

Wir stellen vor: Human Risk OS

‘The Human Risk OS’™

SoSafe hat die lizenzierte Marke im Jahr 2021 offiziell eintragen lassen.

Ein ganzheitlicher Ansatz für Human Risk Management

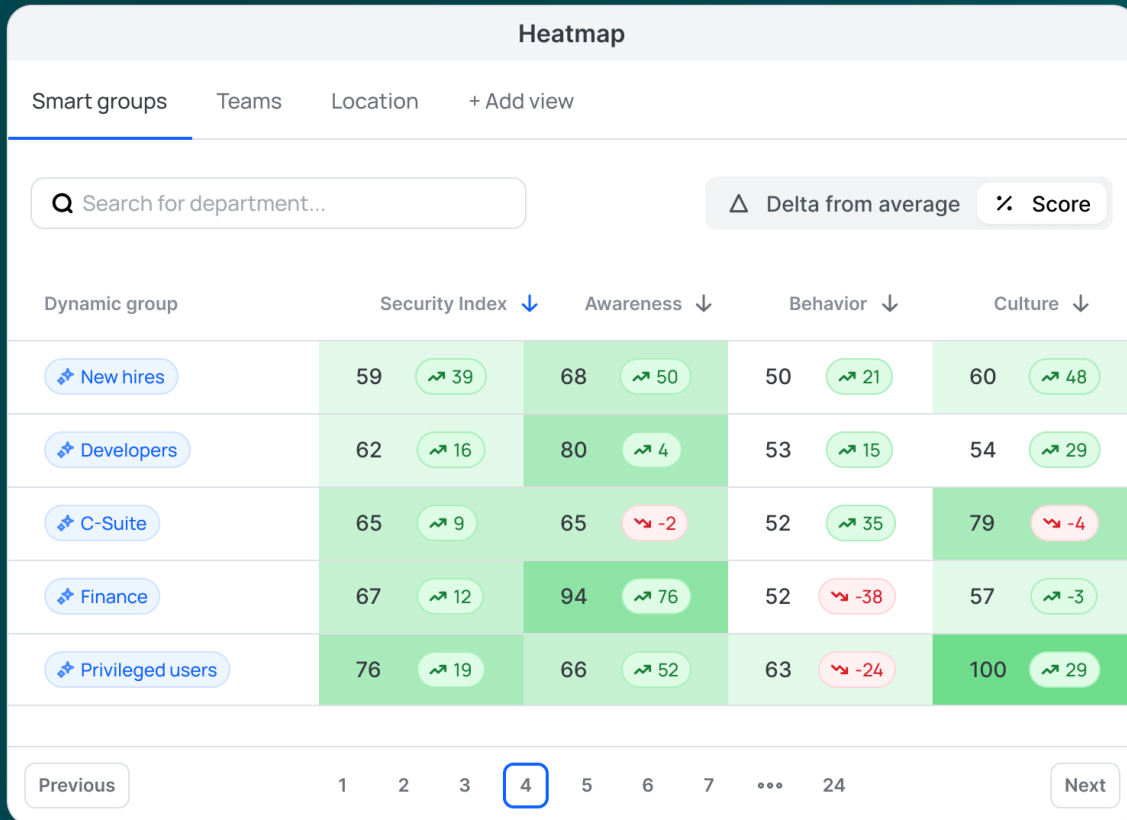

Identifizierung und Management menschlicher Risiken

Die ganzheitlichste Plattform, die Echtzeit-Risikoerkennung und gezielte Interventionen vereint.

Aufbau einer dauerhaften, positiven Sicherheitskultur

Durch die Förderung einer proaktiven, positiven Sicherheitskultur stärkt das Human Risk OS™ die Widerstandsfähigkeit gegenüber menschenbezogenen Sicherheitsrisiken und Social Engineering.

3 Kernelemente der Human Risk OS

1 Human Behavior Sensors

Messen Sie die digitalen Aktivitäten, Verhaltensweisen und die Sicherheitskultur Ihrer Organisation.

3 Kernelemente der Human Risk OS

2 Human Security Index

Verarbeiten Sie die Human Behavior Sensors und zusätzliche kontextbezogene Informationen, um einen einzigartigen Index zu erstellen, der die Cybersicherheit von Gruppen und Ihrer Organisation zusammenfasst.

"Enhancing Workplace Safety, SoSafe made it easy!"

What problems is SoSafe solving and how is that benefiting you?

Employee Awareness: One of the key issues in cybersecurity is employee awareness. SoSafe improves our employees' awareness of security risks and best practices. This increased awareness has not only reduced the likelihood of security breaches but has also created a more security-conscious workplace culture.

"Good tool to promote a culture of cybersecurity within the company"

What do you like best about SoSafe?

The training tool uses interactive scenarios, quizzes, and videos to keep employees engaged and interested in learning about cyber security.

What do you dislike about SoSafe?

Sometimes it seems that the content in the training becomes repetitive after a while, making it less engaging and interesting.

What problems is SoSafe solving and how is that benefiting you?

The training provides practical tips and best practices that employees can use to improve their own online security behaviors, as well as how to identify potential threats and respond appropriately.
