## **1. COMPANY PROFILE**

"PROINVEST STROY" LTD is a Bulgarian company, founded in the year 2006. We are one of the leading Bulgarian manufactures and specialist in play solutions for all age groups, where the safety is paramount. As one of the largest commercial playground equipment manufacture in Bulgaria, allows us to offer very competitive pricing and the most comprehensive selection of outdoor recreation and playground equipment in the industry. All of our play equipment is completely designed, manufactured and installed to the recognized safety European Standard BS EN1176 "Playground Equipment Standard"- specifies the general safety requirements and test on the playground & EN1177 "Impact Absorbing Playground Surfacing" - specifies the requirements for surfacing to be used on children's playgrounds and specific requirements for areas, where impact attenuation is necessary.

Over the past years, we have helped thousands of customers create play environments that are SAFE, AFFORDABLE and FUN. We live to help our customers create exciting and safe play areas. This commitment to excellence and total customer satisfaction is what sets us apart from other ordinary playground companies.

## **2. INFORMATION OF PRODUCTS & SERVICES**

Our production range includes:

- ❖ Wide range of **children's outdoor & indoor playground equipment, adapted for people with disabilities** (swings, slides, smart and educational

playgrounds, play structures, themed play, springers, seesaws, roundabouts and dynamics, cableways, balancing and climbing equipment, playhouses, sandpits and water play, playground accessories etc. All play equipment design issues such as play value, ergonomics, general safety, compliance with European safety standards, appearance, strength, durability, fire resistance, vandal resistance, UV stability, colors, graphics and cost are addressed. All detailed play equipment design work is carried out by our experienced designers, using the latest 3D CAD software. The play is so important to all children in the development of their physical, social, emotional and creative skills that society should seek every opportunity to support it and create an environment that encourages it. Society as a whole has a greater understanding of the importance of play, in particular, how it is intrinsically linked to learning, health and social development. A broad range of exciting, manipulative components enhances play activities on our products and ensure endless hours of imagination, enabling the child to go wherever he or she wants. Our range offers lots of exciting combinations and designs. The play structures provide endless opportunities for excitement, speed and movement for everyone in this age group. The structures also provide meeting places where children can sit and make plans, allow for a few moments rest, chat with a friend, or just relax.

## ❖ **Customer services**

For some customers planning and purchasing a playground can be a challenge. By working in partnership with Proinvest Stroy LTD we can make this challenge a fun and exciting experience for all of our customers. We offer a variety of services which will make the purchase of your playground hassle free. You can always count on Proinvest Stroy LTD to support you every step of the way – before, during and after the installation of your playground equipment. Our turnkey services include:

LTD

YOUR TRUST IS OUR SUCCESS

## ❖ **Playground design advice**

Free of charge custom design consultation with 3D visuals and much more. Play areas should aim to complement and enhance the natural environment. The surroundings of the area, the products selected (comfort, safety, long service life), the target market (age of the users, presence of accompanying adults, accessibility for the disabled) are all factors that have to be taken into account when designing a play or sports area.

## ❖ **Professional installation**

With full ownership over our manufacturing and business processes, we have achieved environmental certification and ISO 9001 and ISO 14001 quality assurance certification. We can supply skilled and qualified teams of installers, trained in installation techniques, and they can provide fast, reliable quality installation services, in compliance with current regulations. We also provide technical assistance, supply complete installation instructions and **assembly manuals** with every product we sell.

## ❖ **Maintenance and after sales service**

Your experience with Proinvest Stroy LTD does not stop with the completion of the installation. To ensure your play area stays in first-class condition why not utilise the services of our dedicated After Sales Team and continue your Proinvest Stroy LTD experience for the lifetime of your play area? Obtaining spare parts for any Proinvest Stroy LTD product is easy and guaranteed.

## ❖ **Guarantees**

Proinvest Stroy LTD is committed to the quality and durability of its products. In addition to using carefully selected materials and applying the highest manufacturing standards, Proinvest Stroy LTD provides extensive guarantees.
