

MIO CAT LITTER WITH ACTIVATED CARBON

Strong Clumping • Effective Odor Control • Clean Paws

Mio cat litter is made from natural bentonite minerals and offers high absorbency for superior litter box performance. When it comes into contact with liquid, it quickly forms strong clumps, making cleaning easier while keeping the litter box fresh for longer. With advanced odor control, it effectively traps unpleasant smells and provides a more hygienic environment for your cat. Its natural structure and high-performance formula make it an ideal solution for both cats and their owners.

Key Features about Mio Cat Litter

- Natural and environmentally friendly
- Super clumping
- Odour control
- Easy to dispose of
- Superior absorbency
- 99% Dust free • Keeps tray dry
