# Tecnogas – Air conditioning products

Equipments, tools

Temperature and  
humidity measure  
instruments

Refrigerant gas  
bottles

Vacuum and  
charge equipments

Sealants, additives  
and leak detectors

System washing  
and sanitizing  
solutions

Copper pipes and  
connections

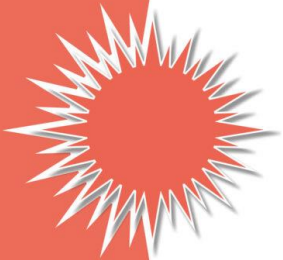

Brackets and  
supports for  
external units

Trunking

Condensation  
discharge  
accessories

# Tecnogas – Heating products

**RISCALDAMENTO**

Civil and industrial  
pressure regulators  
for methane, LPG and  
water

Gas and water filters

Ball and butterfly  
valves for gas

Solenoid valves for  
gas, water, steam and  
diesel

Domestic and  
industrial gas  
detectors

Pressure gauges for  
water and gas

Thermostats,  
chronothermostats

Gas and water  
meters

Hoses for gas and  
water

Dielectric, transition  
and anti-vibration  
joints

Welding accessories

# Tecnogas – Mechanical ventilation products

VMC systems

Ventilation and air  
treatment systems

Air curtains

Feed PLENUM for  
channels

Insulated 2-ply PVC  
flexible pipe

Grilles

# Tecnogas – Flue products

PPS and PP systems  
for condensation

Coaxial systems in  
PVC/PP and  
PP/aluminium for  
condensation

Split systems in PP  
for condensation

Split systems and  
coaxial systems in  
aluminium for  
traditional boilers

Accessories for pellet  
stoves
