products and employ around 40 full-time staff.

# Petlife® vetbed® The Authentic Brand

Vetbed is the deep, soft & warm mat for pets ideal for use all around the home, in crates & in the car.

Trusted by vets & breeders for over 30 years there are many copies of veterinary bedding but there is only one, high quality, authentic vetbed brand and it has yet to be surpassed in terms of quality and longevity.

Pet owners and professionals choose vetbed® because it provides advanced support and thermal retention properties for all animals; from tiny hamsters to giant breed dogs.

Custom colours & sizes are possible and each year we release a number of limited edition seasonal designs which follow design trends.

## Petlife® vetbed® *Select*

An exclusive collection of new classics and limited editions designed for beautiful homes made with recycled bottles and non-slip backing.

## Petlife® vetbed® British Wool Blend

Beautifully soft vetbed® made from a blend of British wool and recycled bottles. It is a machine washable and sustainable blend with a non-slip backing

## Petlife® vetbed® Non Slip Comfort

Non-slip backing ideal for use in cars, hard pet beds and hard flooring, machine washable up to 65°C without degradation

## Petlife® vetbed® Original Quick Dry

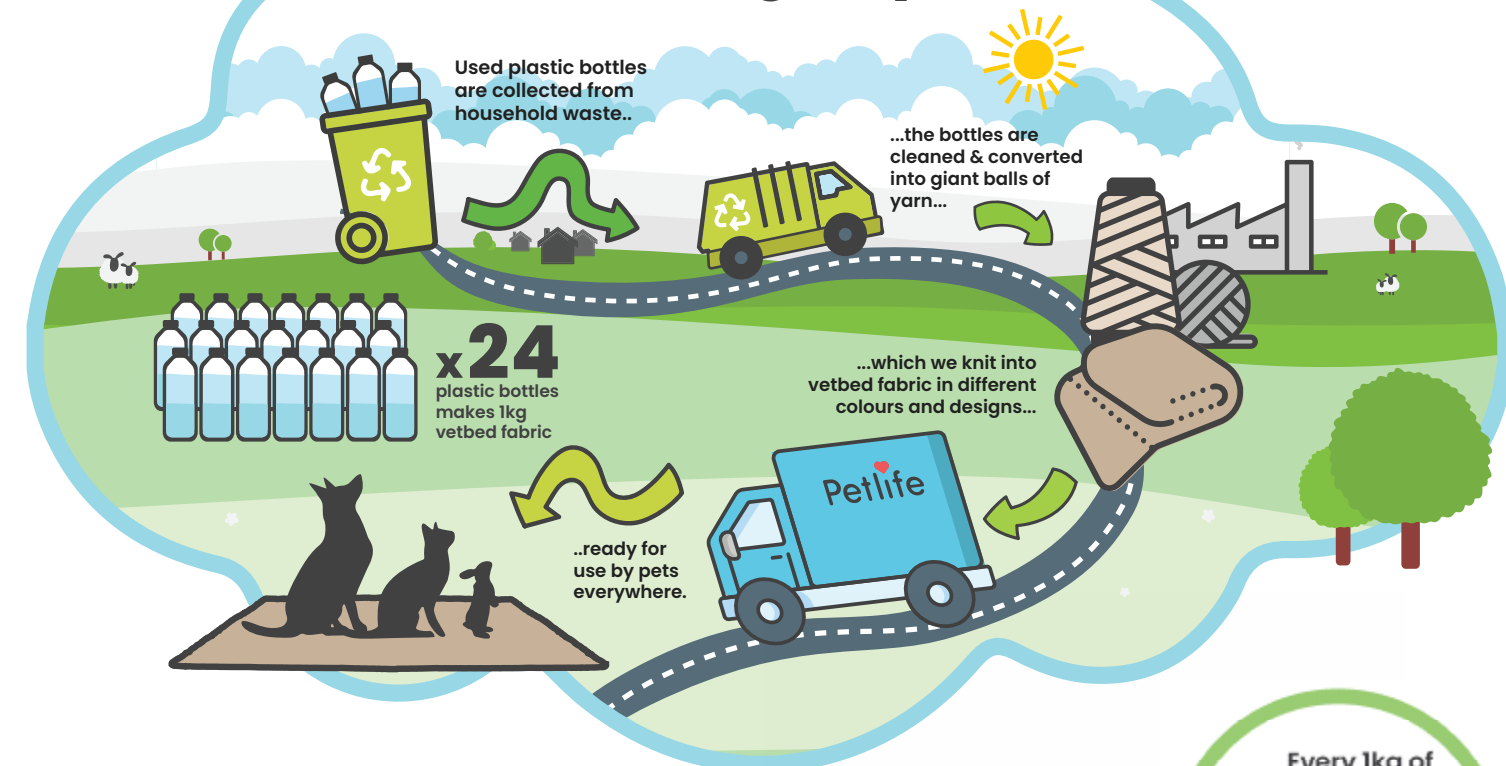

Suitable for all animals, original has a soft green backing and excellent drainage properties, machine washable up to 95°C

## Petlife® vetbed® Gold Antimicrobial

Anti-microbial Ultra-Fresh® fibre effective against dust mites, bacteria, mould & mildew and machine washable up to 95°C

## We make vetbed® using recycled bottles...

### Sustainable Bedding

As much as 95%\* of vetbed® is made using a blend of recycled materials which are cleaned, broken down and woven into bouncy new vetbed fabric.

Vetbed® is made in our factory right here in the UK to the highest standards, we are so confident in the quality of our product that we guarantee vetbed® bedding for 12 months (UK residents only).

The durability vetbed® surpasses that of it's imitators, reducing waste by lasting longer.

\*(percentage of recycled materials used varies depending on colour)

Every 1kg of vetbed® fabric is made with 24 recycled bottles!

\*Based on standard grey fibre, other colours may contain a slightly less recycled content

flectabed

Technologically advanced heat reflecting bedding for dogs

- ♥ Helps with arthritis, helps convalescing pets recover faster
- ♥ Unique insulating qualities that reflect lost body heat back onto your pet
- ♥ Extra warmth without the need for electricity
- ♥ Innovative technology in thermal bedding for your cat or dog

flectabed®

Technologically advanced heat reflecting bedding for dogs

Flectabed® uses a revolutionary lightweight insulating material specifically designed for its thermal properties developed from NASA research into aluminised surfaces which can reflect up to 95% of radiated heat.

Multi layered fibres in the inner quilt trap pockets of warm air to reduce heat loss, and reflective surfaces reflecting any lost body heat back to the pet while the outer fleece cover is strong and moisture passes through it easily, so wet or damp pets are still effectively insulated from chills.

Introducing our premium quality First Cut Timothy Hay and treats, harvested fresh from our own farm!

Our Timothy Hay is carefully harvested at the optimal time to ensure the highest nutritional content and maximum flavour. We also offer a range of delicious treats that are made with only the best ingredients. Unlike other treats on the market, our treats do not use PVA adhesive, which is harmful to animals.

Our Timothy Hay and treats are perfect for pet owners who want to give their animals the very best. With our commitment to quality, you can trust that you're getting the freshest, most nutritious products available.

These products really are the finest quality and veterinary recommended.

- ♥ High quality nutrition & enrichment products
- ♥ Farmed & produced in the UK
- ♥ No hidden nasties like gelatine or PVA glue
- ♥ Vegan friendly
- ♥ Low impact, sustainable packaging

otodex®

Otodex is a range of products that was originally developed by veterinarians for use in veterinary clinics. These products are designed to effectively treat a variety of problems in cats and dogs, such as ear infections, fleas and parasites and cat scratching. With their success in the veterinary market, Otodex products are now available for pet owners to purchase and use at home.

One of the unique aspects of Otodex products is that they were developed by veterinarians who understand the specific needs of pets. With their effectiveness and safety, these products are a trusted choice for both pet professionals and pet owners alike.

Otodex Ear Drops

A fast acting formula for the treatment of ear conditions in dogs and cats. Useful for common and difficult to treat bacterium in chronic ear cases.

CODE	DESCRIPTION	CASE

- ♥ Should not stain or mark upholstery
- ♥ Contains no harsh chemicals

## welpi® & cimicat®

### Nutritional milks for dogs & cats

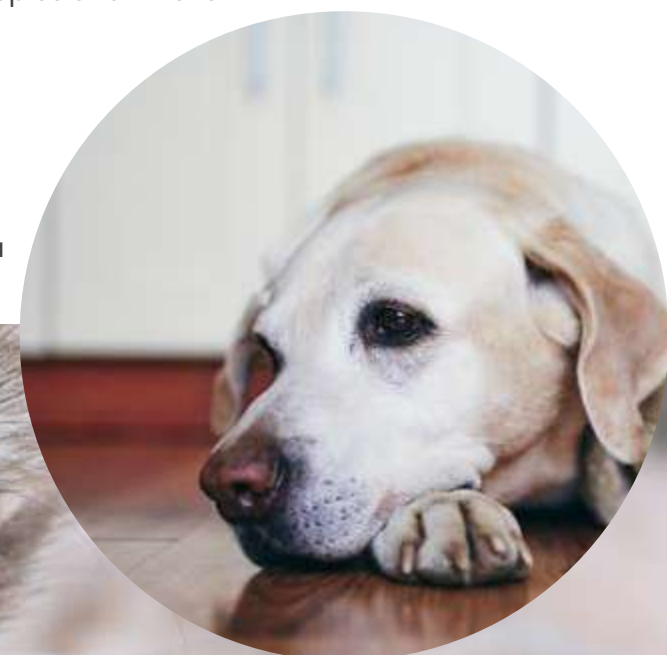

Reduced lactose formula closely mimics natural mother's milk but provides nutritional support for dogs & cats of all ages. Simple to mix with water into a liquid feed.

CODE	DESCRIPTION	SIZE
WE6250	Welpi®	6 x 250gm Tub
WE02KG	Welpi®	1 x 2kg Tub
CI6250	Cimicat®	6 x 250gm Tub

### Welpi® and Cimicat® are ideal nutritional supplements for:

- ♥ Providing pregnant or lactating dogs and cats with essential substances for nutrition and growth,
- ♥ Helps ensure correct nutritional rearing of orphaned puppies and kittens
- ♥ Nutritional support for larger litters
- ♥ Convalescing animals after illness or surgery
- ♥ Nourishing supplement for dogs and cats of all ages
- ♥ Older dogs and cats that could benefit from a little extra support in later life

## welpi® & cimicat®

### Nutritional milks for dogs & cats

The milk substitutes of choice for vets, breeders and other pet care professionals.

Welpi® (for dogs) and Cimicat® (for cats) nutritional supplements are ideal for puppies and kittens as well as adult dogs and cats who are ageing, convalescing or just need a little extra support.

They are the perfect nutritional milk supplement, delivering essential vitamins and minerals as well as being an ideal milk substitute and the closest approximation to bitch and queen milk.

formulaH

FormulaH disinfectant is used by the veterinary profession and top breeders. Used correctly, Formula H is safe, effective, and economical.

- ♥ A broad spectrum general purpose disinfectant
- ♥ Effective against fungi, bacteria and viruses including ringworm, kennel cough and canine parvovirus

vetericynplus®

Animal wellness products with Hypochlorous technology.

VETERICYN PLUS EAR CARE

Vetericyn Plus® Ear Rinse is created with all types of ear shapes in mind. Utilising a dropper top, this completely safe formula helps alleviate irritation and remove foreign materials, without discomfort to the animal.

CODE	DESCRIPTION	SIZE
350VPLEARR089	Vetericyn Plus Ear Rinse	89ml

VETERICYN PLUS EYE CARE

Vetericyn Plus® Eye Wash is specially formulated and tested for use in and around the eye. Studies prove Vetericyn Plus to be completely safe, helping alleviate irritation and removing foreign dirt and debris, without stinging or discomfort to the animal.

CODE	DESCRIPTION	SIZE
350VPLEYEW089	Vetericyn Plus Eye Wash	89ml

VETERICYN PLUS LIQUID

Vetericyn Plus® Wound & Skin Care liquid products can be used for cleansing, irrigating, debriding, and moisturizing wounds. Vetericyn Plus sets the stage for optimum healing conditions through all phases of wound healing. In addition, the liquid solution is an excellent choice for moistening wound dressings. It is safe to use around the mouth, nose, ears, and eyes.

CODE	DESCRIPTION	SIZE
350VPLWSCL089	Vetericyn Plus Wound & Skin Care Liquid	89ml

VETERICYN PLUS ANTIMICROBIAL HYDROGEL

Vetericyn Plus® Antimicrobial Hydrogel is designed to adhere to the wound site, providing an extra layer of protection or barrier for the wound bed. This unique hydrogel does not cause dermal irritation and is safe for use in sensitive areas or with a wound dressing to keep the wound moist.

CODE	DESCRIPTION	SIZE
350VPLWSCH090	Vetericyn Plus Wound & Skin care Hydrogel	90ml

vetericynplusVF®

Next generation wound & skin care

Vetericyn Plus® VF is a next generation wound and skin care management system used for cleansing, irrigating, and debriding wounds, which sets the stage for optimal healing conditions.

Vetericyn Plus® VF is a professional strength formula that can only be sold by vets or animal health professionals.

Vetericyn Plus® VF products assist in the mechanical removal of cellular debris, necrotic tissue, and foreign material from the skin and wound surface through debridement. Wounds that are clean, well maintained, and moist have demonstrated faster healing outcomes than wounds left on their own.

From dermatology to post-operative care, the Vetericyn Plus® VF family of products provides an economical tool for a range of veterinary wound and skin care needs. Powered by an advanced hypochlorous technology platform, Vetericyn Plus® VF provides vets with a portfolio of products made specifically to enhance and streamline wound and skin care protocols for animals.

Feeding & Cleaning Accessories

Proudly made in the USA using considerate plastics and sustainable materials to provide a range of high quality, durable and hygienic litter trays, storage and feeding accessories with ease of use and comfort of pets at the forefront of design.

Ecoware Cat Bowls

Our stylish and decorative Ecoware Cat Bowls are designed to allow easier access to food and reduce whisker fatigue/stress. Sustainably Made With 47% Bamboo (a renewable plant material) and feature a high-polish finish that is easy to clean and resistant to stains and odours.

Under normal use, our cat bowls are unbreakable and will not crack or chip. Perfect for use with both wet and dry foods as well as water. The wide, no-tip base features kitchen-grade silicone feet to prevent sliding and damage to your floors.

We recommended handwashing Ecoware bowls only as frequent washing in high heat dishwashers can cause the bowl to fade or crack over time.
