

FARINA MARCO S.R.L.

● ————— ●
Innovative Trimming tools and special Machines

Speaker: Mr. Farina Cristian (Sales manager)

Trim tools per year 70-100

Turnover : > 3.000.000 €

40% Italian market , 60% Europe ,UK , Turkey

Permanent Employees : 20

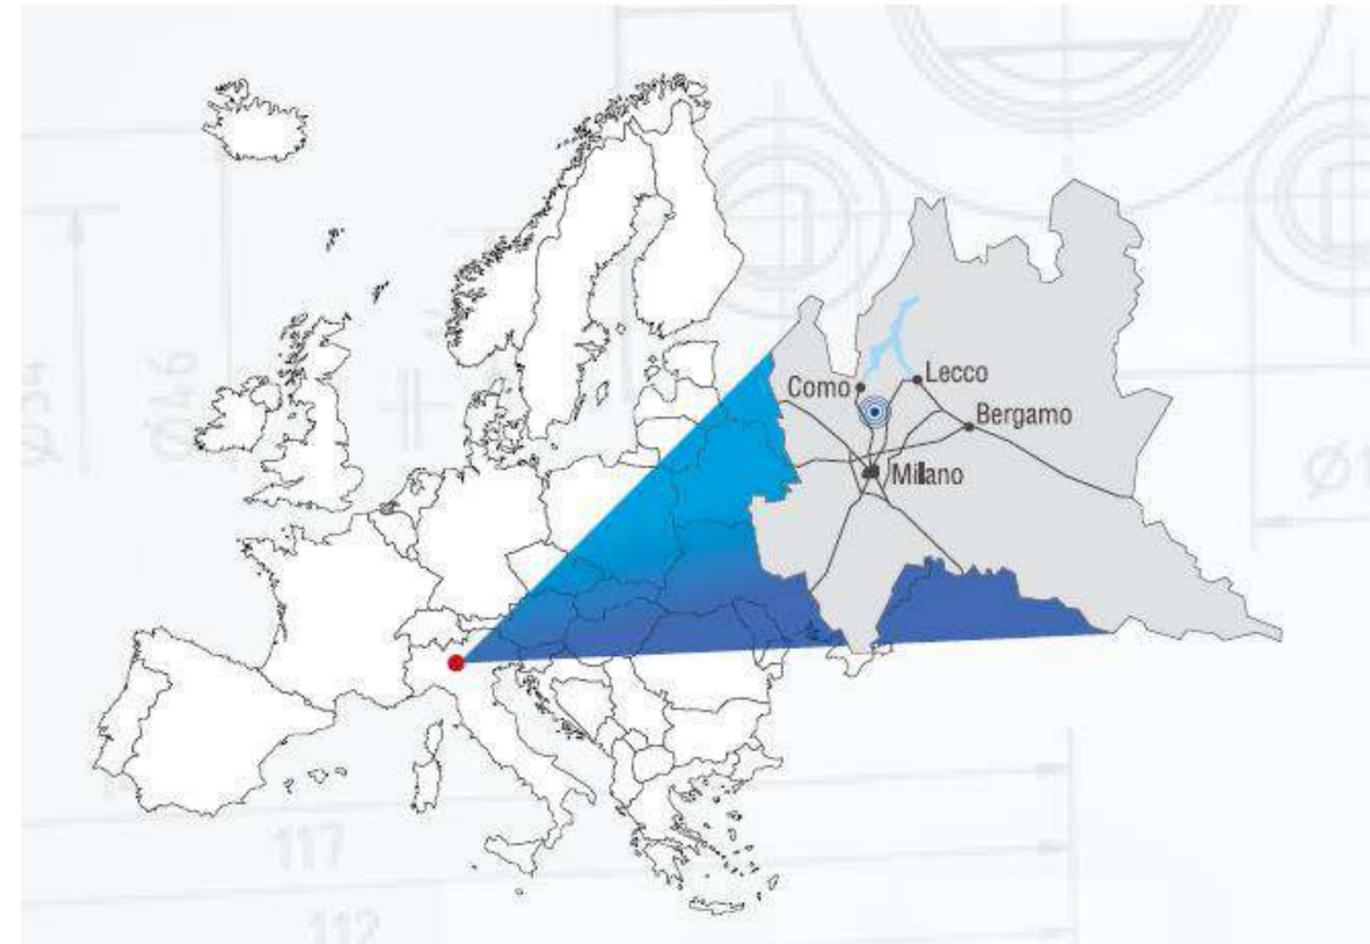

Engineers : 03

Working hours : 35.000

Max. weight : 5+5 Ton

Max. dimensions : 2500x1800x1400

Cantu' (Como) Lombardy

Farina Marco Srl since 1974 has developed skills in the design, construction and maintenance of high-tech **TRIM TOOLS** to trim aluminum and magnesium casting.

We also produce **SPECIAL MACHINES** for additional operations like Drilling, Tapping , Sawing

Main clients are high pressure die casting foundries and OEM

More 2000 Trim tools produced!

100 % in house production
DESIGN, MACHINING ,ASSEMBLY , TESTING

**We produce trimming tool for HIGH PRESSURE AND LOW PRESSURE
ALUMINIUM AND MAGNESIUM**

AUTOMOTIVE:

Powertrain components

(Gearboxes , Cylinder blocks , Steering housing, Pump Flanges, Clutch housing)

STRUCTURAL PARTS

(Bearing flanges , Shock tower, Instrument panel , Battery case, Door frame , Console)

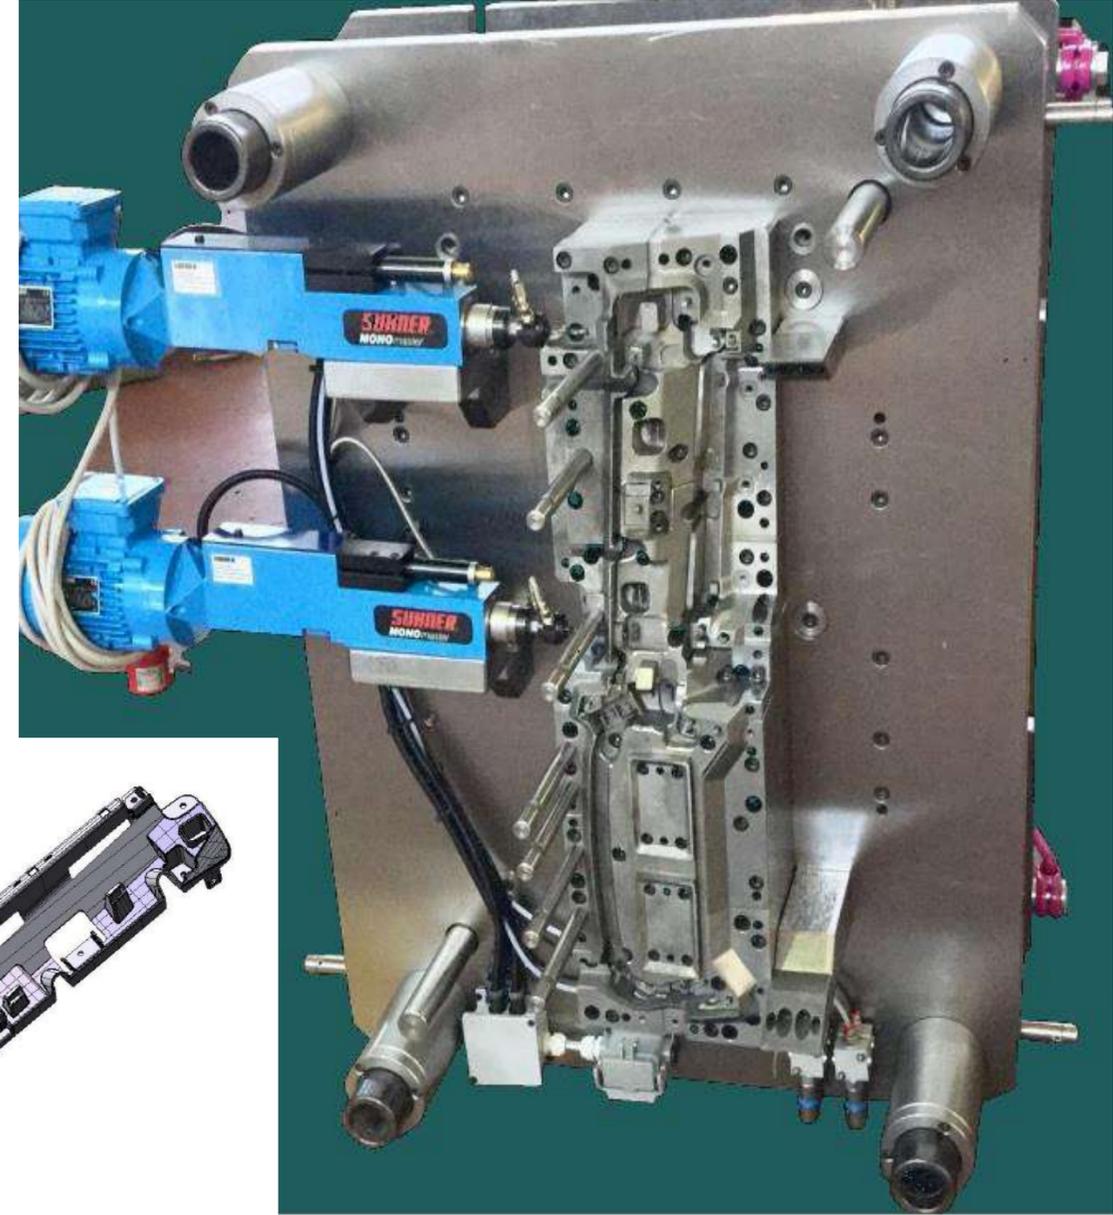

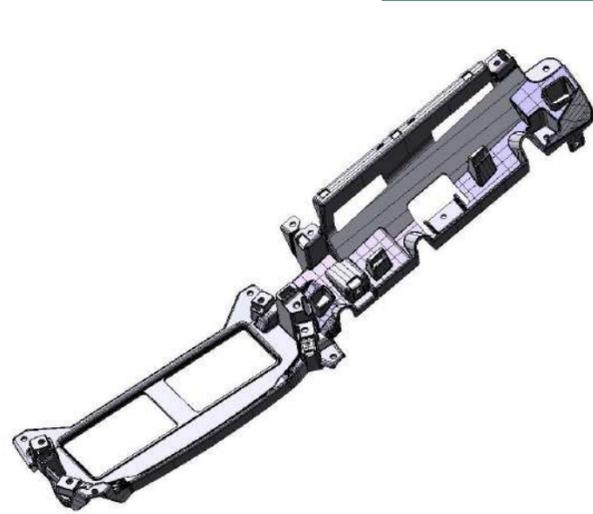

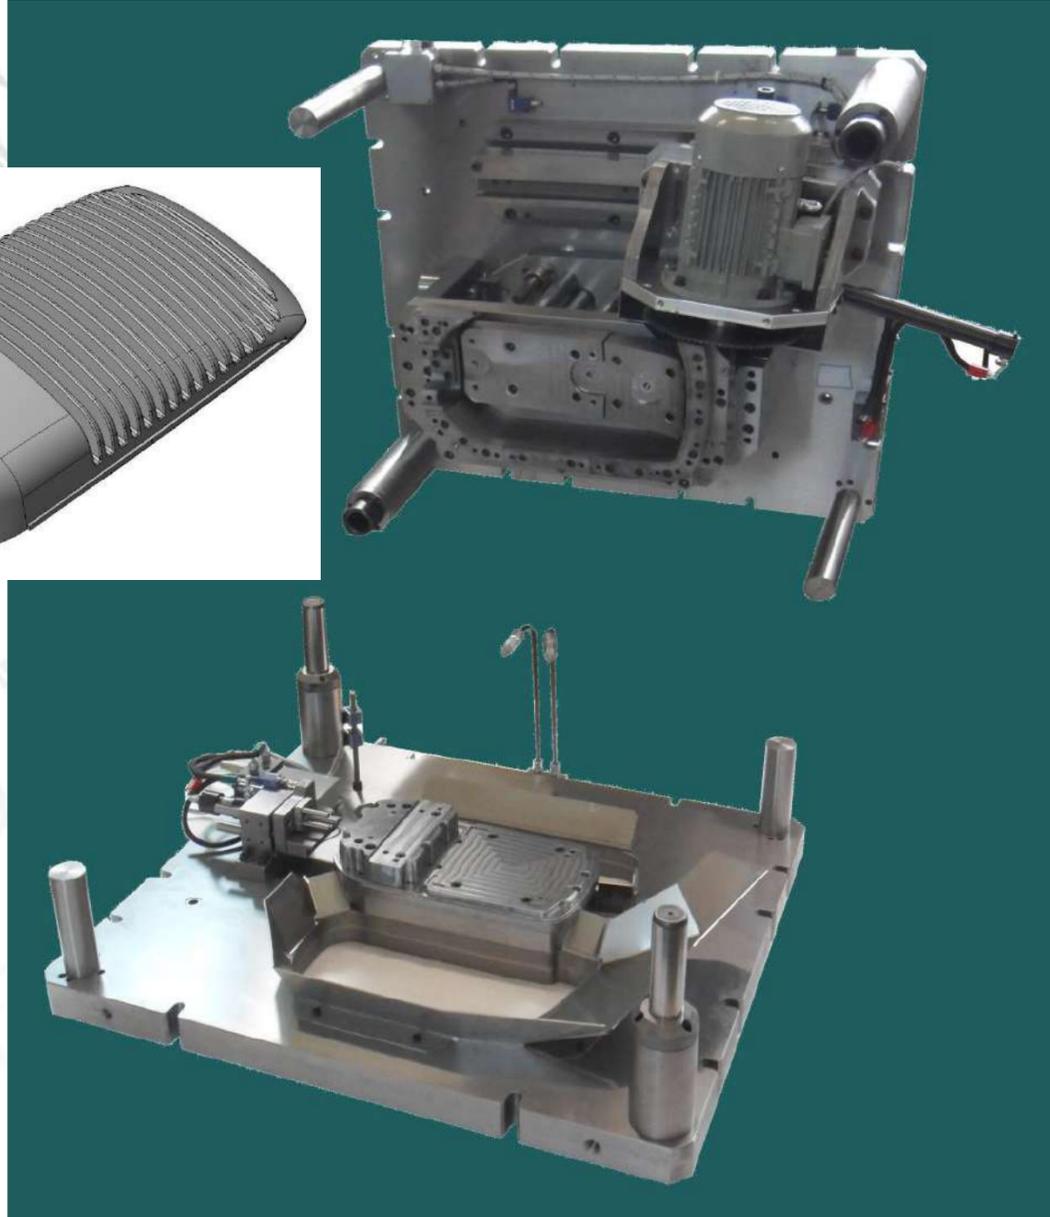

LIGHTING AND INDUSTRIAL COMPONENTS

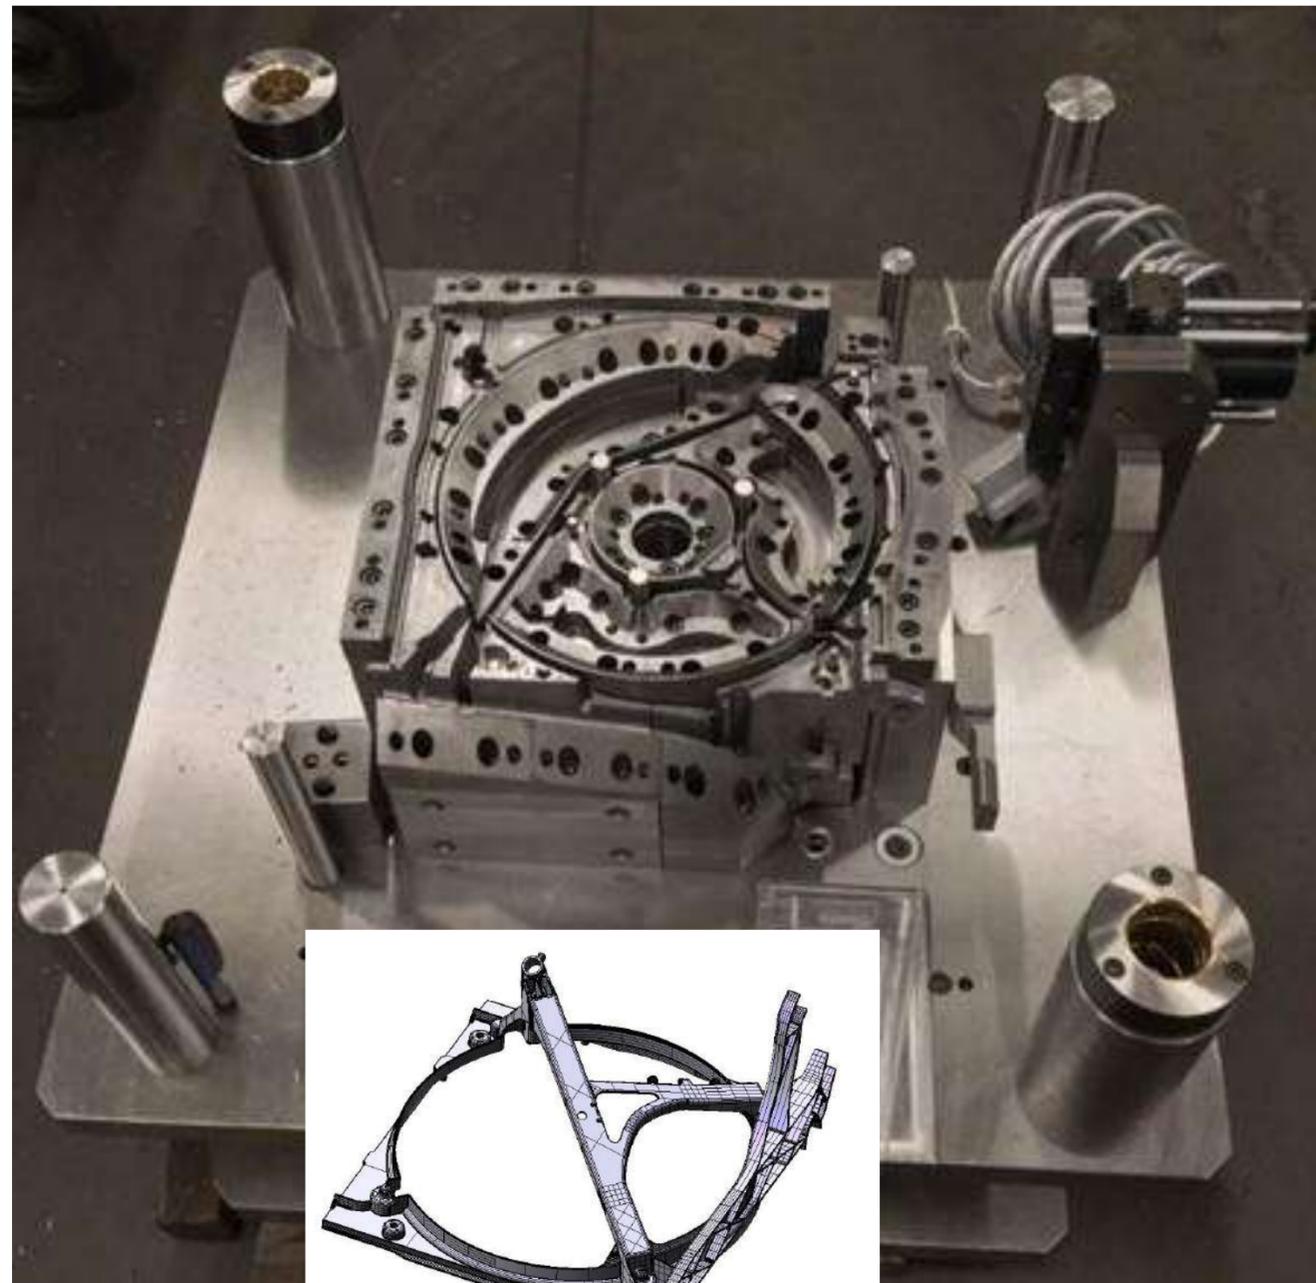

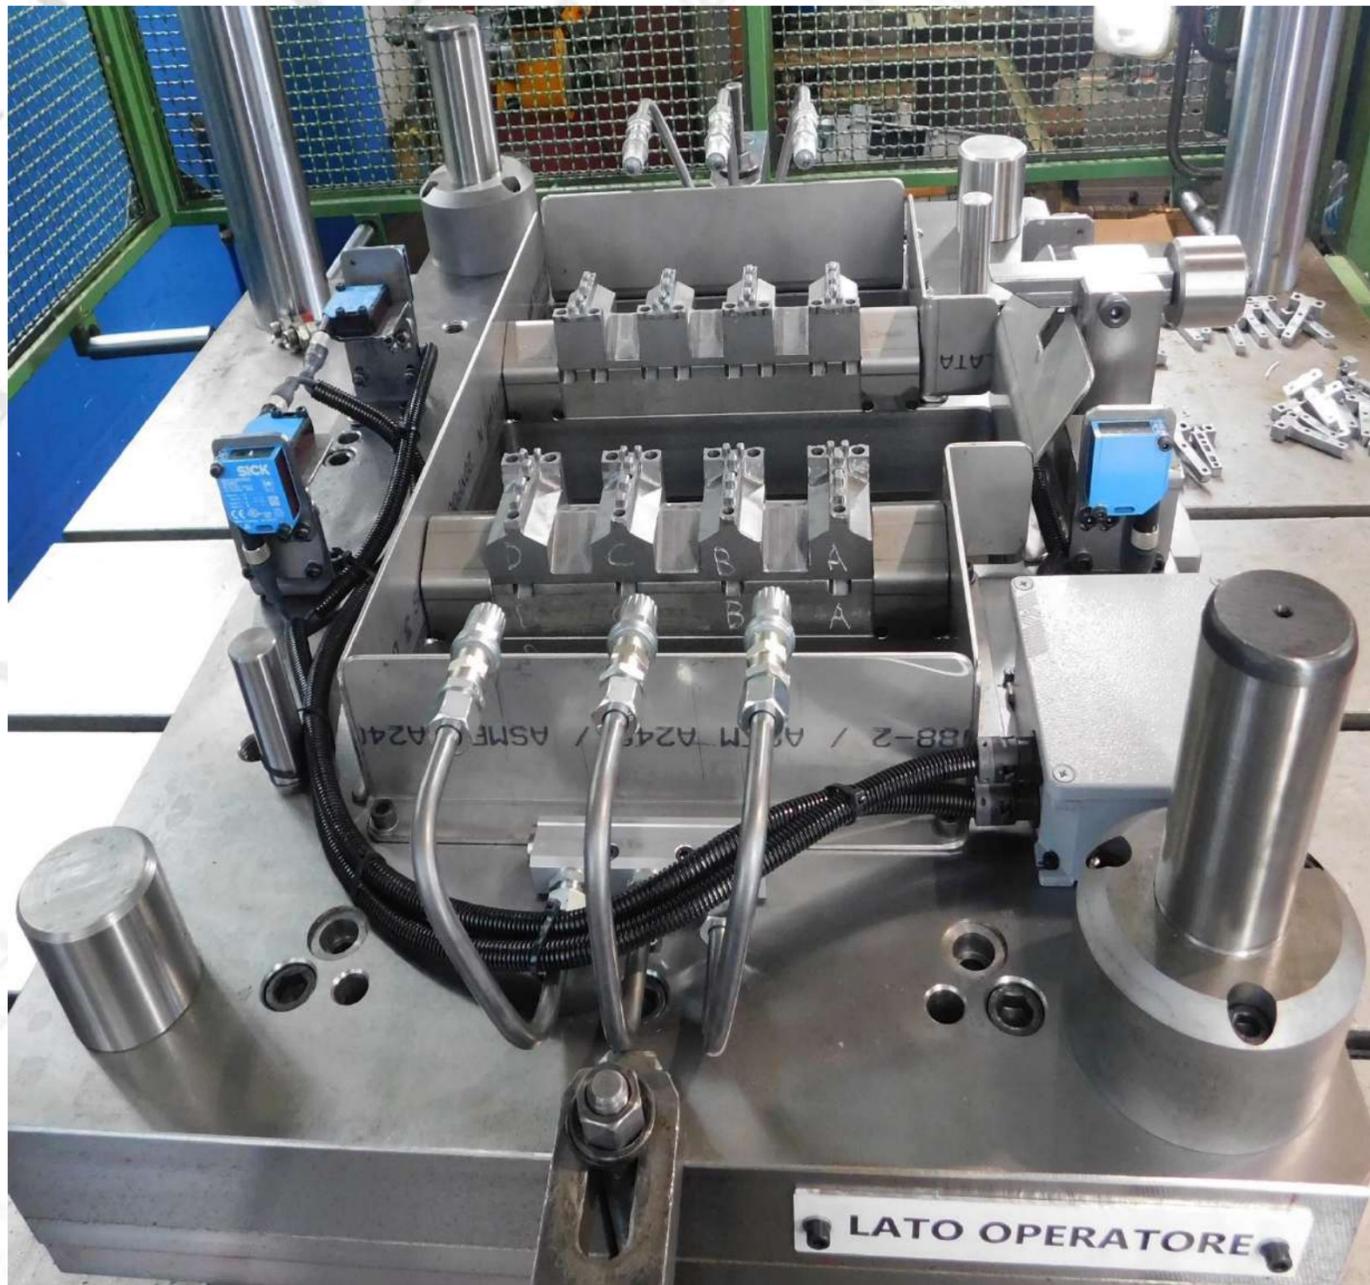

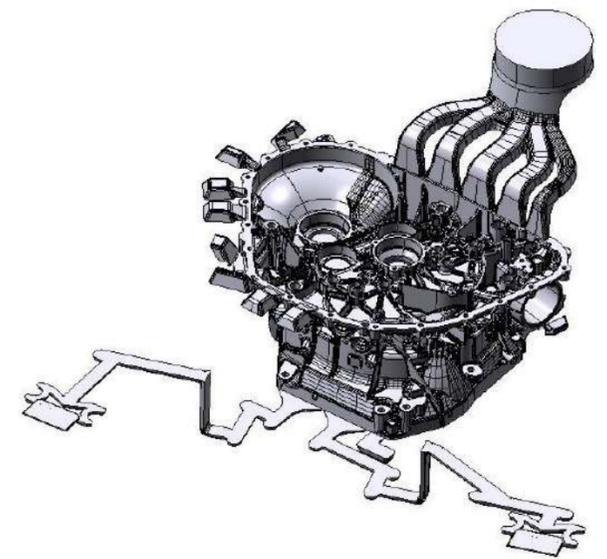

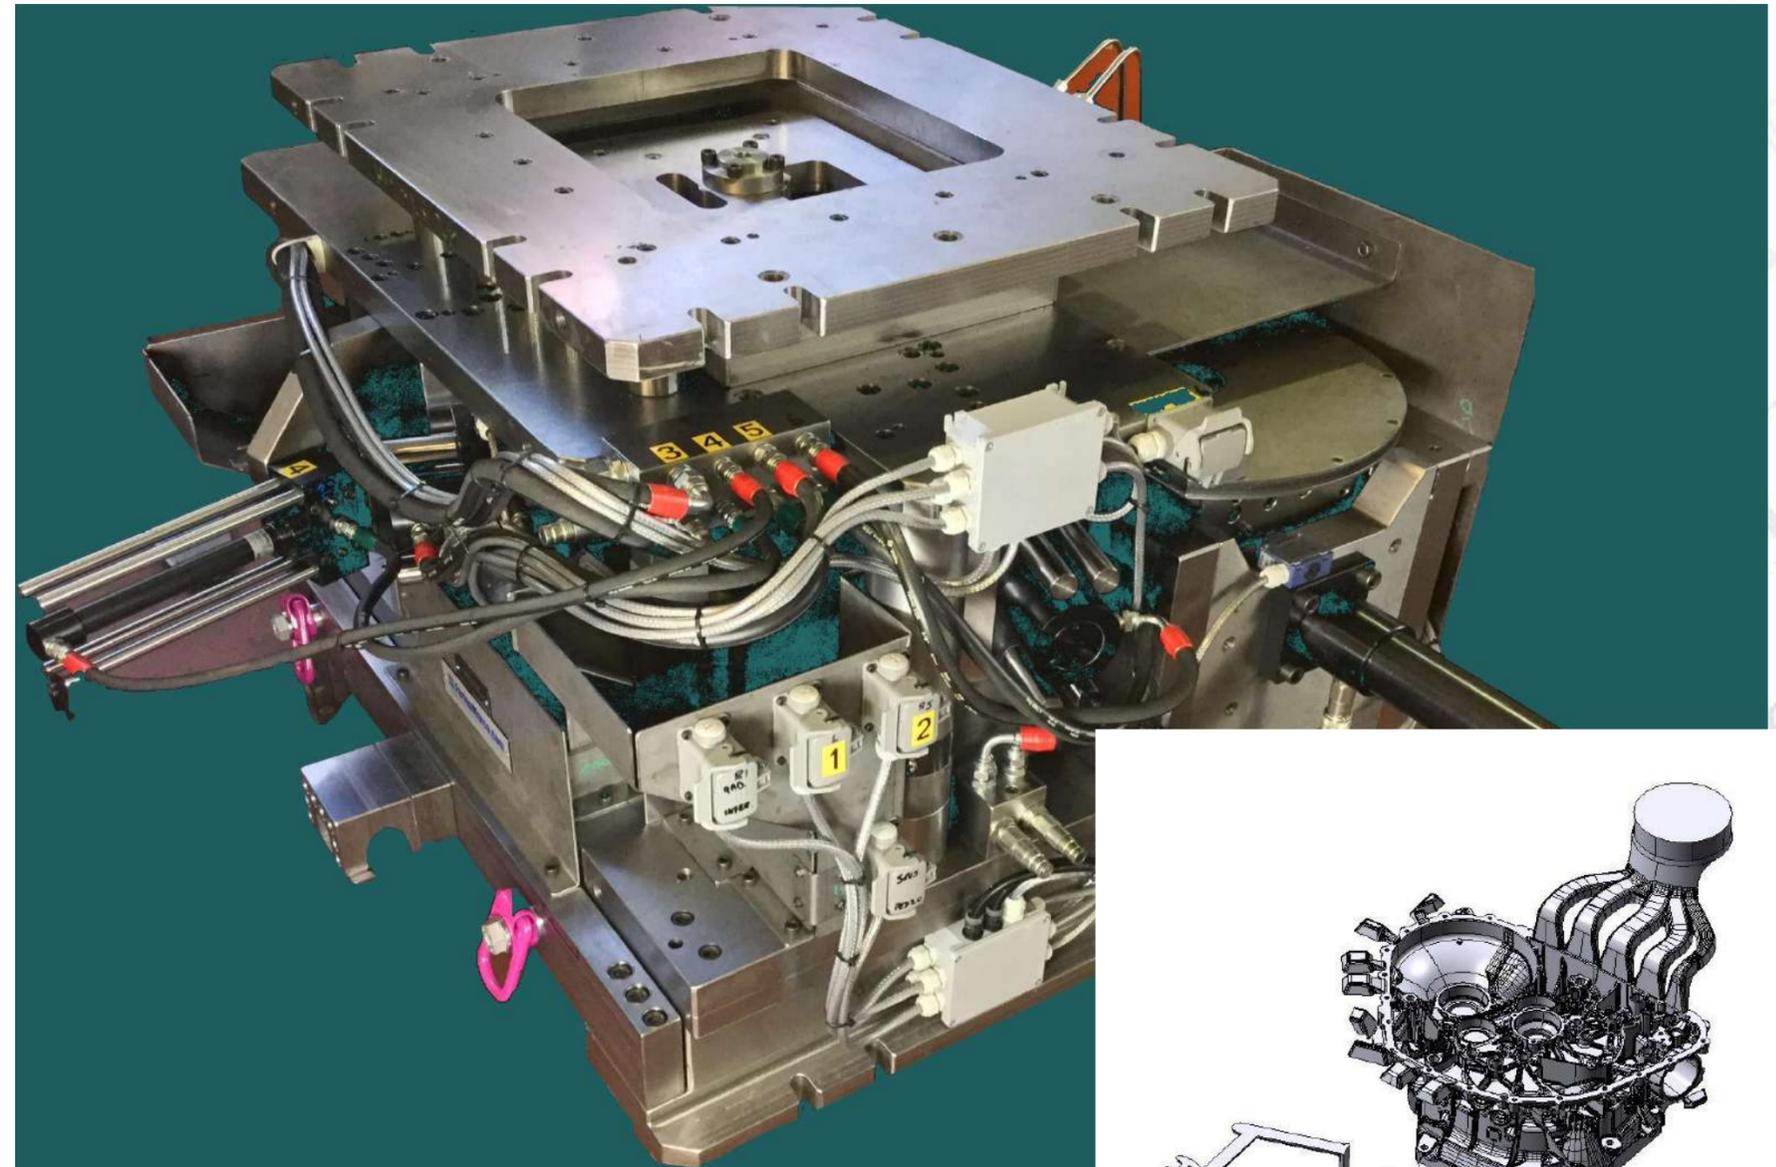

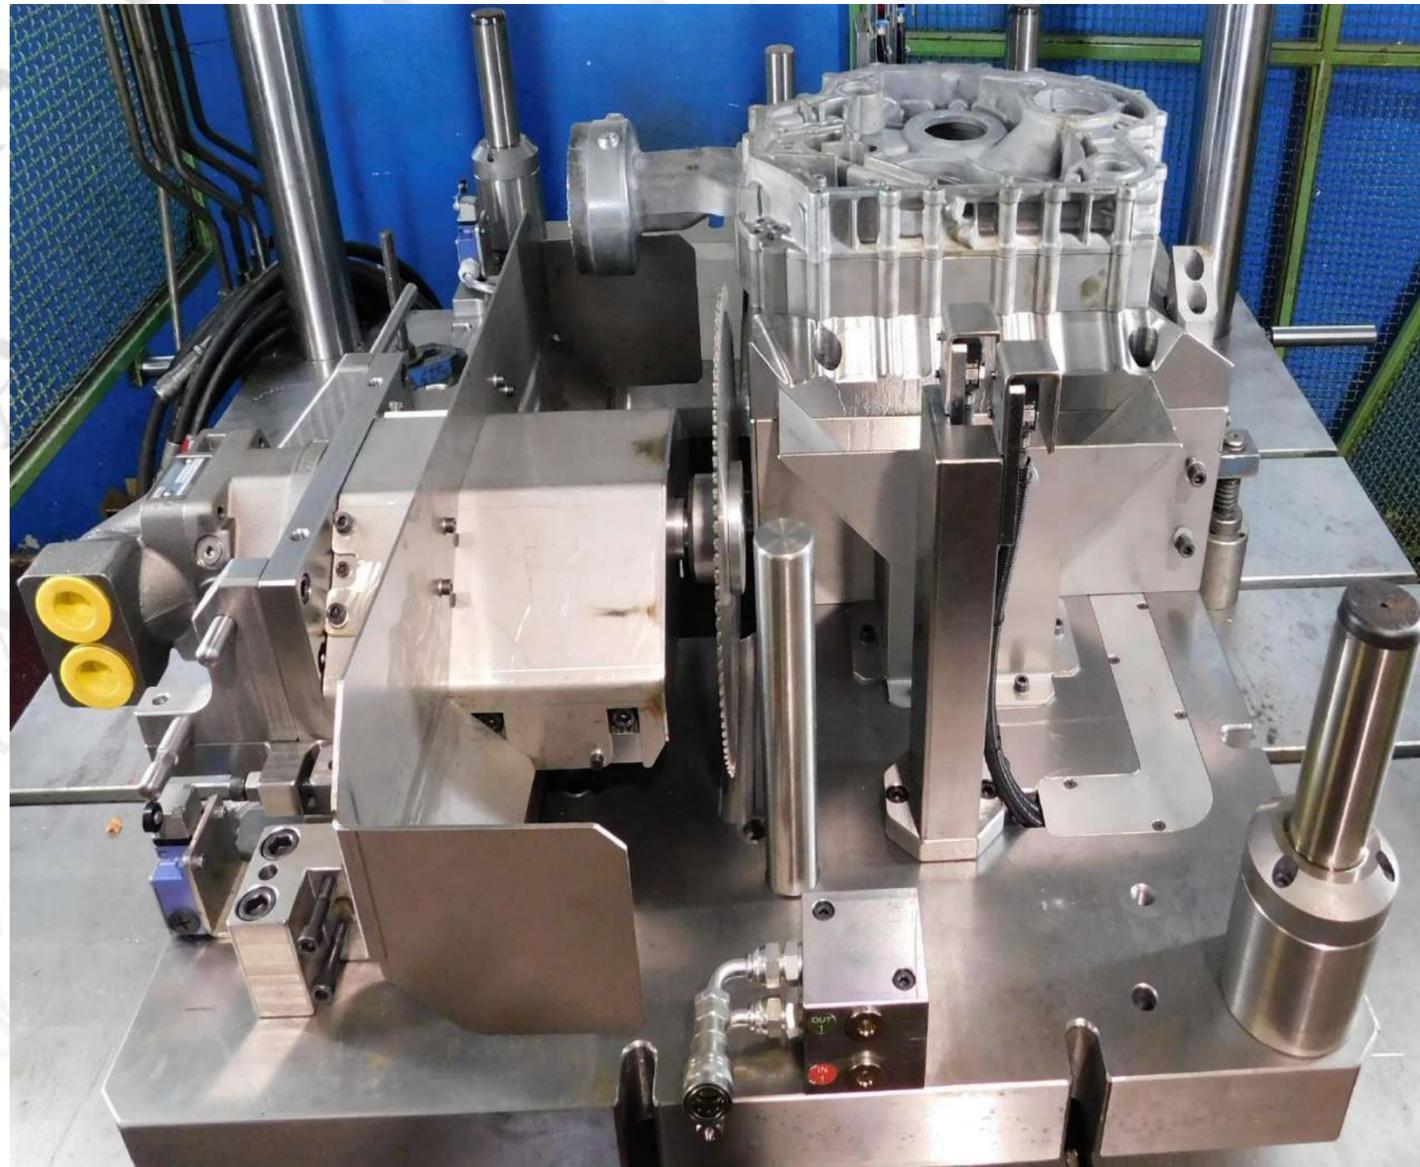

TRIMMING TOOLS

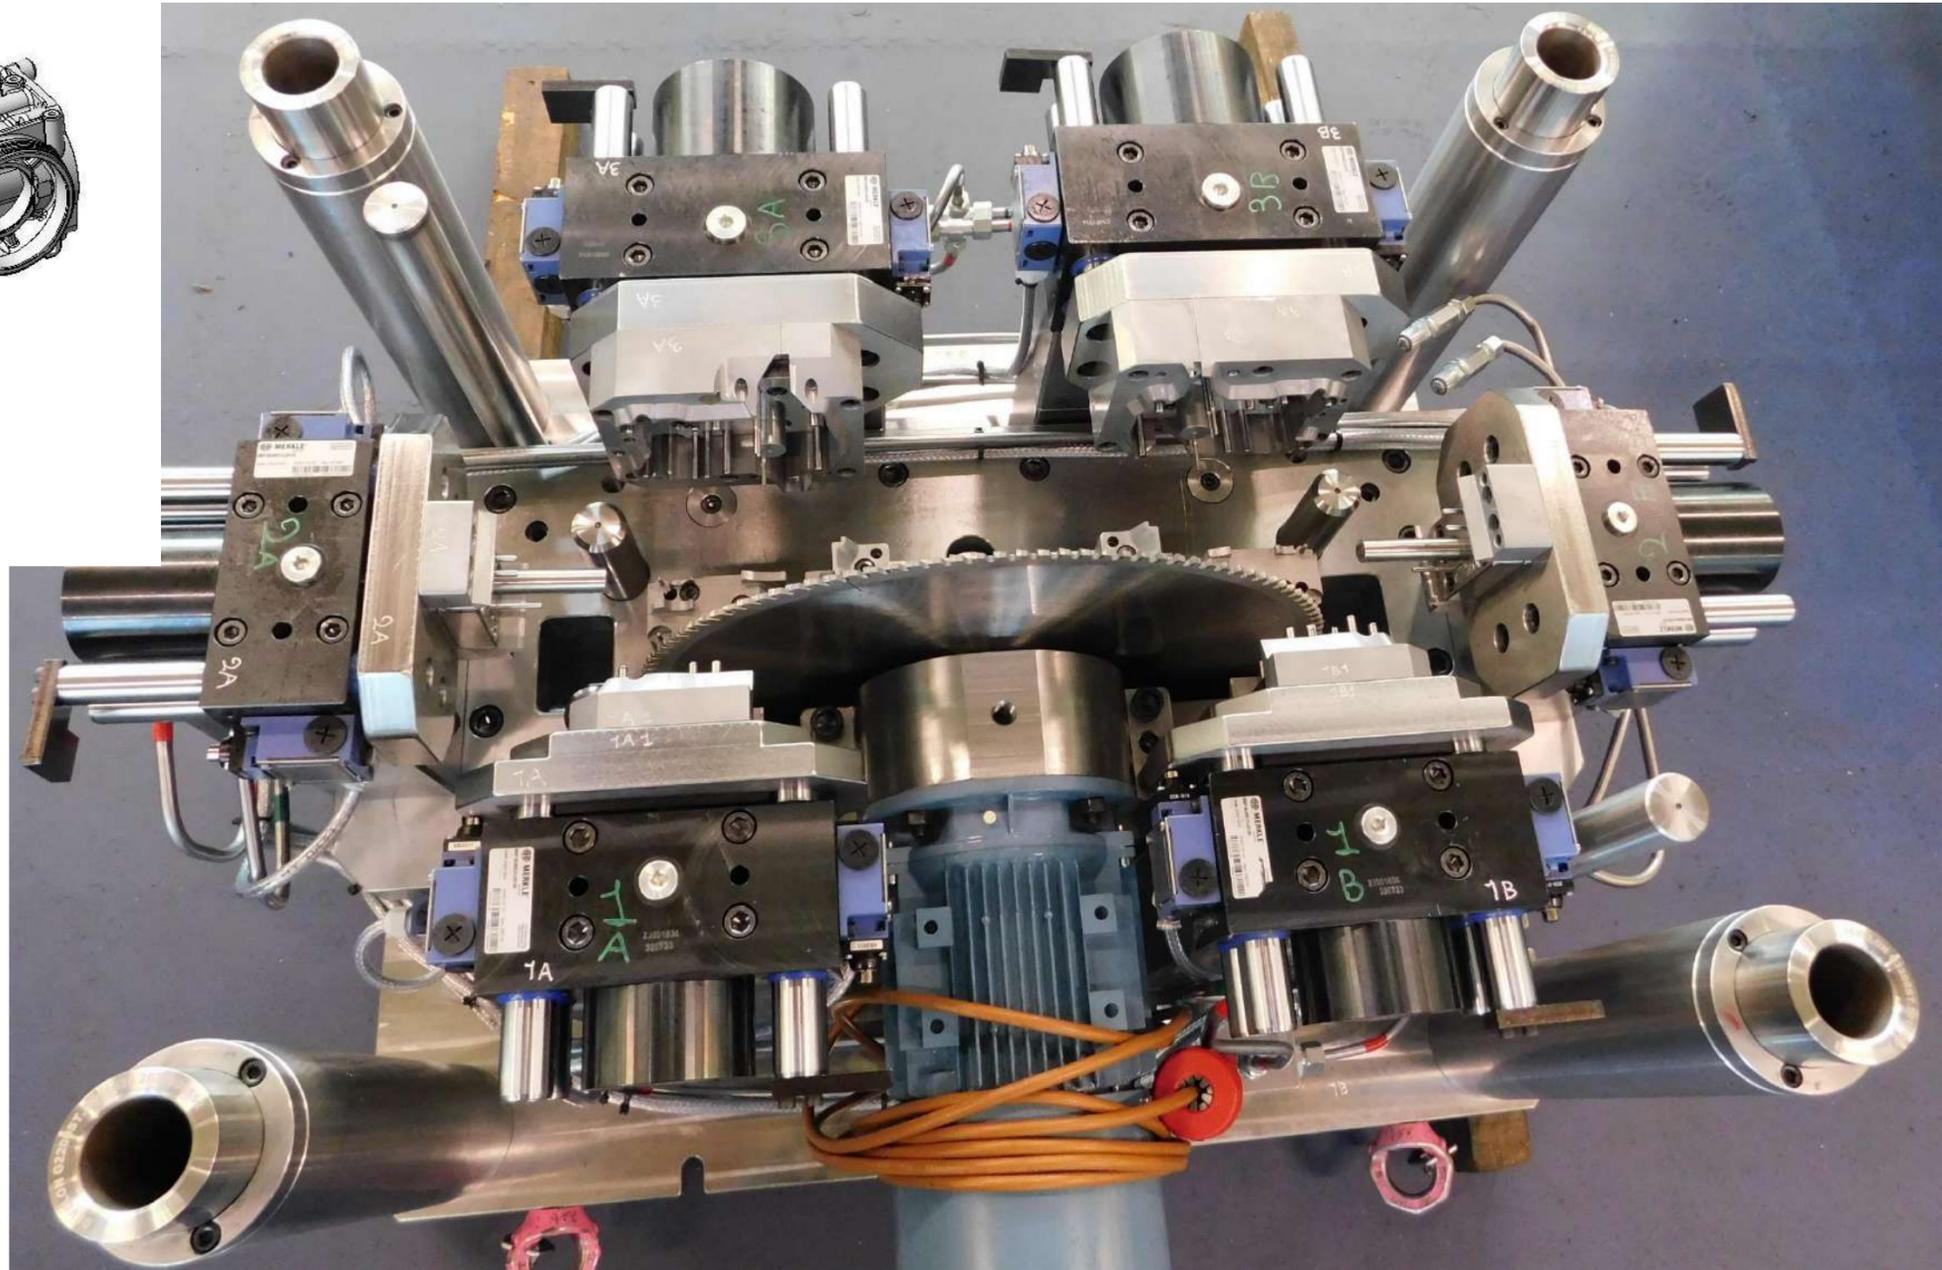

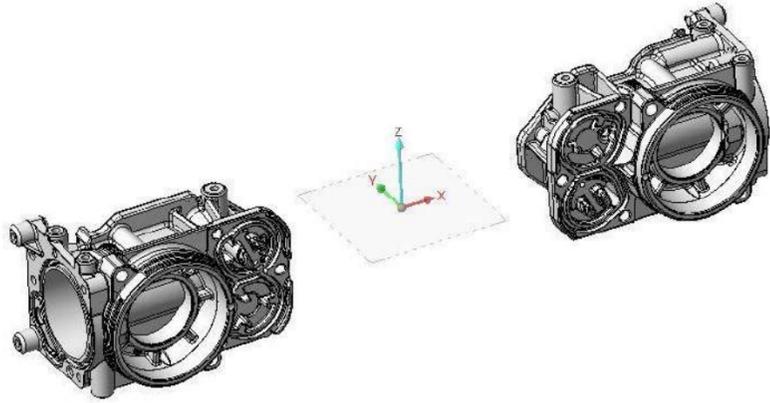

With hydraulic slides ,
drilling unit , sawing motors

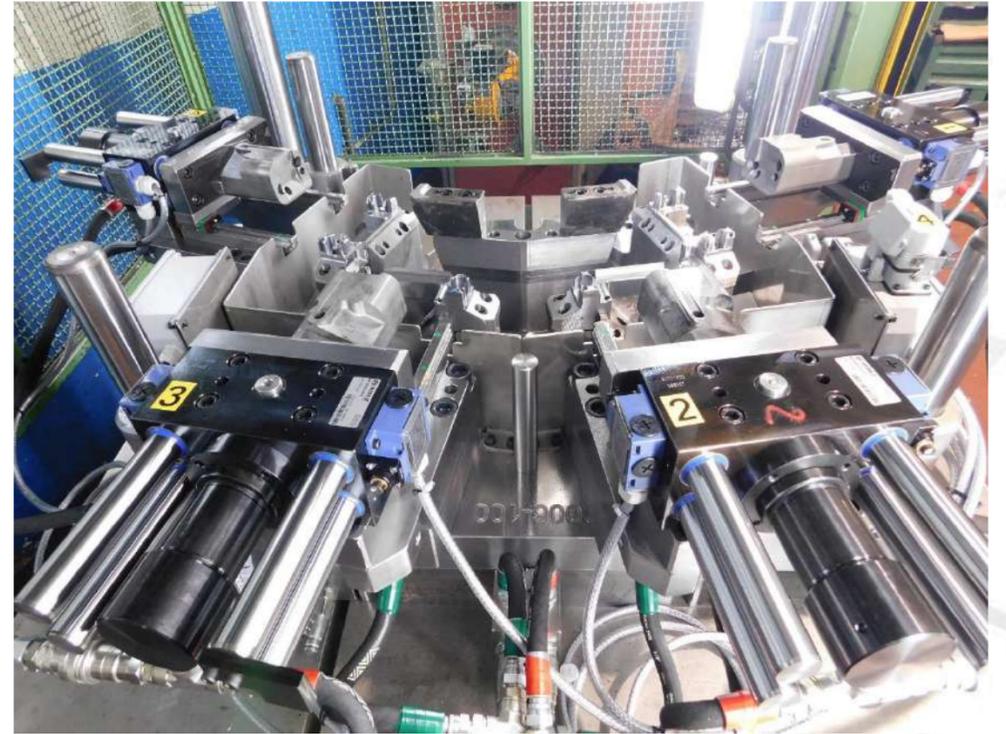

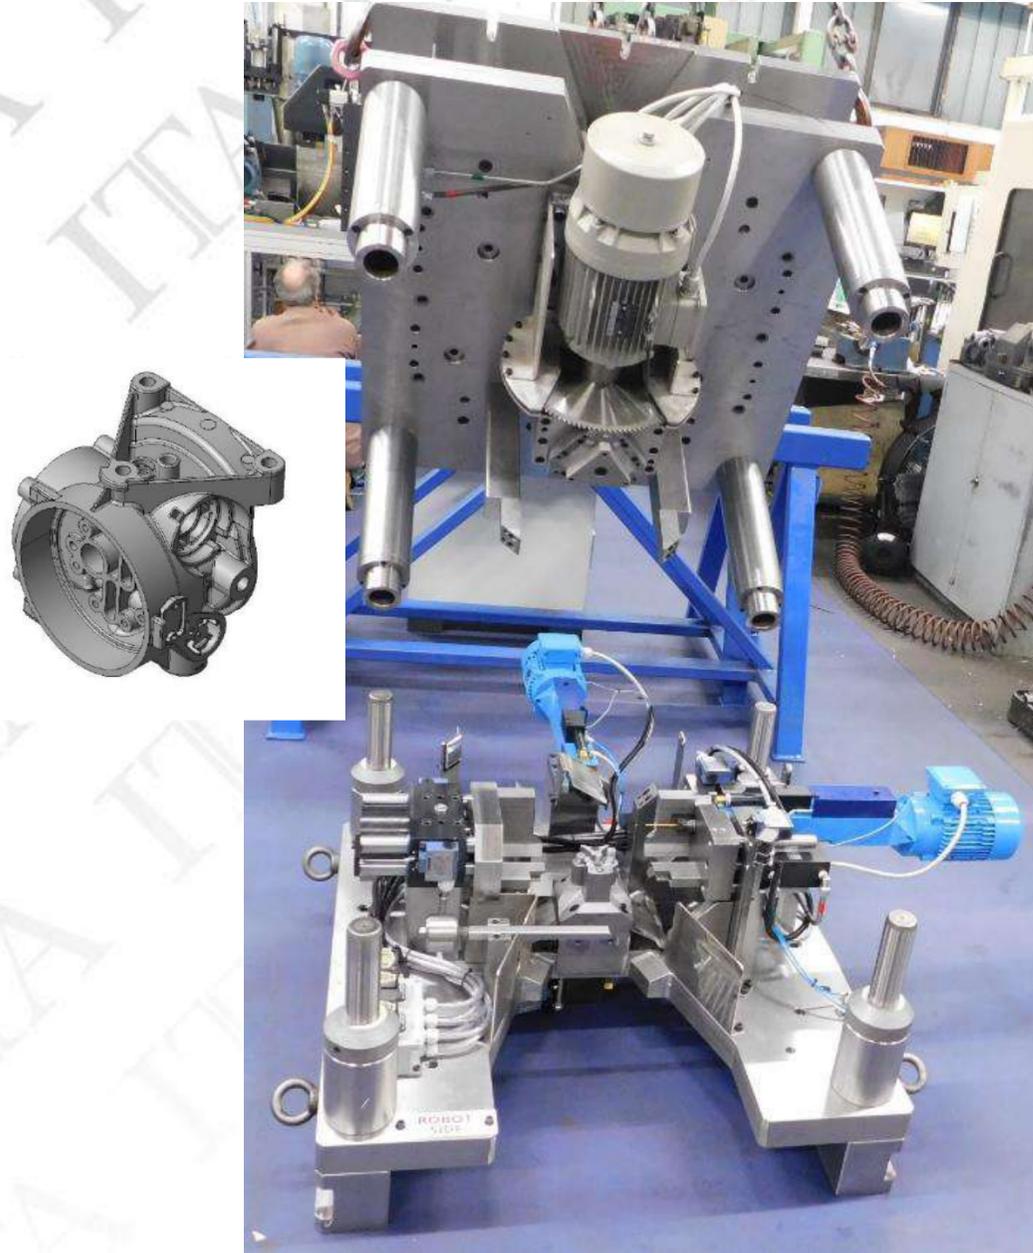

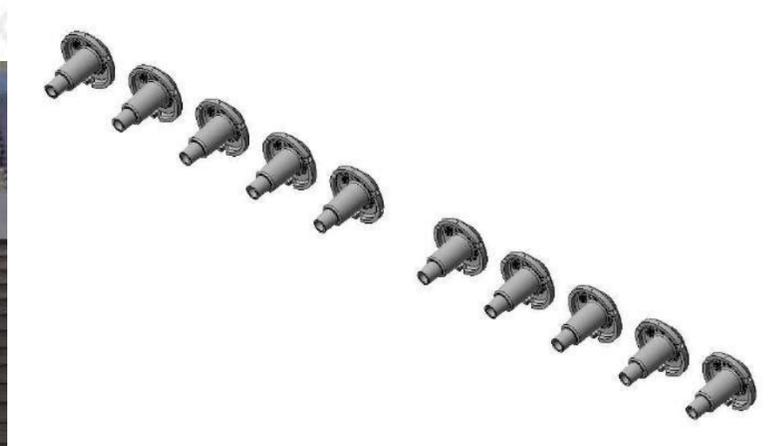

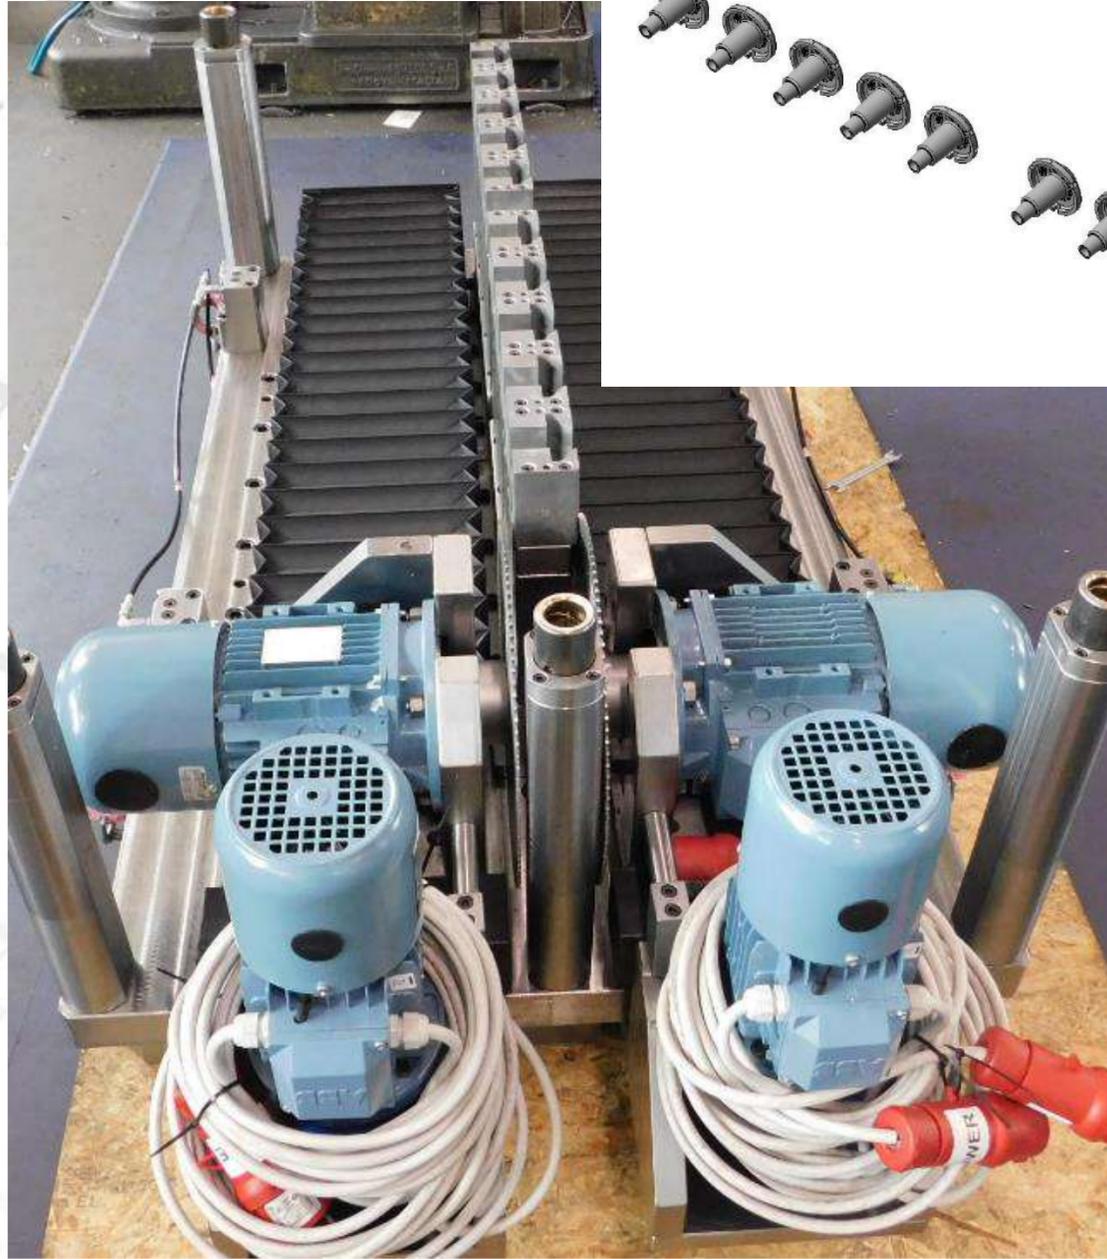

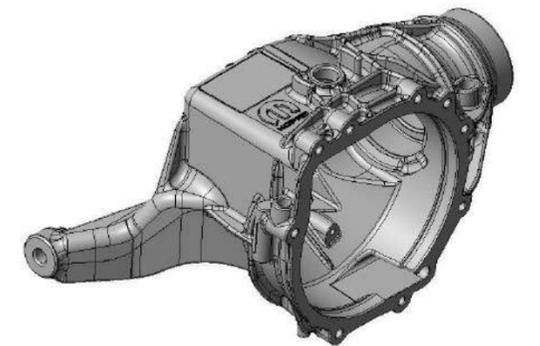

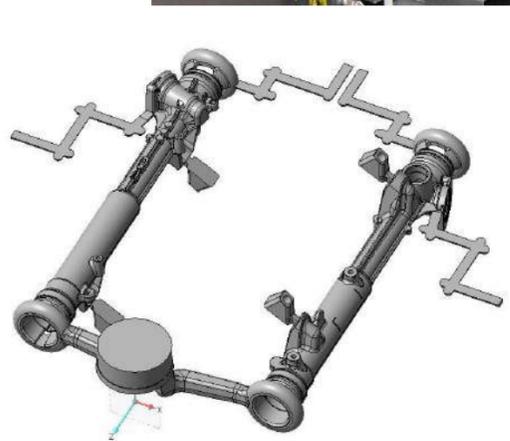

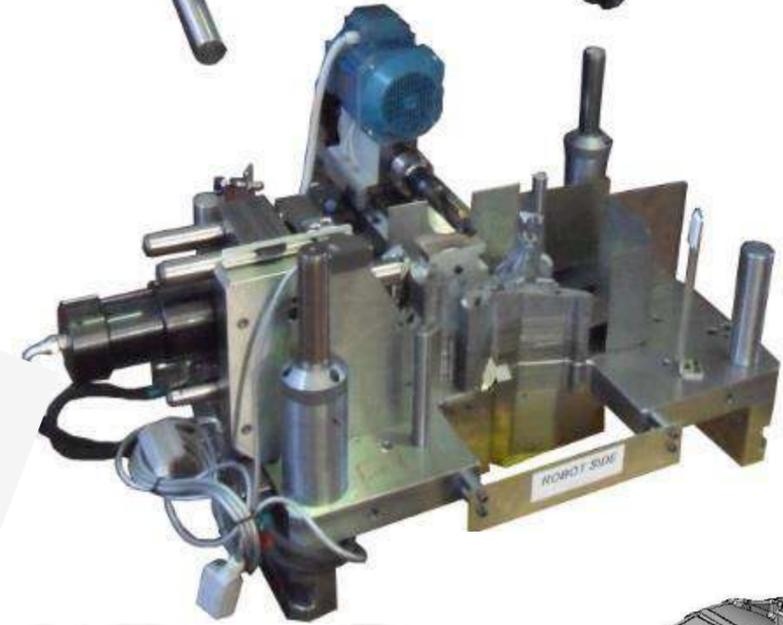

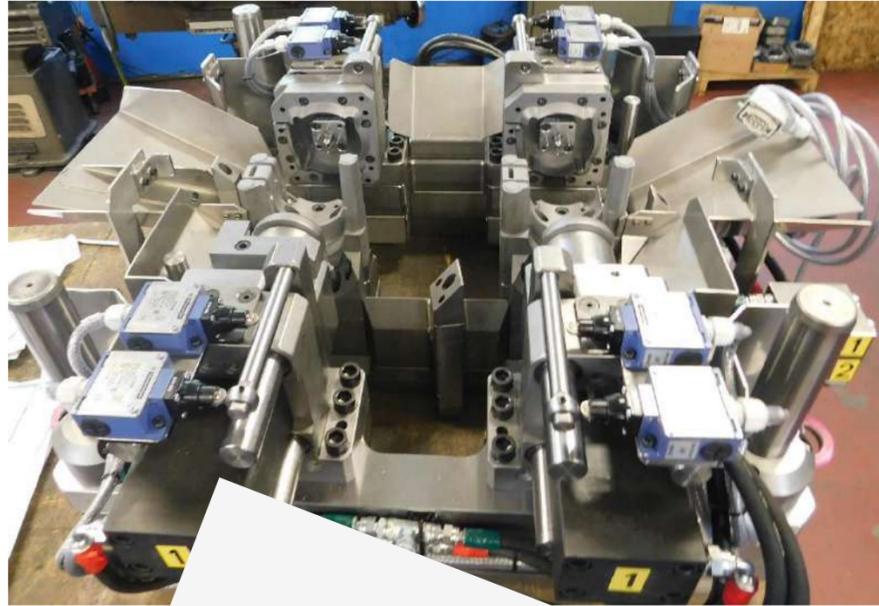

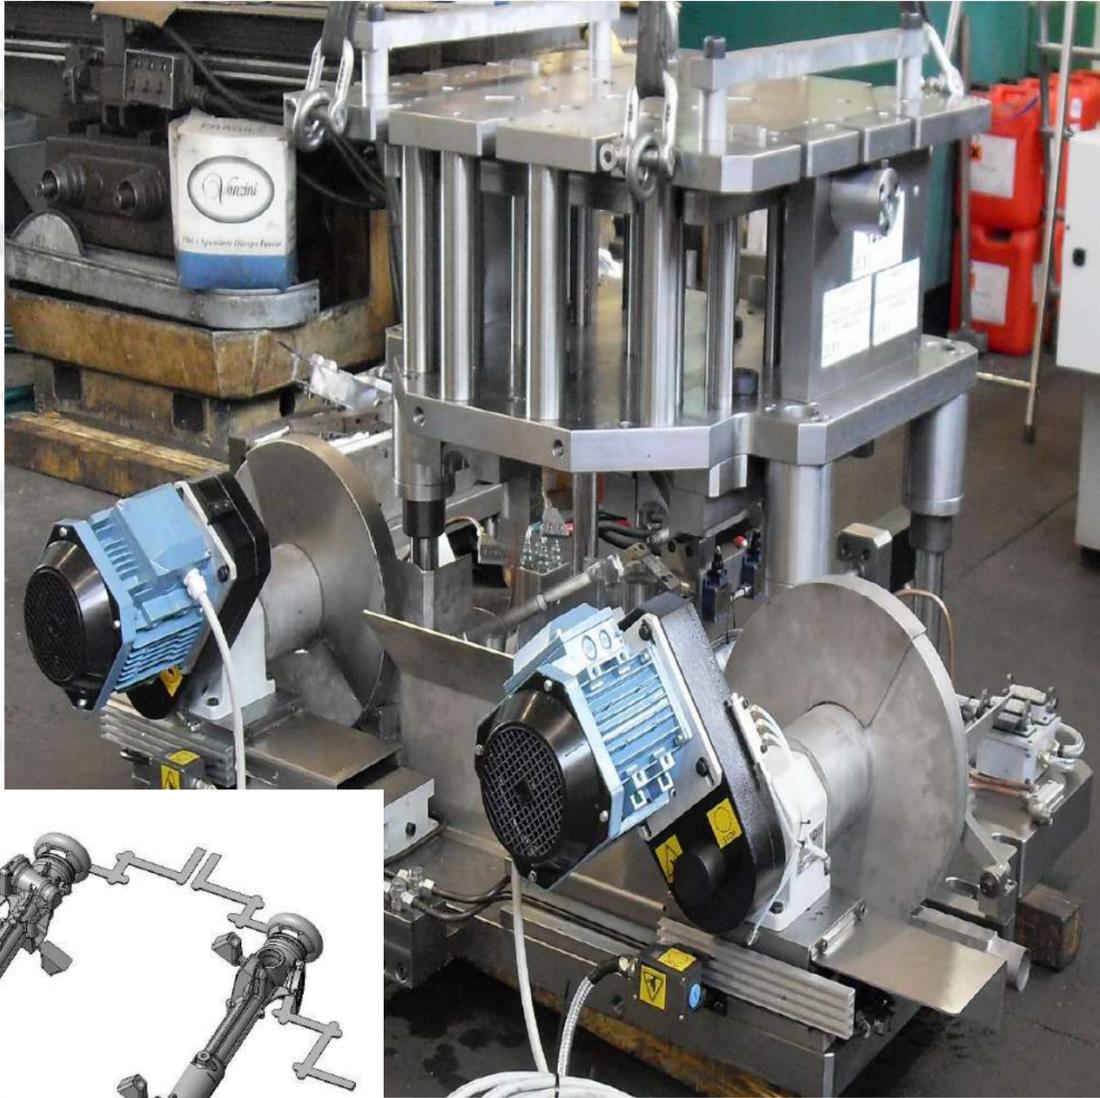

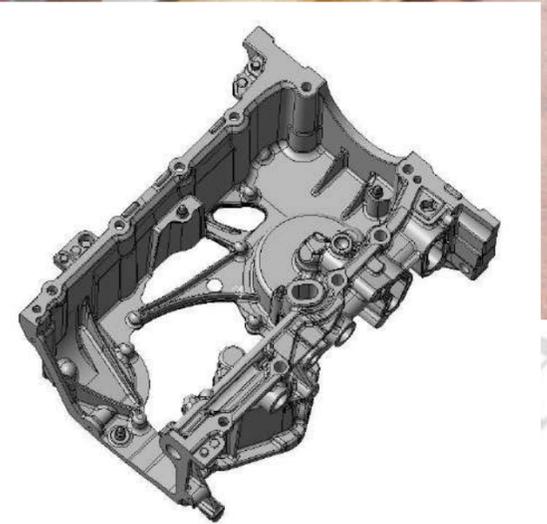

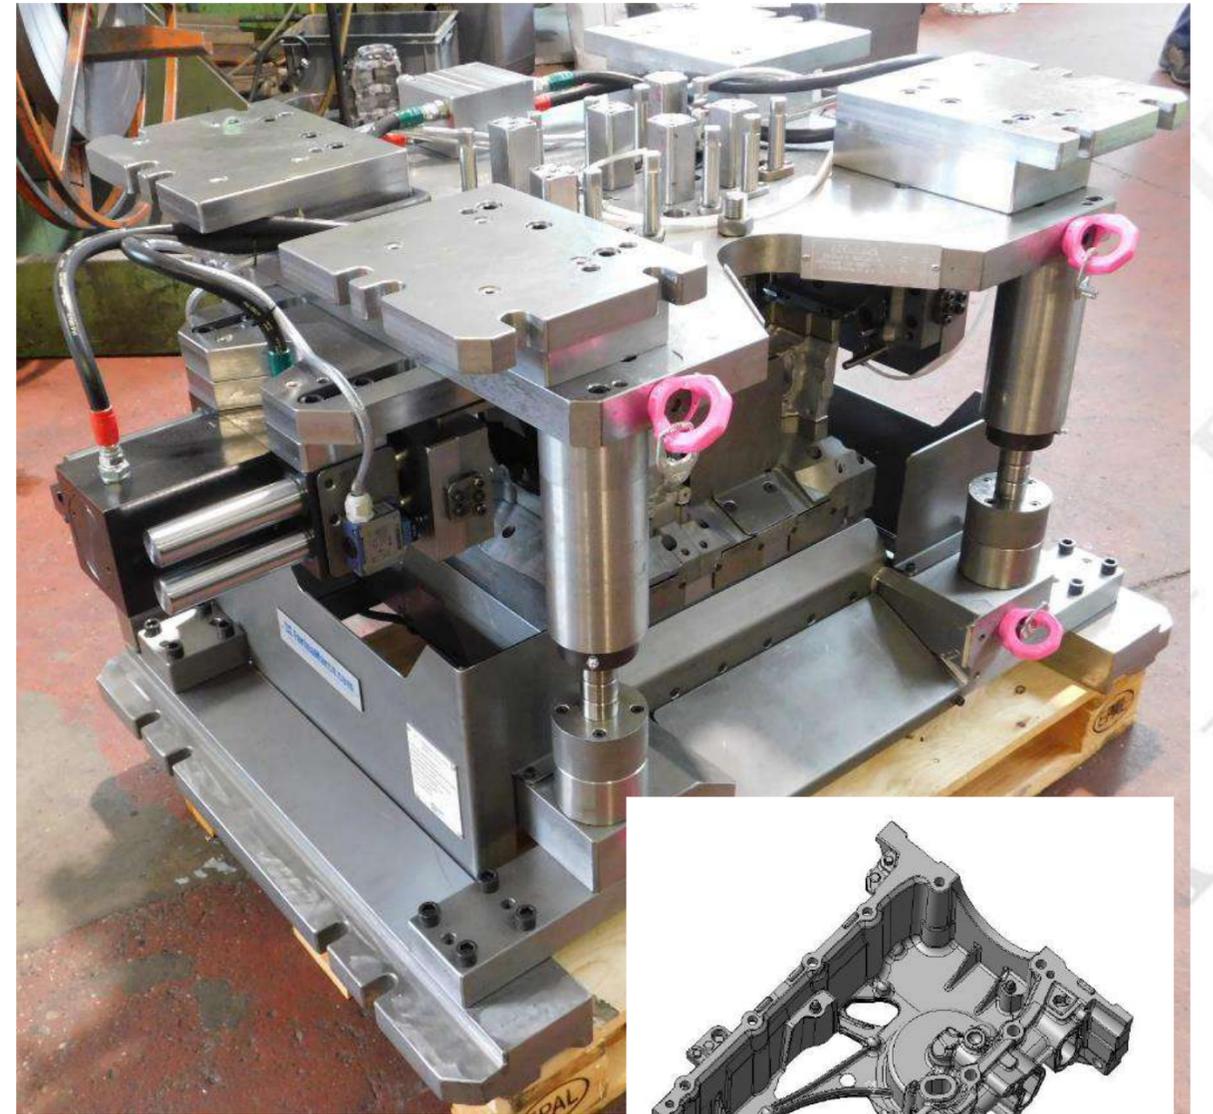

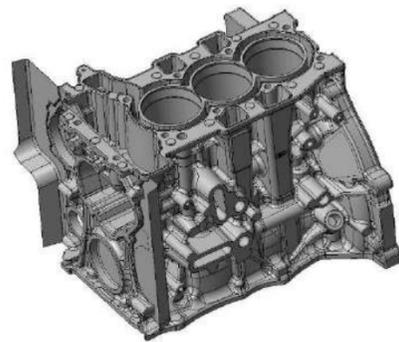

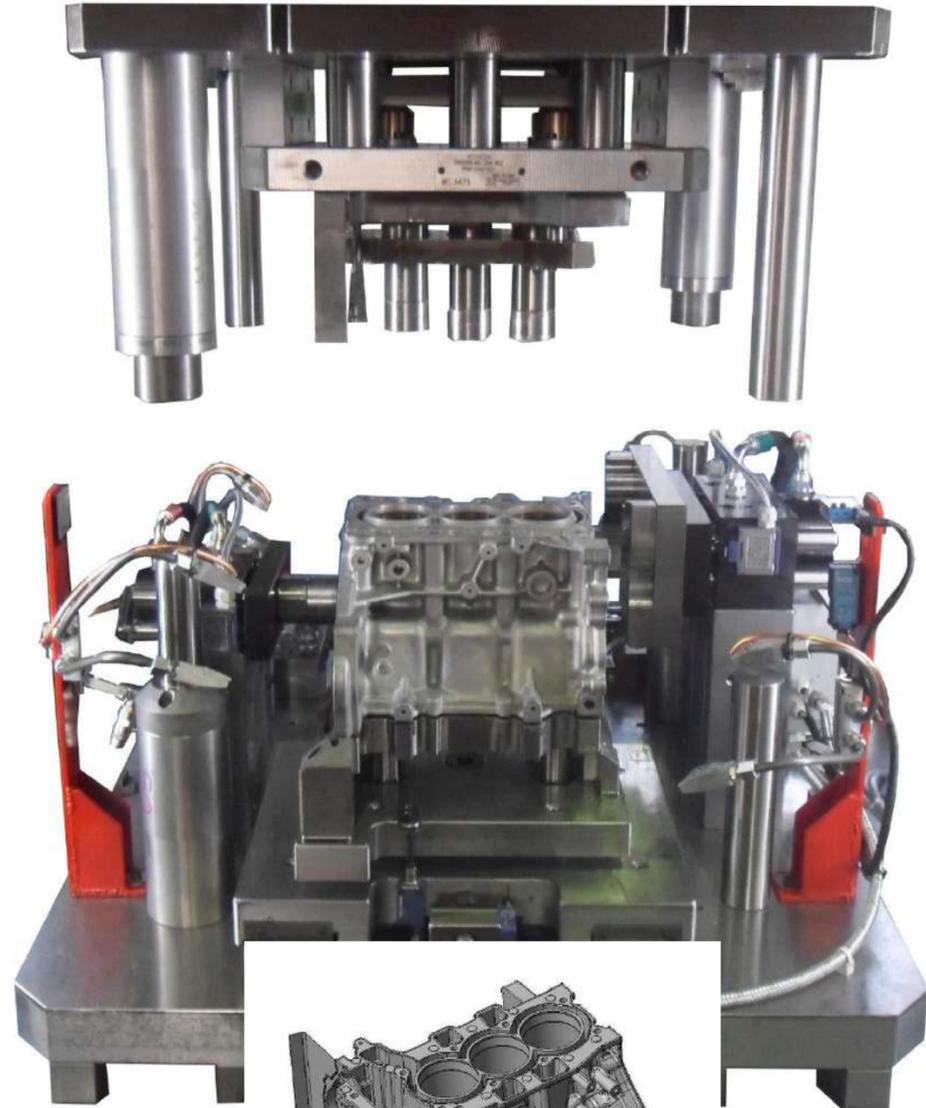

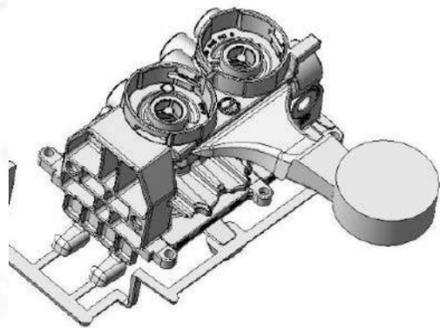

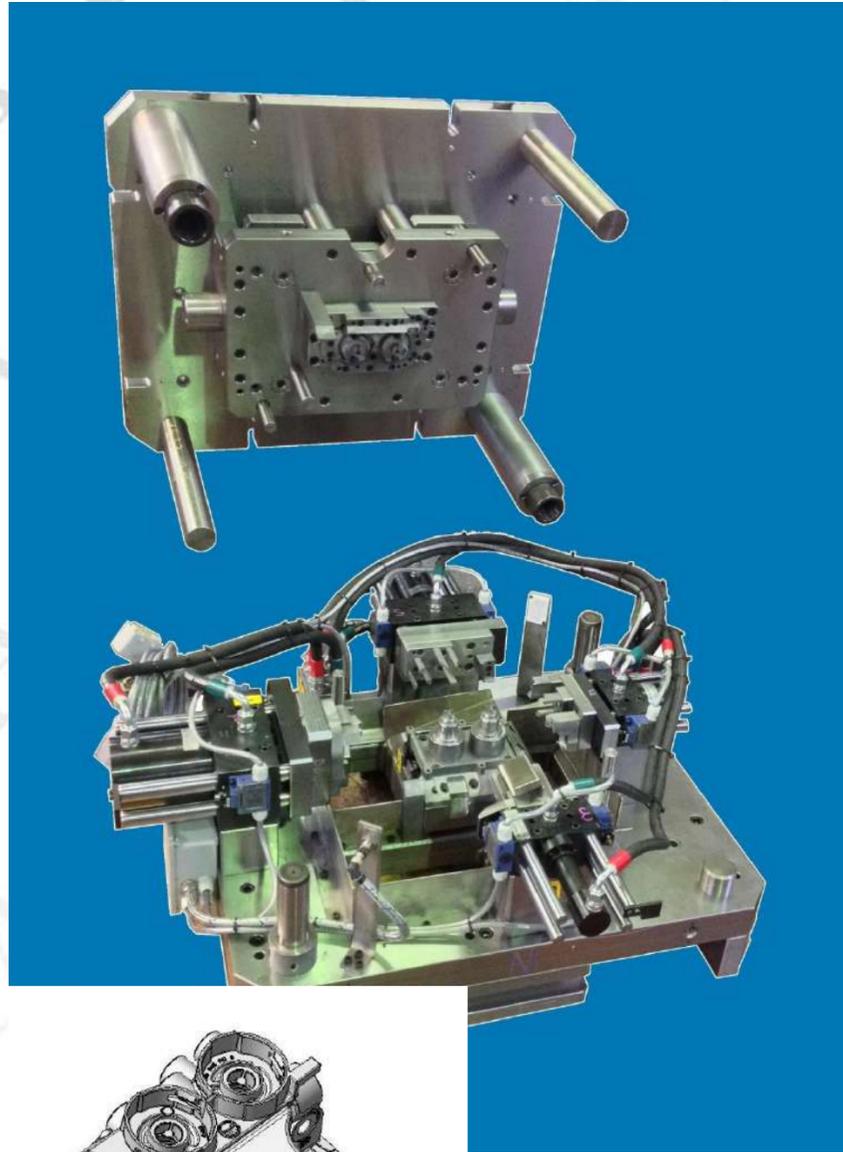

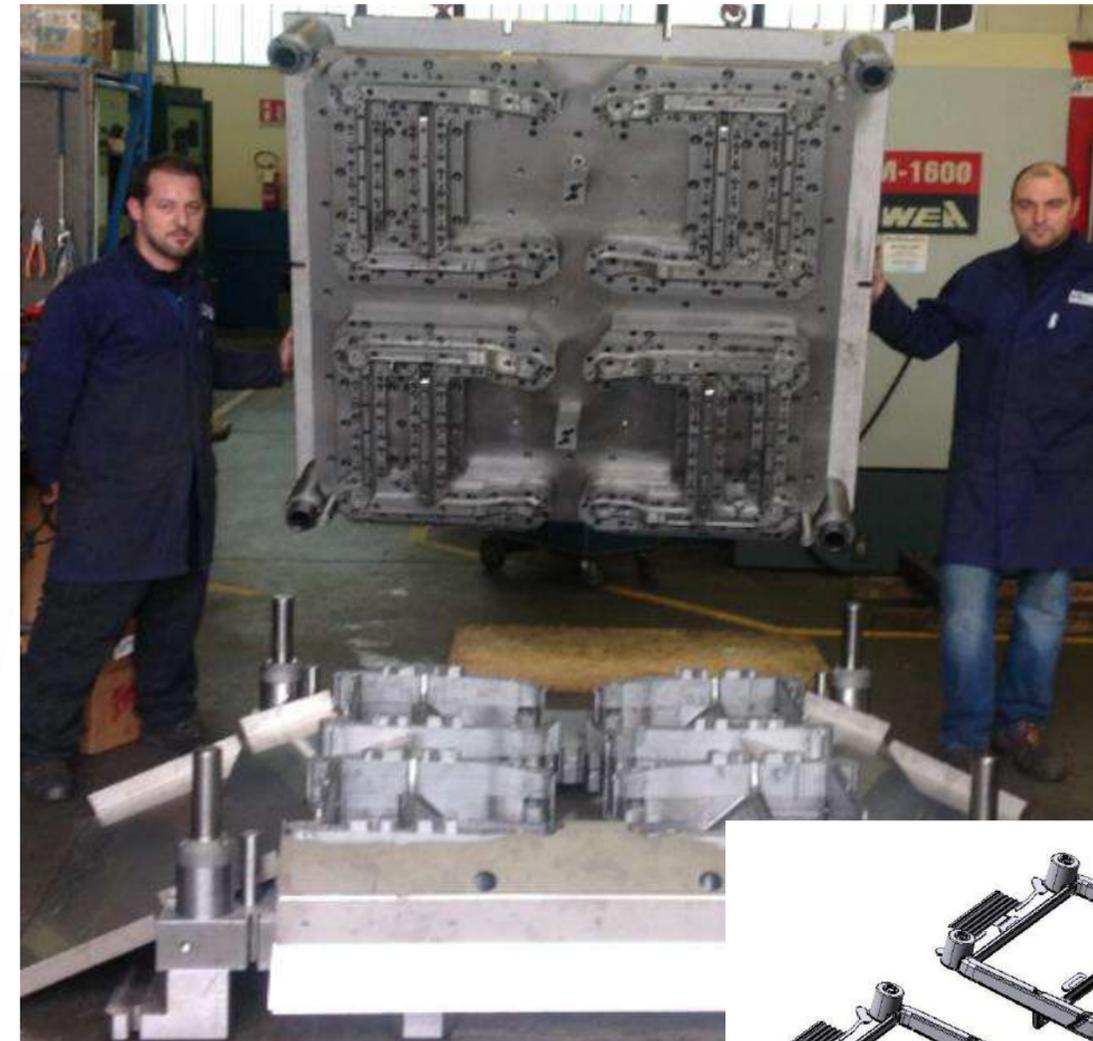

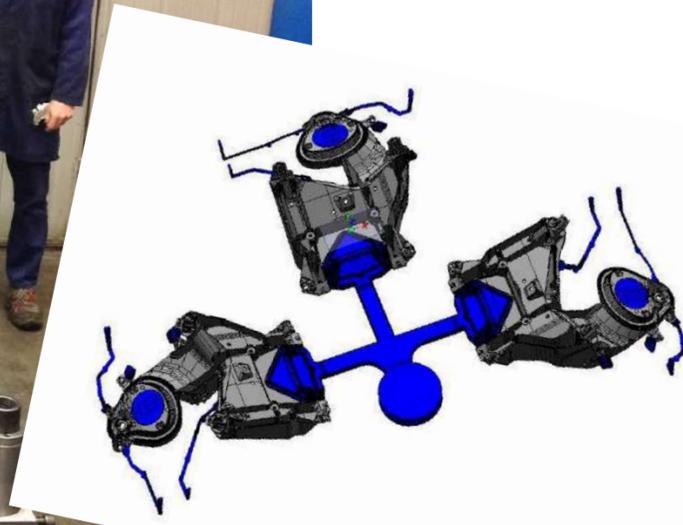

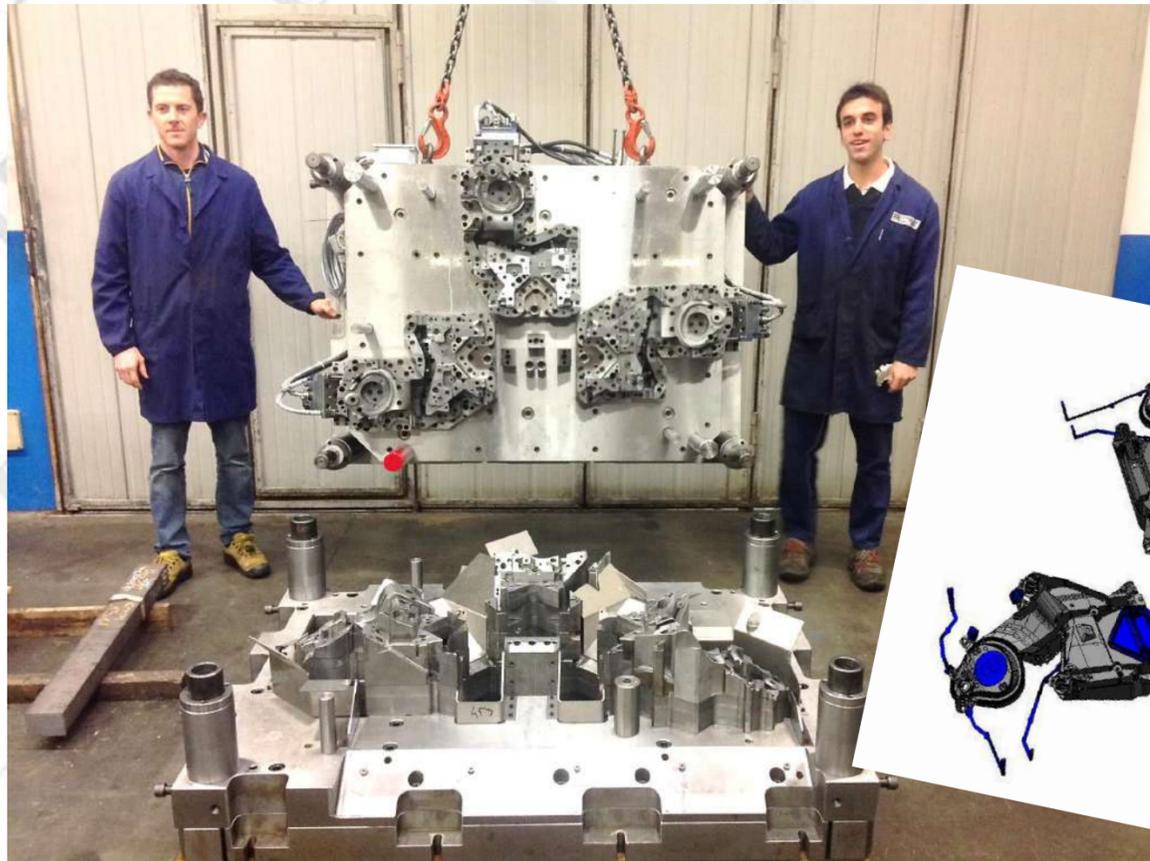

Testing with in house trimming press
TECNOPRES 80 TON

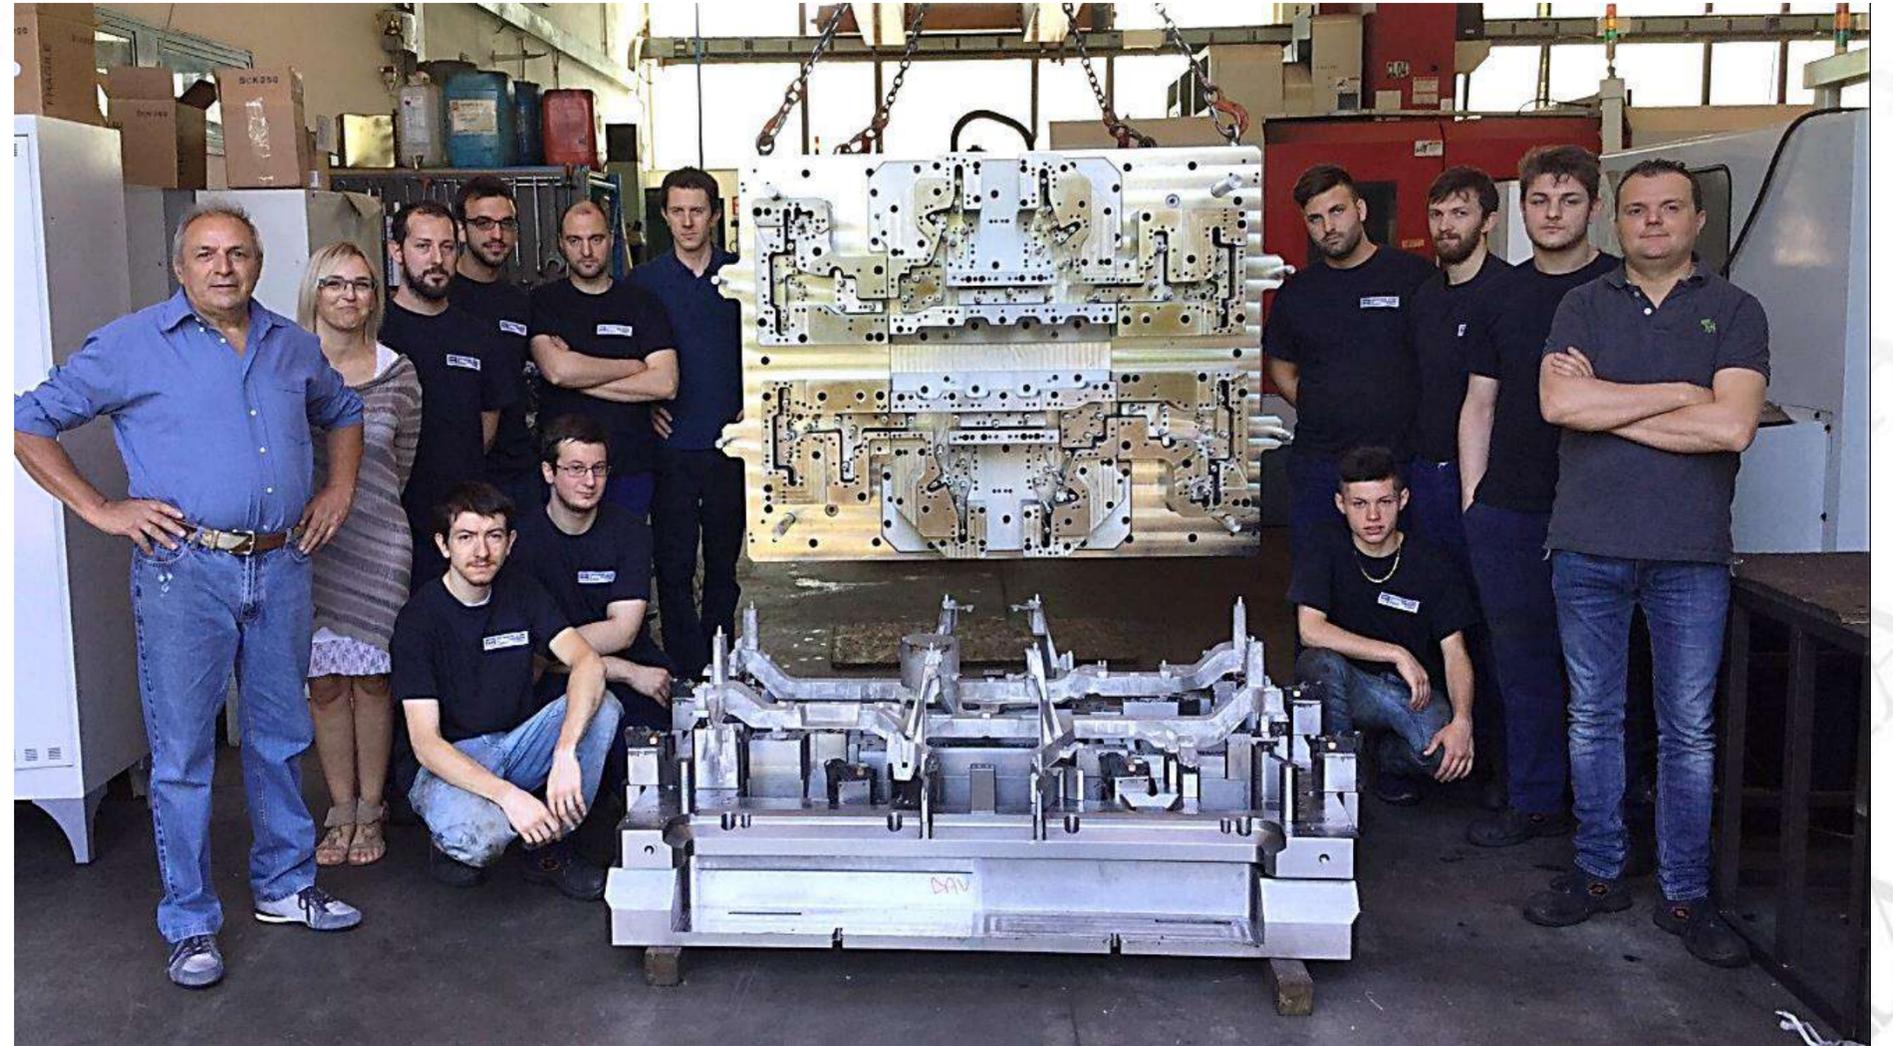

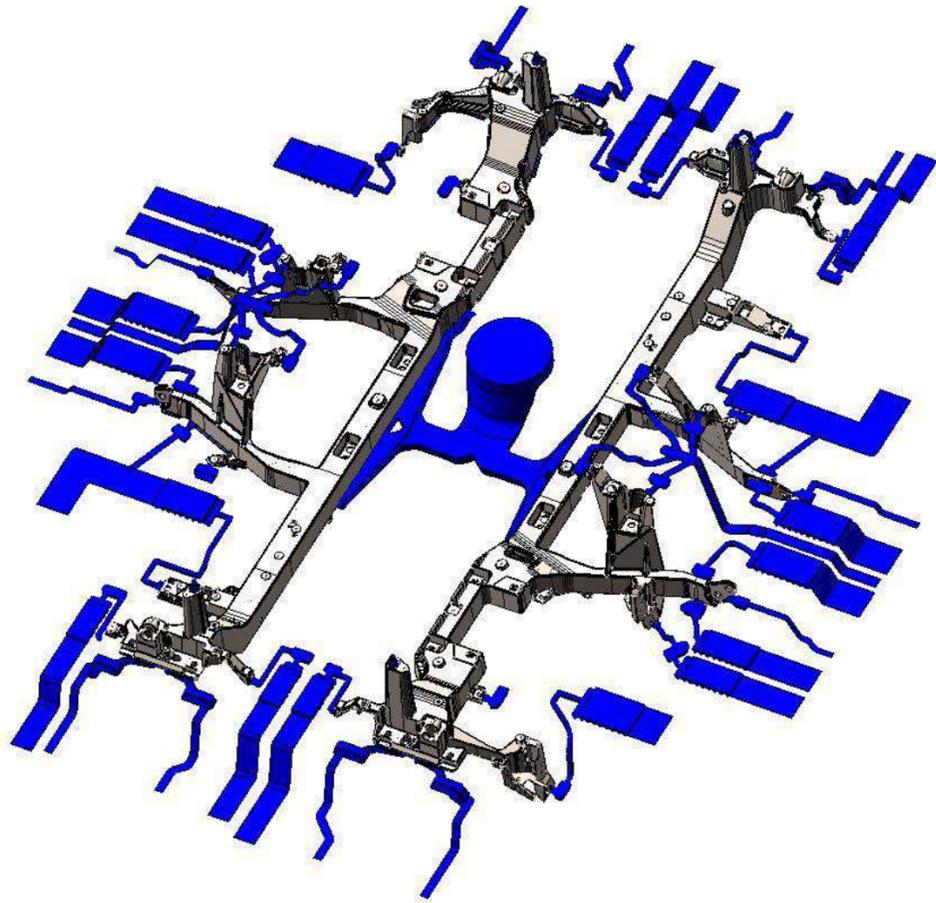

Nr. 03 cavity trimming tool for MAGNESIUM
- Nr. 03 Hydraulic slides
5000 Kg 2000x1500

Nr. 02 cavity trimming tool for MAGNESIUM

- Nr. 10 Mechanical slides
- Nr. 02 tapping unit

8000 Kg 2000x1700

SPECIAL MACHINES

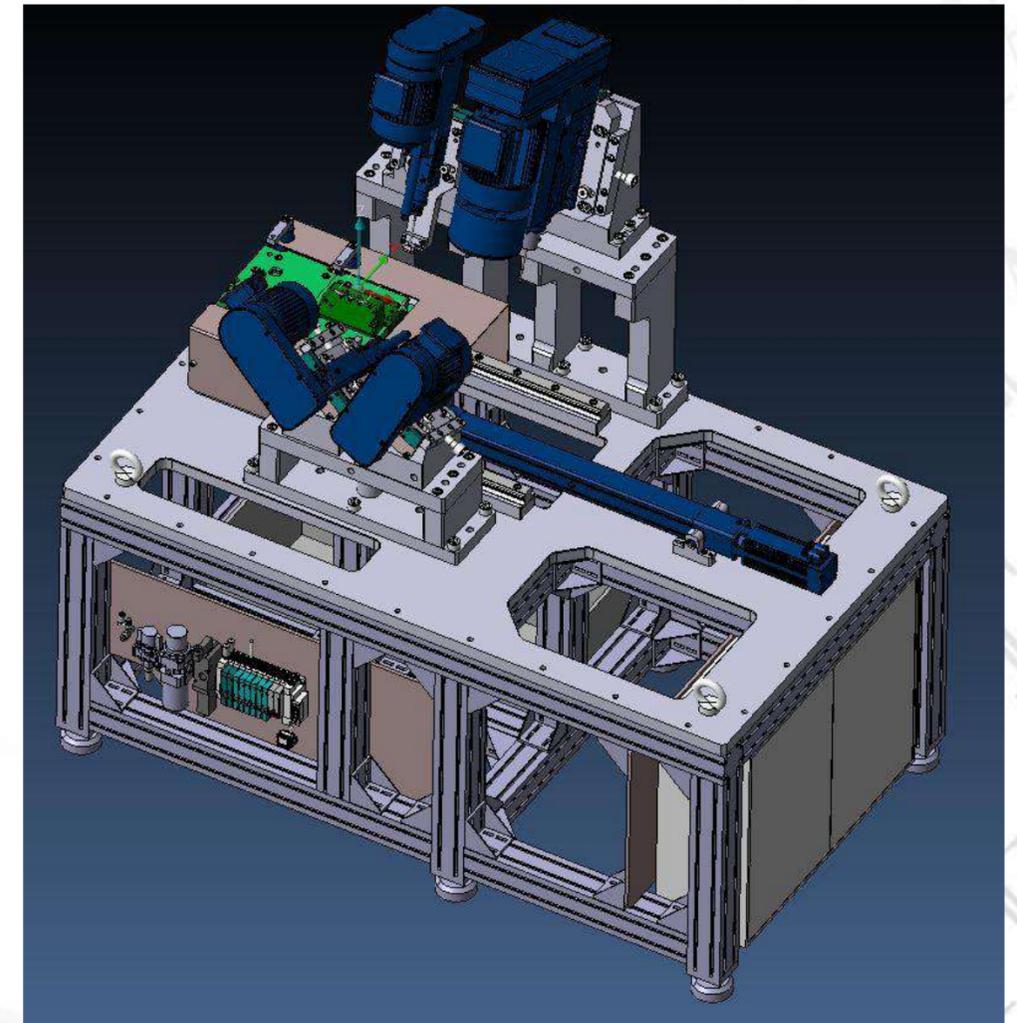

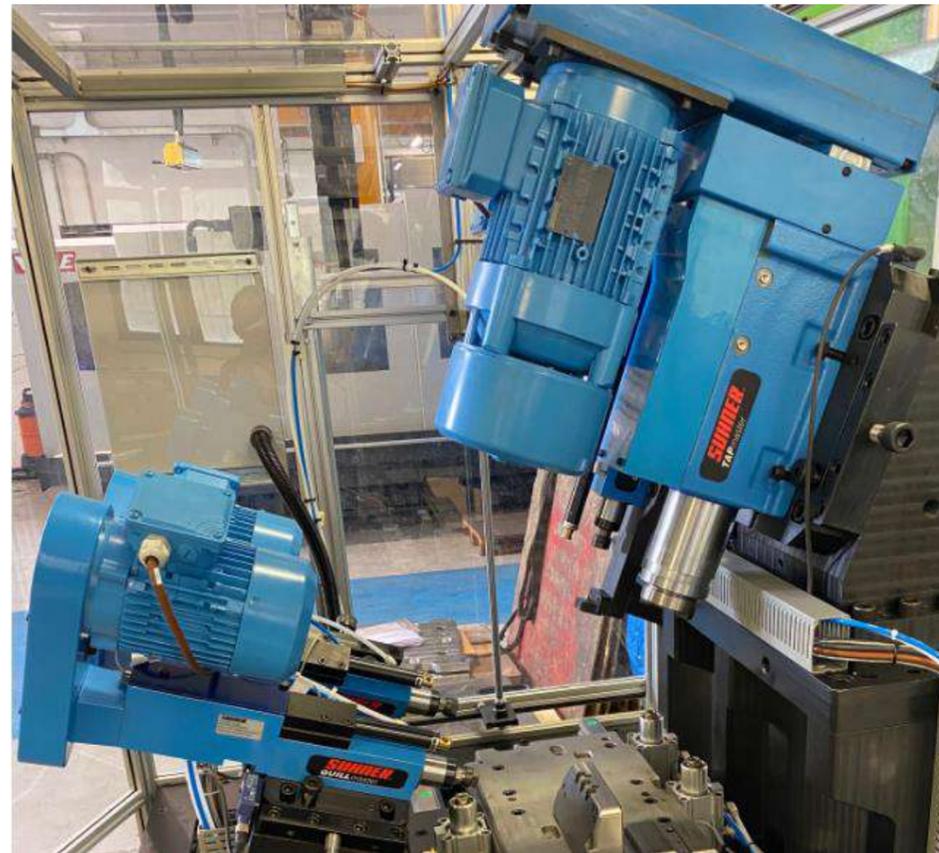

Drilling , tapping, sawing

Drilling + tapping machine Aluminum casting

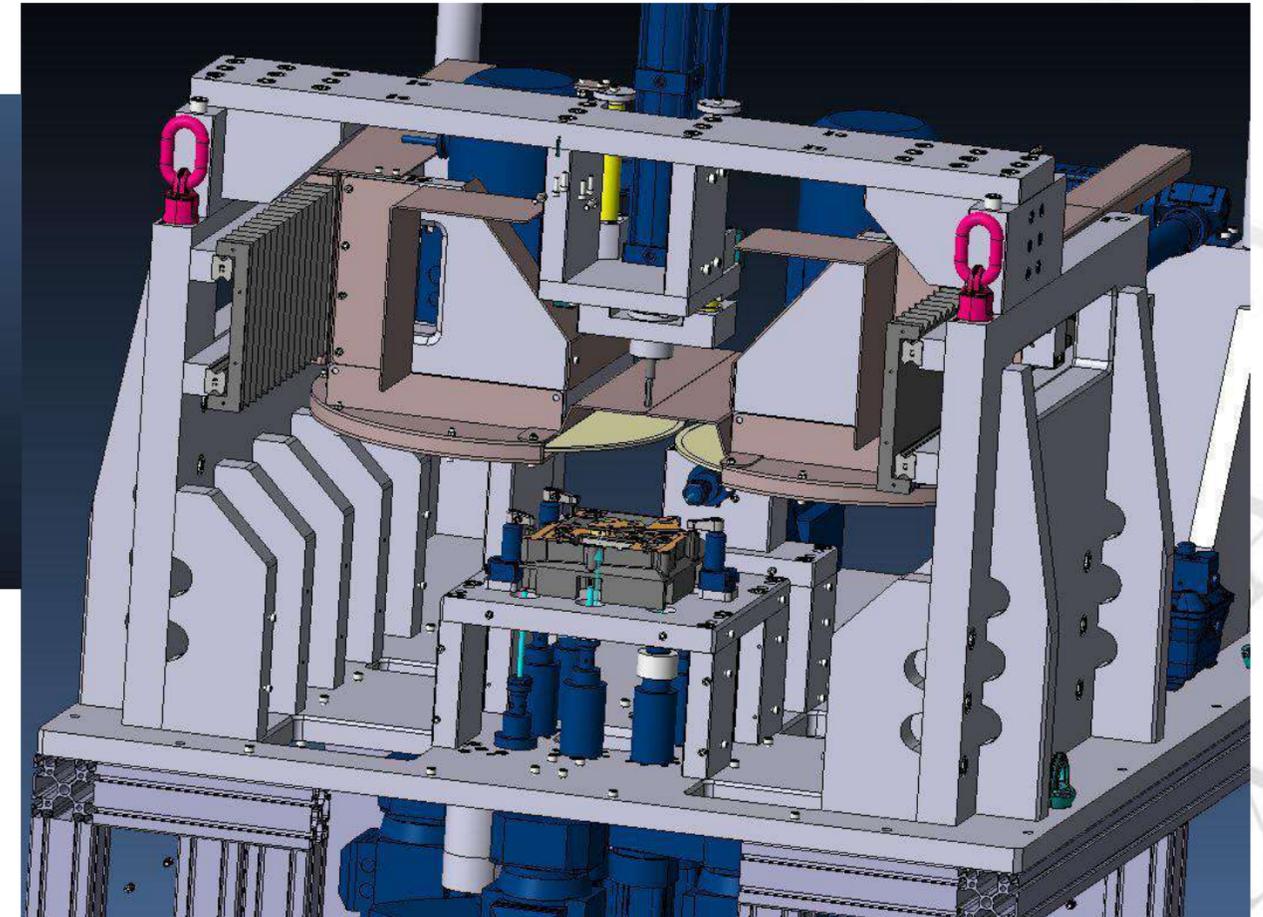

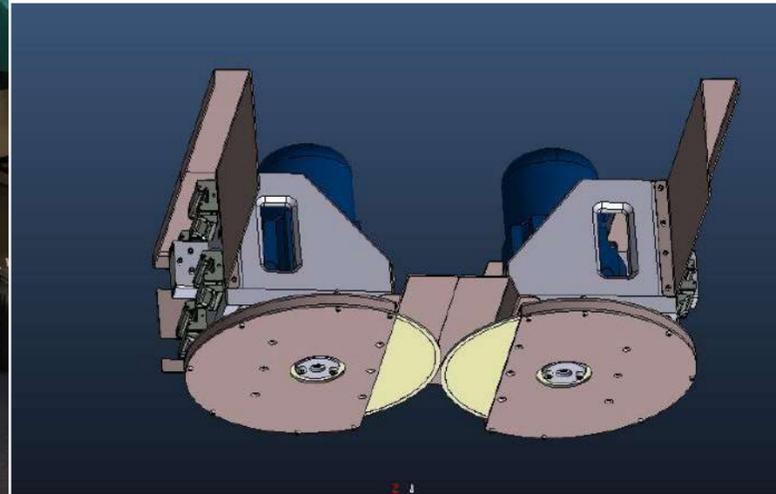

- Nr. 03 drilling units
- Nr. 02 tapping unit
- Nr. 01 slide to load and position part in 04 different steps

Drilling + Sawing + punching machine Aluminum casting

- Nr. 06 + 01 drilling units
- Nr. 02 sawing units moved by electric slides
- Nr. 01 punching unit with hydropneumatic Cylinder

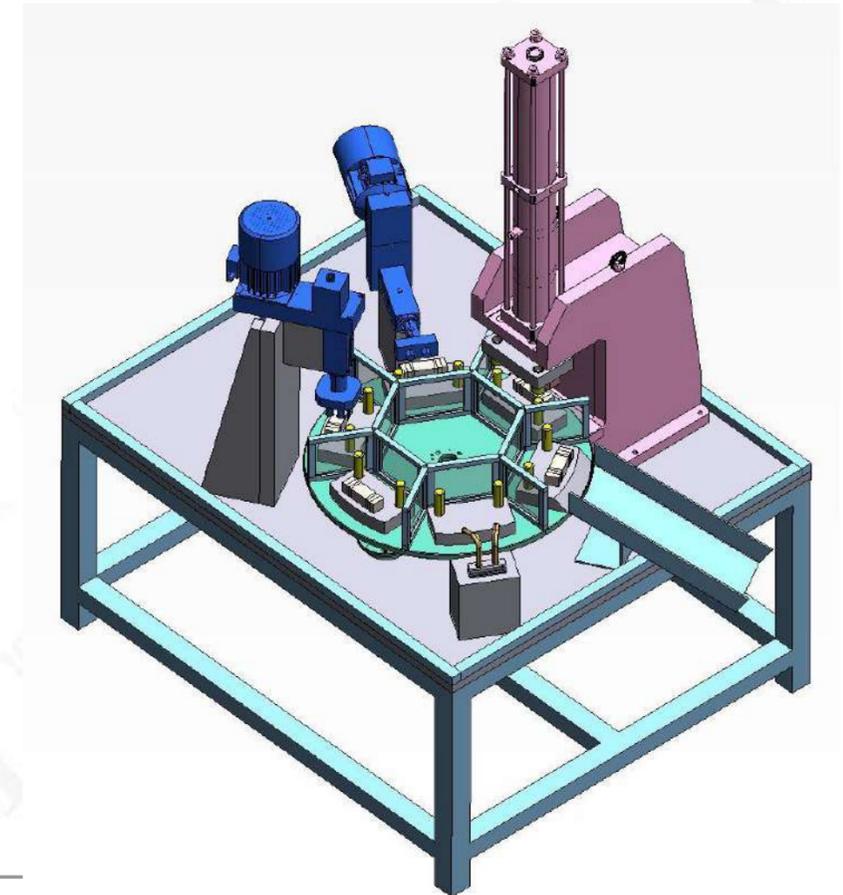

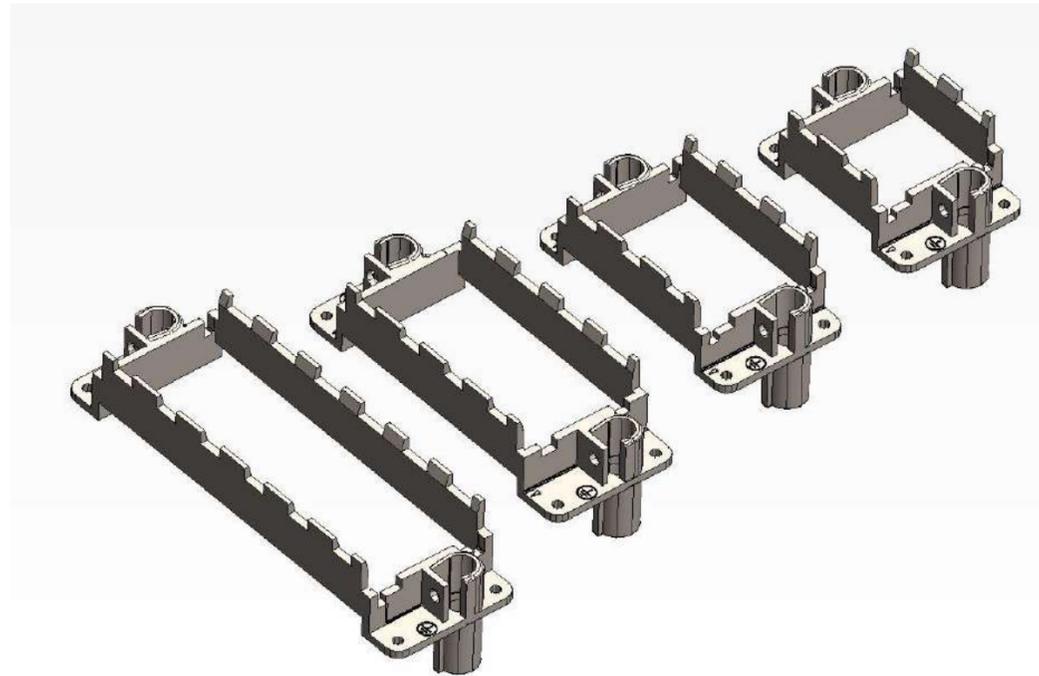

Drilling + tapping + punching machine zink components

- Nr. 01 rotating electric table
- Nr. 04 different part version with easy regulation
- Nr. 01 drilling unit with multiple head 02 drills
- Nr. 01 tapping unit with multiple head 04 drills
- Nr. 01 punching unit with hydropneumatic Cylinder

Thank you!
