

Premium Pet Care Products Infused with Dead Sea Minerals

Product Catalogue

ABOUT SHAMPET

Shampet began in 2020 with a simple question: if Dead Sea minerals can transform human skincare, why not create the same quality care for pets?

With years of experience in developing mineral-based skincare, the team spent three years researching, testing, and perfecting formulas — working alongside certified doctors in Saudi Arabia, Dubai, and the USA. The goal was clear: safe, effective grooming solutions that solve real problems pets face every day.

The first line of products launched was the Pet Care Mineral Shampoos, designed to tackle common issues like shedding, dandruff, and fleas. Building on this success, Shampet expanded to create Dry Shampoos and Deodorizing Sprays, giving cats and dogs freshness and comfort between baths.

Today, Shampet continues to grow with the same vision it started with — combining the natural power of Dead Sea minerals with expert care, so every pet enjoys healthier skin, shinier coats, and the comfort they deserve.

WHY US?

At Shampet, we believe grooming should do more than just clean. That's why every product is enriched with Dead Sea minerals — magnesium, calcium, and potassium — to naturally soothe skin, hydrate coats, and strengthen from the inside out.

By combining the gifts of nature with careful formulation, we create grooming solutions that keep pets healthy, comfortable, and looking their best. Safe, effective, and trusted by pet parents and professionals — Shampet is the care your pets truly deserve

SHAMPET

EVERYTHING WE DO IS DRIVEN BY PASSION

BENEFITS OF OUR PRODUCTS

Shampet harnesses the power of Dead Sea minerals to create premium grooming solutions for pets.

Containing **over 21 essential minerals**, including magnesium, calcium, and potassium, our shampoos and sprays gently cleanse, deeply nourish, and effectively protect – delivering a luxurious grooming experience with every use.

- **Deep Cleansing**

Gently removes dirt, excess oils, and impurities without stripping natural moisture.

- **Soothing & Healing**

Reduces inflammation, relieves itching, and helps with skin conditions like dryness and irritation.

- **Strengthens & Hydrates**

Enhances coat texture, strengthens hair follicles, and prevents shedding.

- **Odor Control**

Naturally neutralizes odors while maintaining a fresh, healthy coat.

- **100% Natural Ingredients**

Safe, gentle, and effective for all breeds and skin types.
