## The Manufacturing Partner Behind Global Brands

Canned & Freeze-Dried | Dog & Cat Nutrition | Export Ready |  
Made in New Zealand

Manufacturing Excellence. Global Standards. Trusted Partnerships.

# About Us

## Who we are

We are a contract/OEM pet food manufacturer, proudly based in New Zealand. Our high-speed, high-precision facility utilises the latest pet food production techniques, resulting in a modern approach to pet nutrition.

For added reassurance we are SQF and MSC/ASC Certified, and a NZ Government Approved Exporter including China Whitelisting.

## Where we are

Our facility is strategically located in the heart of New Zealand's South Island, surrounded by abundant natural resources and a steady supply of varied ingredients.

# Our Product Portfolio

We provide a wide range of both premium wet and dry foods

## Wet

We lead the New Zealand industry in offering wet food textures and flavours that our furry friends crave. From ultra soft mousses to chunky loafs our canned food ranges are both premium and palatable.

Chunky Meat In Gravy Series

Classic Pate Series

Mousse Series

## Dry

We can also provide complete and balance freeze dried food. Freeze drying is a unique process, combining high meat inclusion and minimal low temperature processing through advanced engineering technology and computer control processes. The result when rehydrated for your pet is a high nutritional quality, high protein inclusion and high palatability food.

Freeze-Dried Series

# Product Flavours

Innovation is at the heart of our products. We are always exploring new and functional flavours, ideally from our own backyard: venison, green-lipped mussel, manuka honey, kiwifruit, abalone, salmon, etc.

## Product Packaging

Our easy-open cans come in three different sizes: **3oz (85g), 6oz (175g), 13.5oz (380g)** fills, in retail-ready tray and wrap shippers. Our freeze dried packs also come in three different sizes: **2oz (57g), 9oz (255g), 16oz (453g)** fills in retail-ready packaging. We also provide a bulk pack, **20kg** option.

# Our Complete Service

## Product Development

Our expert nutrition team can create a custom recipe tailored to your needs, or choose from our wide range of market-ready recipes. Let us guide you through the formulation process to bring your vision to life.

## Ingredient Selection

We will assist you in selecting the best New Zealand-sourced proteins and functional ingredients, ensuring palatability and nutritional excellence.

## Manufacturing

As a New Zealand government-accredited pet food exporter, we operate our factory under strict HAC-CP procedures and are SQF Certified ensuring the safety and quality of our products. We utilise the latest in automation technology, delivering both sustainable production methods and clear supply chain traceability.

## Packaging Guidance

Our team will work with you to ensure your packaging designs meet market access requirements. We can also manage all elements of packaging production with local printers to streamline the process.

## Market Access

Our go-to-market support service assists with product registration, market compliance, and regulatory requirements in your target markets. Our knowledgeable team will help ensure a smooth and hassle-free entry process.
