Nutrition for pets and farm animals

TEKRO is a medium-sized, dynamic company from Czech Republic specialized in nutrition for pets and farm animals, in business since 1991.

Our **nutrition specialists** and **veterinarians** focus on high **nutritional values** inside of each kibble, **functional supplements** covering alongside professional breeding demands and trends.

We export to more than 20 countries, offer high level customers service, individual approach and win-win cooperation.

Pet Products

The **Eminent** is our key brand and bestseller that covers basic as well as more demanding needs of pets owners and pet food distributors.

We produce pet food in the form of **dry kibbles** with using the process called extrusion. It is of **HTST** (high temperature short time) type, which means that it is very gentle to the processed pet food, thus keeping nutritional values rich. We **also offer** nutritional supplements, milk powder, salmon oils, treats and cat litter.

Our dry foods include 3 lines and veterinary diets, that are characterized by:

- **High** content of **protein of animal origin**
- **Gluten-free** and **grain-free** food formula
- Microelements in **chelate form**
- Prebiotics **FOS, MOS**
- **Chondroprotectives**, including **MSM** in higher lines
- Flaxseed & chia seeds & herbal extract
- L-carnitine and CLA (conjugated linoleic acids)

With usage of **NO artificial colourants** and **NO chemical preservatives**. All products comply with **NON GMO** certification.

Eminent

Eminent
MINI ADULT

Eminent
SELECTION

Eminent
**VETERINARY
DIET**

**GLUTEN
FREE**

Between 60 - 80 % of the proteins of animal origin

SORGHUM OR RICE

No wheat or other cereals containing gluten causing allergies.

Prebiotics MOS and FOS

Assure optimal digestion, protect against diarrheal diseases, boost the immune system and support a glossy and healthy coat.

Herbal complex

nettle (urinary tract, liver, detox)

anise (digestion, anti-bloating effect)

yucca (immunity, reducing excrement odour)

Special additives

Coconut oil, omega 3 and 6 fatty acids, apples, pea, biotin, beta-glucans, glukosamine and chondroitin, L-carnitine, vitamin E.

Hydrolyzed poultry liver or hydrolyzed lamb protein

Easily digestible protein that does not induce allergic reactions and boost the palatability of kibbles.
