BRILLIANT INNOVATION
PERFECT EXECUTION

FOUNDATIONS

More than 37 years of mold making and injection molding expertise make DLG Tactical a domestic powerhouse in production of polymer firearms accessories. We are proud of our design team focusing on user friendly, elegant and sturdy gears. Our fully integrated facility (in-house R&D, mold making and injection molding) gives us the edge on flexibility, agility and total control of the entire manufacturing process.

Our mission is to continuously challenge ourselves to create better quality and more reliable products. Our orchestrated business processes give us an edge in optimizing cost and quality through coherence in design and manufacturing. In addition, our capability to customize according to customer requests is unsurpassable.

Our flexible and agile production capabilities and top-notch communication give us the edge in collaborating with other businesses on the most sophisticated projects as a dependable partner.
