

EHEIM Digital Connect App

Deizisau, December 2024 - With the EHEIM Digital Connect App you can take your aquarium management to a completely new level.

All devices in the EHEIM Digital family can now be controlled and networked via app. This allows you to easily organise, regulate and monitor the functions in your aquarium via smartphone or tablet. The EHEIM Digital family consists of external filtration, LED lighting, heating and water cooling, CO2 and pH control, automatic feeding and UV Sterilisation which all devices can be configured individually, customised to your needs and linked together. The app is not only compatible with all current devices in the EHEIM Digital family, but also with future devices. Simple software updates keep you up to date at all times.

Download the EHEIM Digital Connect app to experience modern aquarium management - simple, customised and future-proof (Android: Google Play Store; iOS: Apple App Store).

- Download: (Android: Google Play Store; iOS: Apple App Store)

About EHEIM

The EHEIM company group with headquarters in Deizisau near Stuttgart is a medium-sized family company with subsidiaries in the divisions of aquaristics and property construction. Central to this is the aquaristics group with sites in Europe and Asia. It is one of the leading quality providers in the pet supplies market and is world-renowned for its quality, service and innovation. EHEIM products are extremely popular for their longevity and replacement parts guarantees. The offer includes aquariums, technology and filter systems for aquariums and garden ponds up to fish food and care products. In addition, the company offers shopfitting equipment for specialist pet shops.
