ABOUT SIG SAUER:

At our state-of-the-art and highly precise production facilities, the SIG SAUER® manufacturing sites produce the finest pistols and rifles, optics, ammunition, suppressors, and airguns for the global market.

In the SIG SAUER Academies®, we train law enforcement, military personnel, and civilians in the safe and professional tactical use of our products.

At SIG SAUER®, we are driven by an unwavering pursuit of quality. We make no compromises when it comes to safety and durability. Whether a SIG SAUER® product is used by a soldier in combat or a police officer protecting the public, you can be sure that when it bears the SIG SAUER® name, it has been manufactured with the utmost precision, has passed numerous tests and quality standards, and is ready to meet any challenge.
