We rock in stone!

WHO WE ARE

Aggregates International imports and trades an extensive range of coloured aggregates, powders and decorative chippings and pebbles. Innovation is important to us: we continuously renew and refine our product range, without losing sight of the all-time favorites.

By stocking thousands of tonnes of bulk and bagged materials at different strategic locations, we are able to meet any requirement or specific demand.

PRODUCTS

- ▶ Powders / fillers
- ▶ Decorative pebbles and chippings
- ▶ Rockery and boulders
- ▶ Geotextiles
- ▶ Gravel stabilization systems

All products available in many different colours, compositions and sizes.

PACKAGING

Bags

Products can be bagged in 20 or 25kg bags or in bigbags (different sizes)

Bulk

Nearly all products are available in bulk, to be delivered by truck, barch / vessel or to be shipped in containers

Collection vs. Delivery

All products can be collected or delivered (at your stock or - neutrally - at your client's stock).
