

ROTARY EUROPE IS DIN ISO 9001 CERTIFIED!

We at Rotary Europe GmbH are thrilled to announce that our company has successfully achieved DIN ISO 9001 certification for the first time. For us and our German based production of Trimmer Lines, this is another milestone in our commitment to consistently delivering top quality to our customers.

We have been assessed and certified as meeting the requirements of ISO 9001:2015 for the following activities:

- Manufacture of Trimmer Lines and trading of Spare- and Wearing Parts as well as Accessories for Outdoor Power Equipment Products within Sales Region EMEA.
