

We create the best handcrafted pet wear.

For dogs and cats to recover swiftly and
safely from their injuries.

Suitical
Happy pet, happy life!

Do we like pets? NO We're crazy about them!

A happy pet lights up our lives with their unconditional friendship and love.

That's why, together with professional veterinarians, we design and manufacture our high-quality patented, handcrafted wear from a pet-centric approach. Designed with compassion for pets of all sizes, using safe, breathable, washable, and sustainable materials.

Helping dogs and cats worldwide feel comfortable and free during their recovery.

HAPPY  Suitical

PET,

When to use Suitical?

After medical procedures.

With rashes,
hot spots and
skin issues.

Overgrooming
and shedding.

When in heat or with
light incontinence.

Provides
nursing pets
a break.

Wounds,
with or
without
sutures.

From the tiny to the tall,
our products bring comfort
to them all.

Available in: 

Ensuring every dog & cat feels comfortable and free!

The Suitical Recovery Suit is a fantastic alternative to the e-collar! Our pup can enjoy the grass again, eat and play easily without bumping into things. She's super comfortable and can relax however she wants. Ever since the collar is gone, she's so happy, it's like she's a whole new pup.

★★★★★ Jeremy - USA

Our kitten was recently spayed and came home home with the dreaded collar. It caused her a lot of stress in a short time. We ordered multiple recovery suits, but this one was by far the best! She has worn it the past 15 days during her recovery with no issues using the litter box. We washed the suit once, and it still looks as good as new.

★★★★★ Jayne - USA
