slightly acidic shampoo.

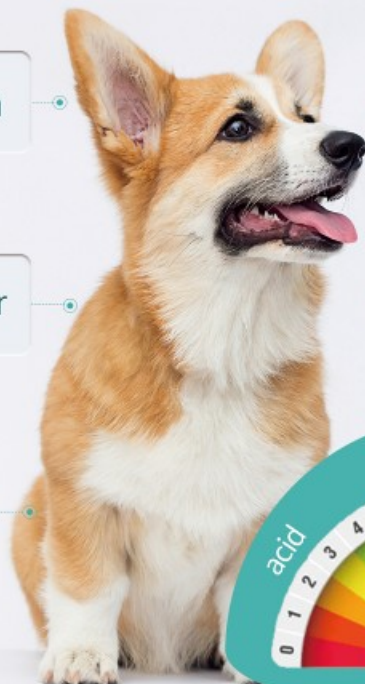

Softer skin than human

structure that are difficult to
manage independently

Body covered in the hair

Longer bathing cycle
than human

Living in an environment
close to the floor

Introducing the world's first PDRN

D-Station, premium skincare solution
for beloved dogs and cats.
Protect the skin health of your pet
with the magic of PDRN

D-Station, a product meticulously crafted by individuals who understand and share the perspective of pets.

D-Station

uses only high-quality PDRN directly extracted and produced by the company Wellbiotec PDRN.

Salmon nucleic acid is not PDRN.
Salmon nucleic acid is one of the omega-3 fatty acids.

PDRN stands for Polydeoxyribonucleotide, extracted from salmon DNA, and is a specialized ingredient for skin regeneration and inflammation soothing.

“

PET SKIN CARE SHAMPOO

”

D-STATION PET SKIN CARE SHAMPOO is highly effective in preventing and alleviating various skin diseases by combining PDRN, known for its excellent cell regeneration properties, with patented ingredients.

Additionally, it helps alleviate psychological stress experienced by dogs and their owners by effectively maintaining the dog's skin condition.

This is the world's first premium pet shampoo infused with PDRN

“VOLUME UP PET SHAMPOO”

D-STATION VOLUME UP PET SHAMPOO is a product that combines innovative ingredients such as PDRN, Manuka Honey, Beta Gluca, Black Grain Complex (black bean extract, black sesame extract, black rice extract), panthenol (vitamin B5), allantoin, and hyaluronic acid.

Our products not only strengthen skin immunity but also provide protection against UV-B rays. They alleviate hair loss, prevent skin problems, and promote collagen production, while also offering anti-static properties.

For beloved pets with curly hair, it enhances shine and volume. Our products are designed for use by both dogs and cats.

“SKINCARE MIST”

D-STATION SKINCARE MIST boasts a blend of innovative ingredients, including PDRN, Manuka Honey, Arginine, Beta-Glucan, Panthenol, Allantoin, Hyaluronic Acid, and more.

Our products strengthen skin immunity, prevent skin diseases, and protect against issues caused by UV-B rays. They contribute to maintaining healthier pet fur and are excellent for promoting collagen production and preventing static electricity.

Additionally, the antibacterial properties provided by PDRN, Manuka honey, beta-glucan, arginine, and other auxiliary ingredients make it useful for cleaning pet paws after a walk and eliminating bad odors. Our products are designed for use by both dogs and cats.

(*The design of the container may be subject to change.)

“SKINCARE CREAM”

D-STATION CREAM is meticulously formulated with a variety of exceptional ingredients, featuring the innovative PDRN, Tocopherol, Olive Oil, Manuka Honey, Beta Glucan, Caprylic Triglyceride, Feverfew Extract, and Shea Butter.

D-STATION PET SKIN CARE CREAM is designed to address the most vulnerable areas to external contamination, such as your pet's hairless abdomen, soles, and around the anus.

It is intended to be applied to hairless areas to hydrate, improve skin health, and effectively control unpleasant odors. Our products are designed for use by both dogs and cats.

“PET CARE EAR CLEANER”

D-STATION EAR CLEANER is the result of extensive research and development, featuring the innovative ingredient PDRN and a blend of auxiliary ingredients to enhance your dog's ear health.

D-STATION PET CARE EAR CLEANER is designed to not only effectively remove dust and foreign substances but also prevent the buildup of external bacteria in the ears, promoting your pet's health and comfort.

Additionally, it excels at eliminating bad odors. Our products are designed for use by both dogs and cats.

“EYE AREA CARE CERUM”

D-STATION EYE AREA CARE SERUM is composed of innovative ingredients such as PDRN, panthenol, and Manuka honey, along with a blend of various components including beta-glucan, niacinamide, and hyaluronic acid.

This unique formula supports skin regeneration, boosts immunity, and promotes overall health around your pet's eyes, face, and neck, helping to reduce tear stains.

The same positive effects can be observed even when applied to areas other than the face. Our products are designed for use by both dogs and cats.

D-STATION Premium Products Line Make your beloved companion feel special

the world's first **PDRN** grooming product.

raw PDRN

D-STATION

(*The design of the container may be subject to change.)

raw PDRN

D-STATION products feature PDRN extracted from salmon in pristine areas like Alaska, ensuring the highest quality for your pet's well-being.
