

INNOVATIVE & AWARD-WINNING PET FOOD PACKAGING SOLUTIONS **LAMIBAG® PE/PE**

GRANITOL, a.s., based in Moravský Beroun, Czech Republic, is one of the leading European manufacturers of polyethylene films and flexible packaging, with more than 130 years of tradition. At Interzoo 2026, GRANITOL presents its comprehensive portfolio of high-quality packaging solutions for the Pet Food industry.

Thanks to in-house **production under one roof** – from film blowing and flexographic printing to lamination and bag making – GRANITOL offers maximum flexibility, quality control and reliability. The product range includes LDPE and HDPE films as well as laminated structures and finished Pet Food bags under the LAMIBAG® brand.

A key highlight is the fully recyclable **LAMIBAG® PE/PE** solution, combining sustainability with excellent barrier properties and premium design. This solution has been awarded the **WorldStar Award 2026** and the **Obal roku 2025**, confirming GRANITOL's commitment to innovation and responsible packaging.

GRANITOL is certified according to GMP for direct food contact and ISO 9001 and is a reliable partner for brand owners seeking efficient, sustainable and award-winning packaging solutions.
