Co-development

Who We Are

Qian Hu Corporation Limited

- Established in 1998
- Listed on SGX since 2000
- Global presence in 80 countries
- Specialists in Aquatic & Pet Health Innovation

Where Innovation Meets Care.

The Problem We Solve

- Pet owners struggle with odour, germs, and hygiene.
- **Natureal** brings peace of mind — cleaner homes, healthier pets, longer-lasting freshness.

Our Breakthrough ViKang™ Antimicrobial Technology

Derived from **upcycled cashew nutshells**, ViKang™ releases Reactive Oxygen Species (ROS) that naturally destroy bacteria, fungi, and odour-causing microbes.

Raw Materials of ViKang™

Safe for Pets, Safe for Homes

- ✓ Dermatologically tested
- ✓ Non-toxic & fragrance-safe
- ✓ Gentle on paws and skin
- ✓ Certified food-grade ingredients

Natureal protects those
you love most.

Lasts up to 90 days vs
others at 20 days.

100% Plant-Based &
Naturally Antimicrobial

4x Longer Effectiveness

3x Less Usage Volume

No Artificial Fragrance
Needed

Feedback From Testimonials

Antimicrobial Tofu Cat Litter

Ya the odour control exceed expectation. Dust control also super good!

Faster comee... I cannot use back my old litter liao I'll be suffering 😊😊😊

Hi , I have tried the ear care and the sanitising spray both works quite well for my cats n the cat litter is the best. I love it so much cause is really good in clumping and good in odour absorbing. That's is our favourite.

QianHu Pets

cloudythebsh For the very first time we didn't wash our litter box for 35 days — all thanks to **Platinum Choice Antimicrobial Tofu Cat Litter!** 🐾 @qianhupets @naturealsg

What we love most about the tofu litter would be the great odour control! As it is powered by plant-based antimicrobial, it naturally eliminates odour and keeps the house smelling fresh! 🌿🌟

Highly recommend pawrents to give it a try!!

Skin Relief Spray

our journey

Natureal Skin Relief Spray

24 July. Thursday

We came home from work and realised that Kiki's right ear has a bald patch. It was irritated and raw.

28 July. Monday

Day 4 - after we've been applying 2 spray twice a day. The redness has reduced and you can see it's healing.

1 Aug. Friday

Day 8 - The fur is growing back but we had to remove the scabs carefully to let it heal nicely.

20 Aug. Friday

Day 28 - Almost a month now and the fur has grown back fully!

**kiki_thebritishshorthair and naturealsg**
Singapore

**kiki_thebritishshorthair** 🐾 Pawrent tip you'll want to save 🐾

A month ago, we came home to find Kiki's ear red, hairless, and sore from scratching. It was so worrying... but we started using the Natureal Skin Relief Spray — 2 sprays twice a day. As her ear healed, we slowly reduced it to once in the morning & night.

Swipe to see her healing journey from Day 1 → Day 28 🌟 Her fur grew back, the redness faded, and she's back to her cute fluffy self 🐾

📌 If your kitty struggles with skin irritation, definitely check this out.
