About US | RD innovation

We have a group of intelligent R&D engineers. In the past year, we have designed and developed more than 7 different products, which were loved by customers around the world after they were launched. This is why it is important for a factory to have R&D capabilities. More ODM customers will find us, which will give us more motivation to innovate.

About US | Manufacturer

As a smart pet products company, we not only have an excellent team of engineers, but also have our own factory with an area of over 10,000 square meters, located in Dongguan and Shenzhen, with a daily capacity of up to 10,000 machines.
