MACFARLANE PACKAGING

air sac ®

50% recycled content

Better for business and the **environment**

Airsac® is our innovative inflatale packaging system for fragile goods. It's reusable, recyclable and 98% air in use.

And now we can offer you Airsac® that's made from **50% recycled content**.

Save money
- Virtually eliminate damages and returns
- Release up to 90% of your storage space, Airsac® packaging is supplied flat
- Airsac® can reduce your pack size and shipping costs

Save time
- Quick inflation reduces your pack time
- Storing Airsac® on your pack desk minimises handling time
- Consistent pack size helps with logistics planning
- Fully recyclable
