

HPRC cases featuring

low detectability by infrared viewers.

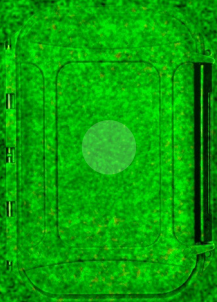

- ✓ HPRC TTX01® resin formulation, **enriched with a special masterbatch and specific long fiber compound.**
- ✓ Designed to **reduce detectability** in specific operational conditions.
- ✓ Cases' original performance and features **fully preserved.**

Test sample

Test sample under IR laser illumination (850 nm) **without** special masterbatch and long fiber compound

Test sample on grass under IR laser illumination (850 nm) **with** special masterbatch and long fiber compound

Test sample on cement under IR laser illumination (850 nm) **with** special masterbatch and long fiber compound
