

RESTAR FRAMOS TECHNOLOGIES

RESTAR FRAMOS Technologies GmbH, based in Munich/Germany, is an innovative semiconductor distributor providing strong technical expertise, global logistics, and reliable support. Led by seasoned industry experts, we offer tailored customer service and high-quality components from leading Asian manufacturers with excellent availability and competitive pricing.

RESTAR FRAMOS Technologies is fully ISO 9001 certified and serves a broad range of major European customers across industrial, consumer, and automotive sectors.

IMAGING	VIDEO/MEMORY/MCU	POWER
 Image Sensors, DVB, RF Antenna Switch	 Video Interface Converter ICs: HDMI, eDP/DP, Type-C, USB, LVDS, MIPI	 your power partner. Power Management ICs, Analog ICs, LDO, DC/DC, Audio Amp
 Event-based Image Sensors	 More than Foresee eMMC, NAND FLASH, DDR, SSD	 Energy Harvesting PMICs
 Custom Image Sensors, Standard GS Image Sensors	 SRAMs, MRAMs	 Motor Control ICs
 Image Sensor Modules	 32bit ARM MCUs / CPUs / TPM / BLE	 MOSFETs
 Camera Modules and Event-based Cameras	 AI Speech SoCs, Sensors, Sensor Conditioning ICs	 Magnetic Sensors: 3D, FAMAS, Current
 Engineered for Reliability Lens / optics	<h3>PASSIVES</h3>
