Clean.Care

Safe and secure cleaning with one app.

Clean.Care brings structure and transparency to your cleaning management. With minimal effort, you receive an out-of-the-box all-in-one package that is fully set up and hosted for you. The basic version is ready to use within just a few days and is also available as a stand-alone solution.

RELIABLE DOCUMENTATION

Capture and validate all services at the push of a button. Digital documentation ensures transparency and simplifies audits as well as compliance with legal requirements.

OPTIMIZE CLEANING PERFORMANCE

Plan, manage, and monitor all cleaning activities efficiently and in real time. Avoid duplicate work and ensure consistently high hygiene standards.

EXPERTS IN THE CARE SECTOR

Clean.Care is tailored to the complex demands of care facilities and hospitals. Our focus: practicality, compliance, and resource efficiency.

SEAMLESS INTEGRATION

Our flexible interface solution enables easy integration with existing ERP systems, such as SAP. This ensures that Clean.Care seamlessly fits into your IT landscape.
