BVS–Story 1: In the smart furniture industry, our customer Steve search for a poe solution that seamlessly integrates aluminum alloys into walls. After dozens of suppliers replied that they could not solve the problem, because of the high cost of proofing, low success rate, only five are willing to proofing test, BVS took the lead in success and exceeded customer expectations, simplifying the customer after–sales service process. The customer got the solution and jumped for joy. “This is what am I looking for, the perfect product!”

Industrial Mini Computer: GW-B series

Size	178*127*55mm
CPU	Intel Celeron J1900, Core i3 i5 i7

ROM	64GB, 128GB, 256GB, 500GB
I/O ports	DC power, Audio & Video port, USB, RJ45, COM, VGA, HD/M1, etc

The image shown here is indicative only. If there is inconsistency between the image and the actual product, the actual product shall govern. And configuration is optional.

BVS–Story 2: New customer Tom approached BVS about their need for a mini PC for a specific application. After understanding their needs, our R&D and sales teams met with the customer several times to discuss the configuration and finally decided on the most suitable mini PC. The customer was deeply moved by our excellent service and excellent product quality, and the customer was excited to say, “Although I only place a small order with you, it is better than the vip service I enjoy when I place a large order of thousands of units from other suppliers.”

Industrial Mini Computer: GW-D series

Size	234*205*53mm
CPU	Intel Celeron J1900, Core i3 i5 i7
RAM	2GB, 4GB, 8GB, 16GB
ROM	64GB, 128GB, 256GB, 500GB
I/O ports	DC power, Audio & Video port, USB, RJ45, COM, VGA, HD/M1, etc

The image shown here is indicative only. If there is inconsistency between the image and the actual product, the actual product shall govern. And configuration is optional.

BVS–Story 3: At BVS, we build strong personal relationships with our customers. For Alex’s birthday, we made a personalized video for him. In addition, when the client’s child was born, the team sent a thoughtful hand–made wooden toy. These small acts of tenderness show that what we are pursuing is not a cold business transaction, but a heart–to–heart communion.

Commercial Mini Computer: GW-O series

Size	158*144*50mm
CPU	N100
RAM	2GB, 4GB, 8GB, 16GB
ROM	64GB, 128GB, 256GB, 500GB
I/O ports	DC power, Audio & Video port, USB, RJ45, COM, VGA, HD/M1, etc

The image shown here is indicative only. If there is inconsistency between the image and the actual product, the actual product shall govern. And configuration is optional.

BVS-Story 4: Last year, while we attending an exhibition in Dubai, a salesperson sincerely invited a long-time client Johnny to join them. Although the client was scheduled for a business trip elsewhere, they made a special effort to fly to Dubai, wanting to express gratitude for the thoughtful birthday gift and continuous support from the salesperson. Coincidentally, the client’s birthday had recently passed, and the salesperson decided to surprise them with a celebration. They organized a dinner at a popular hot pot restaurant. During the meal, they shared stories and laughter. The client was deeply touched by the unexpected birthday celebration, and tears of gratitude glistened in their eyes.

Industrial Panel PC: XC series

Screen size	15", 15.6", 17", 19", 21.5"
CPU	Intel Celeron J1900, Core i3 i5 i7
RAM	DDR3 2GB, 4GB, 8GB
ROM	SSD 64GB, 128GB, 256GB, 500GB
I/O ports	DC power, Audio & Video port, USB, RJ45, COM, VGA, HD/M1, etc

The image shown here is indicative only. If there is inconsistency between the image and the actual product, the actual product shall govern. And configuration is optional.

BVS–Story 5: A smart home customer James asked to solve the power problem of the Ethernet port of the X86 motherboard, and our salesmen and technicians immediately flew to their company and successfully assisted in solving it. The customer said to us happily: "Your quick and effective solution has perfectly solved the problem that has been bothering us, more efficient than local suppliers, hope we can maintain long-term friendly cooperation."

Industrial Panel PC: QG series

Screen size	10.4", 12.1", 15", 15.6", 17", 18.5", 19", 21.5"
CPU	Intel Celeron J1900, Core i3 i5 i7
RAM	DDR3 2GB, 4GB, 8GB
ROM	SSD 64GB, 128GB, 256GB, 500GB
I/O ports	DC power, Audio & Video port, USB, RJ45, COM, VGA, HD/M1, etc

The image shown here is indicative only. If there is inconsistency between the image and the actual product, the actual product shall govern. And configuration is optional.

BVS–Story 6: The BVS team received an urgent order from a long–term customer Jack. It was required to be completed in two weeks, a full five days ahead of schedule. In the face of this challenge, the production manager immediately called an emergency meeting of the whole company, the whole company staff to help, the boss also joined in, everyone worked overtime, and finally successfully delivered before the delivery date.

Open Frame Monitor: M5 series

Screen size	10", 15", 17", 19", 21.5", 22", 23.8", 27", 32", 43", 65"
Touch Type	No touch or Capacitive touch
I/O ports	DC power, USB/COM, VGA, HD/M1, etc.

The image shown here is indicative only. If there is inconsistency between the image and the actual product, the actual product shall govern. And configuration is optional.

BVS–Story 7: In the gaming industry, open–frame monitors play a crucial role. When we became aware of the issues with screen blackouts and compatibility problems with 3M touch screen software, we didn’t choose to retreat or stand idly by. Instead, we invested significant time and effort into tackling these challenges with innovative solutions. Our team collaborated closely, striving to find the best solutions for each issue, ensuring that customers experience seamless and smooth operation when using our products.

Desktop POS System: T series

Screen size	15.6"
CPU	Intel Celeron J6412/ J1800/ J1900, Core i3/i5
RAM	DDR3 2GB, 4GB, 8GB
ROM	SSD 32GB, 64GB, 128GB, 256GB, 500GB
I/O ports	DC power, Audio & Video port, USB, RJ45, COM, VGA, HD/M1, etc

The image shown here is indicative only. If there is inconsistency between the image and the actual product, the actual product shall govern. And configuration is optional.

BVS–Story 8: Daniel originally purchased their equipment from another supplier but came to us for after–sales support. Even though the equipment wasn’t from our company, we went above and beyond to provide the assistance they needed with dedication and expertise. Impressed by our commitment and the quality of service they received, Daniel made the decision to switch their orders to us, becoming a loyal client.

## Desktop POS System: L series

Screen size	15", 15.6", 17"
CPU	Intel Celeron J6412/ J1800/ J1900, Core i3/i5
RAM	DDR3 2GB, 4GB, 8GB
ROM	SSD 32GB, 64GB, 128GB, 256GB, 500GB
I/O ports	DC power, Audio & Video port, USB, RJ45, COM, VGA, HD/M1, etc

The image shown here is indicative only. If there is inconsistency between the image and the actual product, the actual product shall govern. And configuration is optional.

BVS–Story 9: In a pos transaction, our saleswoman noticed an extra \$90 in the payment and asked the customer Matthew if there were additional items they needed. To her surprise, Matthew replied that the extra amount was a birthday gift for her, expressing gratitude for her enthusiastic service and support over their long partnership. “You’re not just my business partner; you’re my friend,” Matthew warmly remarked. Our salesman feeled very warm and moved, because sincere cooperation and pay to get the same sincere return.
